### 1.2 Key Features

- **Stable Construction:** Features a sturdy, black powder-coated frame with a four-legged base, supporting up to 370 lbs.
- **Cozy Lounger:** Includes soft padded cushions, lumbar, and headrest pillows for enhanced comfort.
- **All-Weather Design:** Wrapped with durable all-weather wicker rattan and water-resistant cushion fabric, suitable for various weather conditions.
- **Versatile Placement:** Ideal for gardens, patios, balconies, bedrooms, and living rooms.
- **Easy Assembly & Cleaning:** Designed for straightforward assembly (approx. 30 minutes for two people) with removable, machine-washable cushion covers.

## 2. SAFETY INSTRUCTIONS

Please read and understand all instructions before assembling and using the YITAHOME Egg Chair. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the chair on a flat, stable surface to prevent tipping.
- Do not exceed the maximum weight capacity of 370 lbs.
- Keep small children and pets away from the assembly area.

- Periodically check all bolts and connections to ensure they remain tight.
- Avoid placing the chair near open flames or extreme heat sources.
- When moving the chair, lift it rather than dragging to prevent damage to the frame and flooring.

### 3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts listed below are present. If any parts are missing or damaged, please contact YITAHOME customer support.

| Component                | Quantity | Description                                             |
|--------------------------|----------|---------------------------------------------------------|
| Egg Chair Frame Sections | 3        | Main wicker frame sections (as seen in assembly videos) |
| Top Frame Connector      | 1        | Connects the top sections of the frame                  |
| Base/Legs                | 1        | Four-legged metal base with adjustable feet             |
| Seat Cushion             | 1        | Large padded cushion for the seat area                  |
| Back Cushion             | 1        | Padded cushion for the backrest                         |
| Side Cushions            | 2        | Padded cushions for the armrests                        |
| Headrest Pillow          | 1        | Small rectangular pillow with ties                      |
| Hardware Pack            | 1        | Bolts, washers, nuts, Allen wrench, wrench              |

*Note: The exact number of bolts may vary, but typically around 11-12 total screws are used for assembly.*

### 4. SETUP (ASSEMBLY INSTRUCTIONS)

Assembly is straightforward and typically takes about 30 minutes with two people. All necessary tools are included.

#### 4.1 Unpacking

Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches.

*Image: All components of the YITAHOME Egg Chair laid out on a clean surface, ready for assembly.*

## 4.2 Frame Assembly

1. Connect the three main wicker frame sections. These sections are designed to fit together and are secured with bolts. Ensure the black caps are removed to access the screw holes.
2. Attach the top frame connector piece to the assembled frame sections using the provided hardware.
3. Secure the four-legged metal base to the bottom of the assembled wicker frame. The legs typically screw into designated points on the frame.
4. Tighten all bolts using the provided Allen wrench and wrench. Ensure all connections are firm and stable.

## RUST-RESISTANT BLACK LEGS

Adjustable metal feet is rust resistant to protect against moisture for outdoor use

*Image: Close-up view of the rust-resistant black metal legs with adjustable feet, showing the sturdy base design.*

### 4.3 Cushion Placement

5. Place the large seat cushion onto the base of the chair.
6. Position the back cushion against the rear of the chair frame.
7. Place the two side cushions into the armrest areas.
8. Tie the headrest pillow to the upper part of the wicker frame using its attached ties. Adjust its height for optimal comfort.

*Image: The YITAHOME Egg Chair fully assembled with all cushions in place, ready for use.*

## 5. OPERATING (USAGE GUIDELINES)

---

The YITAHOME Egg Chair is designed for versatile use in various environments.

- **Indoor Use:** Place the chair in living rooms, bedrooms, or sunrooms to create a cozy reading nook or relaxation spot.
- **Outdoor Use:** Suitable for patios, balconies, gardens, and poolside areas. While designed for all-weather, consider covering or storing indoors during extreme weather conditions to prolong its lifespan.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 370 lbs.
- **Comfort Adjustment:** Adjust the headrest pillow by re-tying it to different heights on the wicker frame to suit your preference.

# WEATHER-RESISTANT RATTAN

- Water-resistant
- Sun-proof
- Wind-proof

## 6. MAINTENANCE

Proper care will ensure the longevity and appearance of your YITAHOME Egg Chair.

### 6.1 Cleaning

- **Cushions:** The cushion covers are water-resistant and removable for easy cleaning. They are machine-washable. Refer to the care label on the cushions for specific washing instructions.
- **Frame:** Wipe the wicker rattan and metal frame with a damp cloth and mild soap. Rinse thoroughly and dry completely to prevent water spots or rust.
- **Spills:** For spills on cushions, blot immediately with a clean, dry cloth. For stubborn stains, remove the cover and machine wash.

## COMFY HEADREST PILLOW

Allows to rest your head on it and chill out in the most comfortable way

Image: Illustration showing the removable and easy-to-clean cushion cover, emphasizing convenience for maintenance.

## 6.2 Storage

- During prolonged periods of non-use or harsh weather, it is recommended to store the cushions indoors.
- If storing the entire chair outdoors, use a weather-resistant furniture cover to protect it from elements.

## 7. TROUBLESHOOTING

If you encounter any issues with your YITAHOME Egg Chair, refer to the common problems and solutions below.

### 7.1 Assembly Difficulties

- **Misaligned Holes:** Some users have reported slight misalignment of screw holes. Apply gentle pressure or slightly adjust the frame sections to align the holes. It may require two people for easier alignment.
- **Screws Not Long Enough:** Ensure you are using the correct screws for each connection as per the manual. If issues persist, contact customer support for replacement hardware.
- **Loose Connections:** Double-check that all bolts are fully tightened. Over time, connections may loosen and require re-tightening.

### 7.2 Cushion Issues

- **Cushions Blowing Away:** As cushions are lightweight, especially in windy conditions, consider adding non-slip mats underneath or securing them with additional ties if used outdoors.
- **Cushions Not Fluffy Enough:** Allow cushions to fully expand after unpacking. Gently fluff them by hand to restore their shape.
