Letaya 72 X 36 X 18 In

Letaya Metal Storage Cabinet Instruction Manual

Model: 72 X 36 X 18 In (H x W x D)

Brand: Letaya

INTRODUCTION

Thank you for choosing the Letaya Metal Storage Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new storage cabinet. Designed for durability and versatility, this cabinet features a reinforced steel frame, adjustable shelves, and a secure locking mechanism, making it suitable for various environments such as offices, homes, schools, kitchens, and garages.

SAFETY INFORMATION

Always ensure the cabinet is leveled for stability. Use the adjustable feet to achieve this. Always secure the cabinet with the three-point lock system when in use to prevent unauthorized access or accidental opening.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged:

- 1 X Metal Storage Cabinet (disassembled panels)
- 1 X Installation Instruction Manual (paper)
- 1 X Installation Tool (screwdriver)
- Keys for the locking mechanism
- Adjustable feet

- Magnetic door catches
- Wall anchoring hardware

ASSEMBLY INSTRUCTIONS

This metal storage cabinet is designed for straightforward assembly. A detailed paper instruction manual is included in the package. For visual guidance, please refer to the official assembly video below. It is recommended to have a battery-powered screwdriver (not impact type) for easier assembly.

Video: Official assembly guide for the Letaya Metal Storage Cabinet. This video demonstrates the step-by-step process of putting the cabinet together, including attaching panels, installing shelves, and securing the locking mechanism.

Key Assembly Steps:

1. Unpack all components and verify against the parts list in the paper manual.
2. Assemble the base and top panels, ensuring all screws are tightened securely.
3. Attach the side panels to the base and top.
4. Install the back panel.
5. Insert the adjustable shelf clips into the desired slots on the side panels.
6. Place the shelves onto the clips.
7. Attach the doors, ensuring proper alignment.
8. Install the locking mechanism and handles.
9. Adjust the leveling feet to ensure stability on uneven surfaces.
10. For added safety, use the provided hardware to mount the cabinet to a wall.

OPERATING INSTRUCTIONS

Adjusting Shelves:

The cabinet features 5 adjustable shelves, allowing for customized storage configurations. To adjust a shelf, simply remove the shelf clips from their current position and reinsert them into the desired slots along the side panels. Ensure all four clips are securely in place before placing items on the shelf.

Locking Mechanism:

The cabinet is equipped with a three-point lock system for enhanced security. Insert one of the two provided keys into the lock on the right door and turn to engage or disengage the locking rods. Ensure the doors are fully closed before locking. The left door is secured by an internal latch that engages with the right door when closed.

Magnetic Door Closure:

The cabinet doors feature magnetic catches to ensure they remain closed when unlocked, minimizing noise and providing a neat appearance.

MAINTENANCE

To maintain the appearance and longevity of your Letaya Metal Storage Cabinet, wipe surfaces with a dry cloth. Avoid using abrasive cleaners or harsh chemicals that could damage the powder-coated finish. Regularly check the stability of the cabinet and adjust the leveling feet as needed. Ensure the locking mechanism operates smoothly; if it becomes stiff, a small amount of lubricant can be applied to the keyhole.

TROUBLESHOOTING

Cabinet is Wobbly:

Ensure the cabinet is placed on a flat, even surface. Use the adjustable feet at the bottom of the cabinet to level it. Turn the feet clockwise or counter-clockwise until the cabinet is stable.

Doors Do Not Close Properly:

Check if the cabinet is level. Uneven surfaces can cause door misalignment. Verify that all assembly screws are tightened. If the doors are still misaligned, gently adjust the hinges or the cabinet frame as needed. Ensure no items inside the cabinet are obstructing the doors.

Lock is Stiff:

Apply a small amount of graphite lubricant or a silicone-based spray lubricant into the keyhole. Avoid oil-based lubricants as they can attract dust.

SPECIFICATIONS

Feature	Detail
Brand	Letaya
Model Number	Letaya (Generic)
Color	White
Material	Metal (High-Quality Cold Rolled Steel)
Product Dimensions (D x W x H)	18"D x 36"W x 72"H
