

Ruvati RVA1580

Ruvati Multi-function Workstation Organizer and Caddy (Model RVA1580) Instruction Manual

INTRODUCTION AND OVERVIEW

The Ruvati Multi-function Workstation Organizer and Caddy, Model RVA1580, is designed to enhance the functionality and organization of your kitchen workstation sink. This accessory provides a dedicated space for essential kitchen tools, helping to maintain a tidy and efficient workspace. It integrates seamlessly with compatible Ruvati sinks, offering convenient storage for cutting boards, a soap dispenser, and knives.

PRODUCT COMPONENTS

The Ruvati RVA1580 Workstation Organizer and Caddy includes the following items:

- **Workstation Organizer/Caddy:** Constructed from T-304 grade stainless steel for durability and rust resistance.
- **Dish Sponge Tray:** Made of T-304 grade stainless steel.
- **Knife Block:** Crafted from solid Sapele wood, featuring slots for one large and two small knives.
- **Soap Dispenser:** A functional dispenser for liquid soap.
- **Black Plastic Cleaning Brush:** Included for cleaning sink corners and ledges.

This image displays all components included with the Ruvati RVA1580 Multi-function Workstation Organizer and Caddy. It features the main stainless steel wire caddy, a black soap dispenser, a small stainless steel tray for sponges, a Sapele wood knife block with three slots, and a black plastic cleaning brush.

COMPATIBILITY

The Ruvati RVA1580 Workstation Organizer and Caddy is specifically designed for use with **Ruvati single-tier LedgeFit workstation sinks**. It is not compatible with dual-tier Ruvati sink models or sinks manufactured by other brands. Please verify your sink model to ensure proper fit and function.

SETUP AND INSTALLATION

Placing the Organizer

Carefully position the stainless steel caddy onto the integrated ledge of your compatible Ruvati workstation sink. Ensure it sits securely and is stable before placing any items inside.

The Ruvati RVA1580 caddy is shown here from an angled perspective, demonstrating how the black soap dispenser and the Sapele wood

knife block fit securely within its stainless steel frame.

Installing Accessories

The caddy is designed to hold the included accessories. Insert the dish sponge tray, Sapele wood knife block, or soap dispenser into the designated slots within the caddy. Note that if you are storing cutting boards in the caddy, there is typically enough space to use one of these three accessories at a time, allowing you to rotate them based on your immediate needs.

These images demonstrate the Ruvati RVA1580 caddy in a sink, showcasing its ability to hold a cutting board alongside either the black soap dispenser or the stainless steel sponge tray.

OPERATING INSTRUCTIONS

Storing Cutting Boards

The caddy is designed to securely hold up to two cutting boards vertically, keeping them elevated and allowing them to air dry. This frees up valuable counter space and helps maintain kitchen hygiene.

This image illustrates the Ruvati RVA1580 caddy positioned within a workstation sink. It effectively stores two cutting boards vertically, with knives neatly placed in the integrated Sapele wood knife block.

Using the Soap Dispenser

Fill the included soap dispenser with your preferred liquid soap. Place it in the caddy's designated slot for easy access during dishwashing or hand cleaning.

Using the Knife Block

The Sapele wood knife block provides a safe and convenient storage solution for up to three knives (one large, two small). Insert knives carefully into the slots, ensuring blades are fully enclosed.

Utilizing the Sponge Tray

The stainless steel sponge tray can be placed in the caddy to hold sponges, scrubbers, or other small cleaning tools, allowing them to drain directly into the sink.

MAINTENANCE AND CARE

Stainless Steel Components (Caddy, Sponge Tray)

The stainless steel components are made from T-304 grade stainless steel, known for its rust resistance. To clean, use a soft cloth with mild soap and warm water. Avoid abrasive cleaners, steel wool, or harsh chemicals, as these can scratch the surface or damage the finish. Rinse thoroughly and dry with a soft cloth to prevent water spots.

Sapele Wood Knife Block

Hand wash the Sapele wood knife block with mild soap and water. Do not soak the wood or place it in a dishwasher. Dry immediately after washing. Periodically apply food-grade mineral oil to maintain the wood's condition and appearance.

Black Plastic Cleaning Brush

Rinse the cleaning brush with water after each use. For deeper cleaning, use mild soap and water. Allow it to air dry.

