OPERATING INSTRUCTIONS

Your Polibi sofa bed offers multiple configurations for various needs.

Converting to Chaise Lounge:

1. Locate the pull-out handle or strap at the front base of the sofa.
2. Gently pull the hidden section outwards. The smooth wheels will facilitate this movement.
3. Once fully extended, the additional seating area forms a chaise lounge.

Converting to Sleeper Bed:

1. First, convert the sofa to the chaise lounge configuration as described above.

2. Adjust the backrest to a fully flat position (180°). This can be done by pushing the backrest forward slightly and then reclining it backward until it lays flat.
3. The combined extended section and flattened backrest create the sleeper bed.

Adjusting the Backrest:

- The backrest has 3 adjustable levels.
- To adjust, push the backrest slightly forward until you hear a click, then recline it to your desired angle. Repeat to cycle through the positions.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Polibi sofa bed.

- **Cleaning:** For general cleaning, vacuum regularly with a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild, water-based cleaning agent (cleaning code "W") and test on an inconspicuous area first. Do not saturate the fabric.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading of the chenille fabric.
- **Heat Sources:** Keep the sofa away from direct heat sources like radiators or fireplaces.
- **Moving:** When moving the sofa, lift it rather than dragging to prevent damage to the legs and frame.
- **Inspection:** Periodically check all screws and fasteners to ensure they are tight. Re-tighten if necessary.
