

Oraimo OHM-U02

Oraimo OHM-U02 Ultrasonic Cool Mist Humidifier Instruction Manual

Brand: Oraimo | Model: OHM-U02

1. IMPORTANT SAFETY INSTRUCTIONS

To ensure safe operation and prevent damage, please read and follow all instructions carefully before using the Oraimo OHM-U02 Humidifier.

- Always place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not place the humidifier directly on carpet or rugs.
- Use only clean, cool tap water or distilled water. Do not use hot water.
- Do not add water directly into the base unit. Only fill the water tank.
- The humidifier is equipped with an automatic shut-off feature that activates when the water level is low or the water tank is lifted. This ensures safety and prevents damage to the unit.
- Keep the humidifier out of reach of children and pets.
- Ensure the power adapter is securely plugged into a suitable electrical outlet. The unit operates on 24 Volts.
- The product is BPA-free and certified by FCC and ETL for your health and safety.

2. PACKAGE CONTENTS

- 1 x Oraimo OHM-U02 Ultrasonic Cool Mist Humidifier
- 1 x Power Adapter
- 1 x User Manual

3. PRODUCT DIAGRAM

Familiarize yourself with the components of your Oraimo OHM-U02 Humidifier:

Safe and Easy to Use

Water shortage auto shut-off,
24V safe voltage

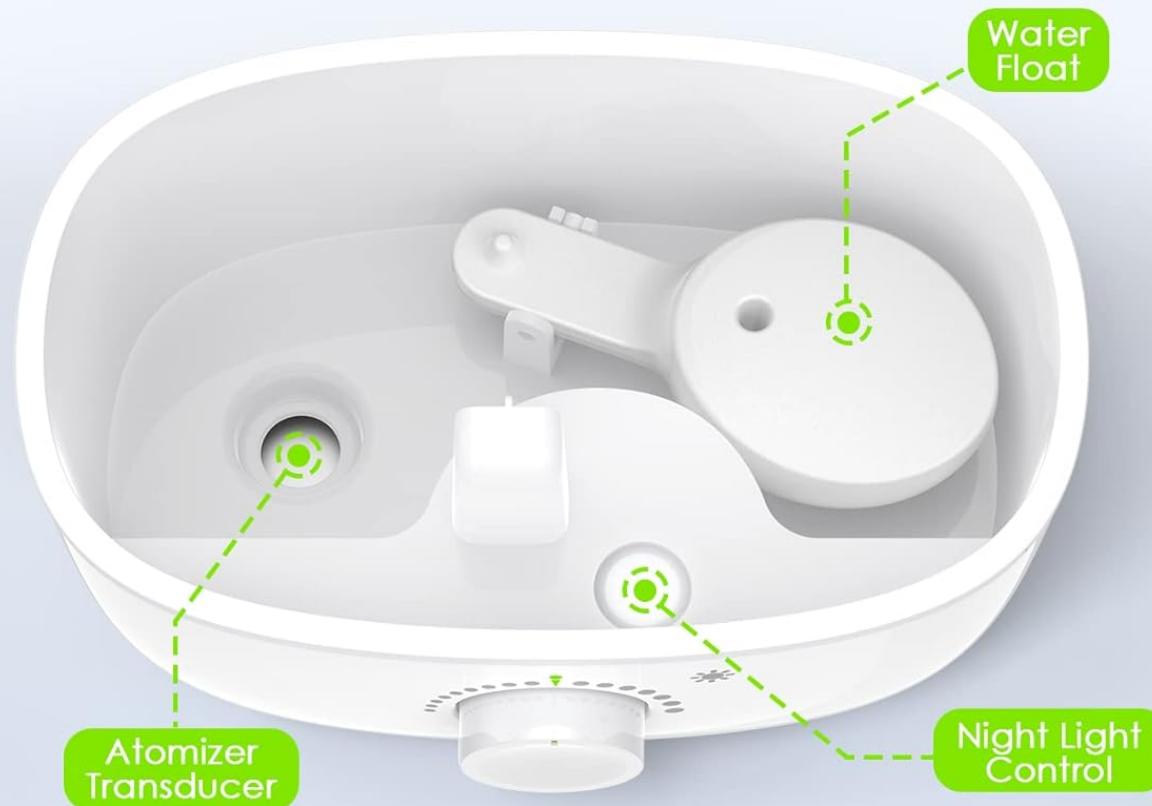

Figure 1: Internal components including Water Float, Atomizer Transducer, and Night Light Control.

