DENZED Smart Hot Compress Massager

DENZED Smart Hot Compress Massager User Manual

Model: Smart Hot Compress Massager

Introduction

Thank you for choosing the DENZED Smart Hot Compress Massager. This device is designed to provide relief for joint pain and stiffness through a combination of vibration, heating, infrared, and laser therapies. Please read this manual carefully before use to ensure safe and effective operation.

Safety Warnings

IMPORTANT SAFETY INFORMATION: This product is not a medical device and is not recommended for medical use. Consult a healthcare professional for any medical conditions or concerns.

- Do not disassemble, modify, immerse in water, or dispose of in fire. This may cause damage to the product.
- Use the infrared and laser radiation functions carefully and as instructed.
- The machine will automatically shut off after 2 minutes of inactivity.
- Keep out of reach of children.
- Do not use if you have any open wounds, skin irritations, or severe medical conditions without consulting a doctor.

- 1 x USB Cord

- 1 x User Manual
- 1 x Box

Image: Contents of the DENZED Smart Hot Compress Massager package, including the main unit, USB cable, manual, and box. Dimensions are also shown.

Product Features

The DENZED Smart Hot Compress Massager offers multiple features for comprehensive joint care:

- **4-in-1 Joint Massager:** Combines vibration, heating, infrared, and laser therapies for effective relief.
- **Infrared and Laser Irradiation:** Dual light sources penetrate deep into the knee to promote blood circulation,

relieve stiffness, and enhance vitality.

- **Uniform Hot Compress:** Generates consistent warmth to activate key joint points and dispel coldness.
- **High-Frequency Vibration:** Simulates human massage to provide all-around pressure relief for the joints.
- **User-Friendly Design:** Features an enlarged LED screen, wireless operation, 100% knee-fitting contour, Type-C charging port, adjustable Velcro straps, and clear indicators.

Image: Close-up views of the massager highlighting its enlarged LED screen for easy operation, wireless design for portability, and ergonomic curved shape for a secure fit on the knee.

Product Overview (Components)

Familiarize yourself with the different parts and controls of your Smart Hot Compress Massager:

Image: Detailed diagram labeling the components of the massager, including the operating indicator, LED touch screen, heating indicator, infrared indicator, vibration indicator, laser indicator, vibration button, power button, heating button, adjusting button, vibration area, infrared light, laser light, Velcro strap, and Type-C charging port.

1. **Operating Indicator:** Shows the device's operational status.
2. **LED Touch Screen:** Displays settings and allows interaction.
3. **Heating Indicator:** Lights up when heating function is active.
4. **Infrared Indicator:** Lights up when infrared function is active.
5. **Vibration Indicator:** Lights up when vibration function is active.
6. **Laser Indicator:** Lights up when laser function is active.
7. **Vibration Button:** Short press to adjust vibration intensity.
8. **Power Button:** Long press to turn the machine on/off. Short press to turn infrared or laser on/off.
9. **Heating Button:** Short press to adjust temperature.
10. **Adjusting Button:** (Likely refers to the Velcro strap for fit adjustment, or a general adjustment button if not specified elsewhere).

11. **Vibration Area:** The internal area where vibration occurs.
12. **Infrared Light:** Emitters for infrared therapy.
13. **Laser Light:** Emitters for laser therapy.
14. **Velcro:** Adjustable strap for securing the device.
15. **Type-C Charging Port:** For charging the device.

Setup

1. **Charge the Device:** Before first use, fully charge the massager using the provided USB Type-C cable. Connect the cable to the Type-C charging port (15) on the device and a suitable USB power adapter (not included). The charging time is approximately 3-4 hours.
2. **Position the Device:** Secure the product around the desired joint (knee, elbow, or shoulder) using the adjustable Velcro straps (14). Ensure a snug but comfortable fit.

Operating Instructions

1. **Power On:** Long press the Power Button (8) to turn on the device and enter automatic mode. The Operating Indicator (1) will light up.
2. **Infrared/Laser Control:** Short press the Power Button (8) to toggle the infrared (4) or laser (6) functions on or off.
3. **Adjust Vibration Intensity:** Short press the Vibration Button (7) to cycle through different vibration intensity levels. The Vibration Indicator (5) will show the active level.
4. **Adjust Temperature:** Short press the Heating Button (9) to cycle through different temperature settings for the hot compress. The Heating Indicator (3) will show the active level.
5. **Automatic Shut-off:** The device will automatically turn off after 2 minutes of inactivity to conserve battery and for safety.
6. **Power Off:** Long press the Power Button (8) again to manually turn off the device.

Maintenance

- **Cleaning:** Wipe the device with a soft, damp cloth. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** Store the massager in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, charge the device regularly, even if not in frequent use. Avoid fully discharging the battery for extended periods.

Troubleshooting

If you encounter any issues with your DENZED Smart Hot Compress Massager, please refer to the following common solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or not charged.	Charge the device fully using the provided USB cable. Ensure the power button is long-pressed.
Vibration/Heating/Infrared/Laser not working.	Function not activated or incorrect setting.	Short press the respective function button (Vibration, Heating, Power for Infrared/Laser) to activate or adjust.
Device turns off unexpectedly.	Automatic shut-off due to inactivity or low battery.	The device automatically shuts off after 2 minutes of inactivity. If it's not due to inactivity, charge the device.
Discomfort during use.	Too tight fit or intensity too high.	Adjust the Velcro straps for a looser fit. Reduce vibration intensity or heating temperature. Discontinue use if discomfort persists.

Specifications

Feature	Detail
Item Type	Smart Knee Relaxation Massager
Color	White
Rated Voltage	3.7V
Input Current	DC 5V = 2A
Battery Capacity	3000 mAh
Charging Time	3-4 hours
Continuous Working Time	1-2 hours
Weight	275 g
Special Features	Wireless, Heat
Target Body Part	Knee (also suitable for Elbow, Shoulder)
Water Resistance Level	Not water resistant