TROUBLESHOOTING

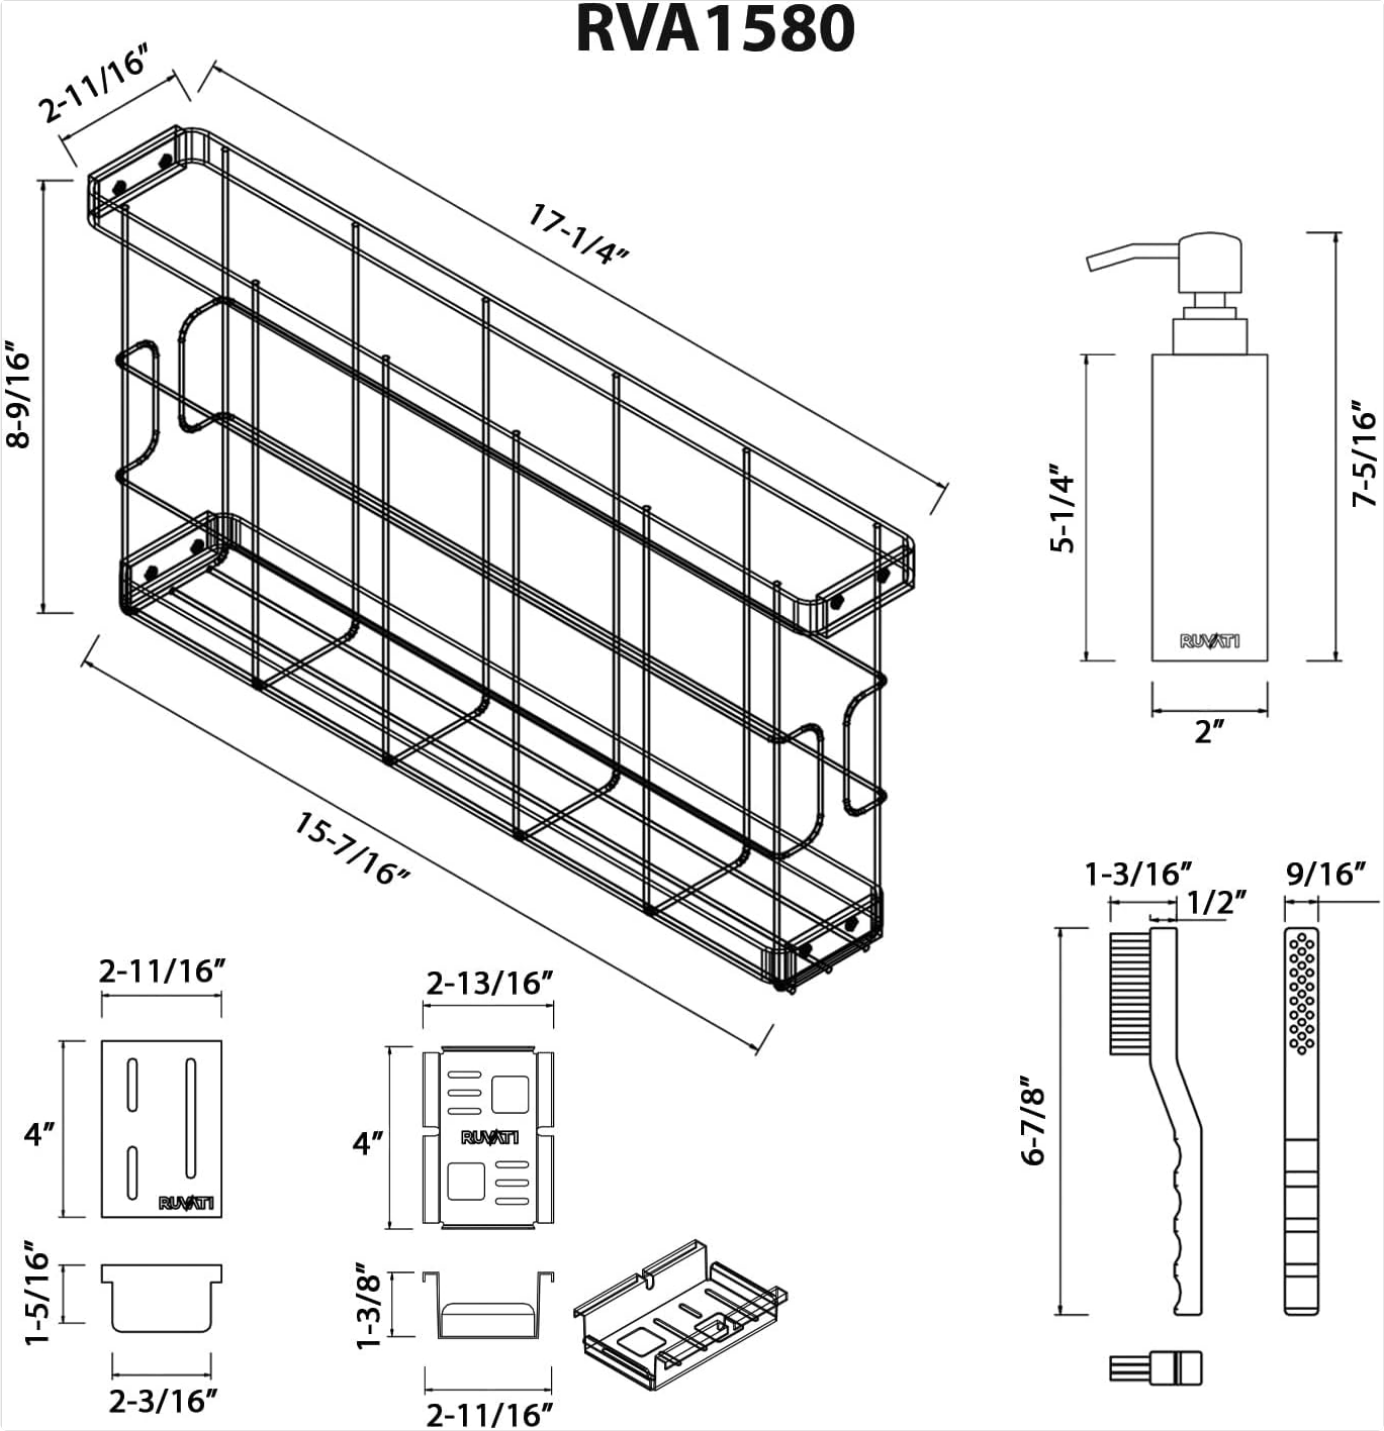

Fit Issues

If the RVA1580 organizer does not fit your sink, please verify that your Ruvati sink is a **single-tier LedgeFit model**. This accessory is specifically designed for this type of sink and is not compatible with dual-tier Ruvati sinks or sinks from other manufacturers. Refer to your sink's original documentation for model verification.

SPECIFICATIONS

Feature	Detail
Brand	Ruvati