Figure 2: Product dimensions: 9.4"H x 8.1"W x 5.6"D.

- **Water Tank:** Holds up to 2.5 liters of water.
- **Base Unit:** Contains the control knob, atomizer, and night light.
- **Mist Nozzle:** 360° rotatable for directing mist.
- **Control Knob:** Adjusts mist output and turns the unit on/off.
- **Night Light Button:** Controls the 7-color ambient light.
- **Essential Oil Tray:** Integrated for aromatherapy.

4. SETUP

4.1 Placement

Place the humidifier in your desired location, such as a bedroom, nursery, or office. Ensure it is on a stable, flat surface away from direct sunlight or heat sources. The humidifier is suitable for areas up to 270 square

feet.

4.2 Filling the Water Tank

Figure 3: Easy top-fill design for convenient water refilling.

1. Remove the top cover of the humidifier.
2. Pour clean, cool tap water or distilled water directly into the water tank. Do not exceed the maximum fill line indicated on the tank.
3. Replace the top cover securely.

4.3 Adding Essential Oils

2 IN 1 Humidifier & Diffuser

Enjoy your favorite scent

Figure 4: The humidifier also functions as an essential oil diffuser.

The Oraimo OHM-U02 features an integrated essential oil diffuser. You can add a few drops of your preferred essential oil directly into the water tank along with the water. The mist will then carry the fragrance into the air.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off and Mist Output Adjustment

Figure 5: Overview of key features including quiet operation and aromatherapy.

1. Plug the power adapter into an electrical outlet.
2. Turn the control knob clockwise to power on the humidifier. The mist will begin to emit from the 360° rotatable nozzle.
3. Continue turning the knob clockwise to increase the mist output. Turn counter-clockwise to decrease the mist output.
4. To turn off the humidifier, turn the control knob counter-clockwise until it clicks to the 'OFF' position.

5.2 Night Light Function

Colorful Night Light

Soft night light for extra comfort

Figure 6: The humidifier offers a colorful night light for added comfort.

Press the night light button to cycle through the 7 available colors or to turn the light off. This feature can be used independently of the humidifying function.

5.3 Quiet Operation

26dB Ultra Quiet

Silent humidification, sleep soundly

Figure 7: The humidifier operates at a low noise level of 26 decibels, ideal for quiet environments.

The Oraimo OHM-U02 operates at a low noise level of 26 decibels, ensuring a quiet environment suitable for bedrooms, nurseries, and offices without disturbance.

5.4 Automatic Shut-off

The humidifier is designed to automatically shut off when the water tank is empty or when the tank is removed from the base. This safety feature prevents the unit from running dry and ensures energy efficiency.

6. MAINTENANCE

Regular cleaning is essential to prevent mineral buildup and ensure optimal performance and hygiene of your humidifier.

6.1 Daily Maintenance

- Empty and rinse the water tank daily.
- Wipe the base unit dry with a clean cloth.

6.2 Weekly Cleaning

The top-fill design with a large opening makes deep cleaning easy.

1. Unplug the humidifier and remove the top cover.
2. Empty any remaining water from the tank and base.
3. Fill the water tank halfway with water and add 2 tablespoons of white vinegar. Swish the solution around and let it soak for 30 minutes.
4. Use a soft brush or cloth to clean the inside of the tank and the atomizer in the base unit.
5. Rinse both the tank and base thoroughly with clean water until the vinegar smell is gone.
6. Dry all parts completely before reassembling or storing.

6.3 Storage

When not in use for an extended period, clean the humidifier thoroughly as per weekly cleaning instructions, ensure all parts are dry, and store it in a cool, dry place.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	Low water level; Mineral buildup on atomizer; Unit not properly assembled.	Refill water tank; Clean atomizer with vinegar solution; Reassemble unit correctly.
Unusual odor	Dirty water or tank; New unit odor.	Clean tank and change water; Run unit in a well-ventilated area for a few hours.
Water leakage	Tank not seated correctly; Overfilled tank.	Ensure tank is properly seated; Do not fill past max line.
Humidifier turns off unexpectedly	Water tank is empty; Tank is lifted.	Refill water tank; Ensure tank is securely placed on the base.
