INTRODUCTION

Welcome to the Fire-Boltt Ninja Call Pro Smartwatch user manual. This guide provides essential information for setting up, operating, and maintaining your new smartwatch. The Fire-Boltt Ninja Call Pro is a feature-rich Bluetooth calling smartwatch designed to enhance your daily life with its 1.69-inch HD display, AI Voice Assistant, comprehensive health monitoring, and over 100 sports modes.

WHAT'S IN THE BOX

Upon unboxing your Fire-Boltt Ninja Call Pro Smartwatch, you should find the following items:

- Fire-Boltt Ninja Call Pro Smartwatch
- Charging Cable
- User Manual (this document)

What is in the box

SETUP GUIDE

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes approximately 2 hours.

2. Powering On/Off

- **To Power On:** Press and hold the side button until the Fire-Boltt logo appears.

- **To Power Off:** Press and hold the side button, then select the power off option on the screen.

3. App Installation and Pairing

To unlock all features and synchronize data, download the companion app (typically "Da Fit" as mentioned in reviews) on your smartphone. Search for "Da Fit" in your device's app store (Google Play Store for Android or Apple App Store for iOS).

1. Install the "Da Fit" app on your smartphone.
2. Open the app and follow the on-screen instructions to create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the app, navigate to "Add Device" or a similar option and select "Ninja Call Pro" from the list of available devices.
5. Confirm the pairing request on both your phone and the smartwatch.

4. Bluetooth Calling Setup

For Bluetooth calling functionality, an additional pairing step is required:

1. After initial pairing, go to your smartphone's Bluetooth settings.
2. Look for a second "Ninja Call Pro" or "FB Audio" device and connect to it. This enables the audio channel for calls.
3. Grant necessary permissions in the "Da Fit" app for contact synchronization and call history access.

OPERATING THE SMARTWATCH

Display and Navigation

The Fire-Boltt Ninja Call Pro features a 1.69-inch HD touch display with a resolution of 240x280 pixels. Navigate the watch by swiping across the screen and using the side button.

- **Swipe Up/Down:** Access quick settings or notifications.
- **Swipe Left/Right:** Cycle through widgets like activity tracking, heart rate, weather, etc.
- **Tap:** Select an option or open an application.
- **Side Button:** Press to return to the home screen or wake the display. Long press for power options.

Health Monitoring

The smartwatch offers comprehensive health tracking features:

- **SpO2 Monitoring:** Measures blood oxygen saturation levels.
- **Heart Rate Tracking:** Provides dynamic, real-time heart rate monitoring throughout the day.
- **Sleep Monitoring:** Analyzes sleep patterns, including light and deep sleep stages.
- **Activity Tracker:** Records steps, distance, and calories burned.
- **Meditative Breathing:** Guides you through breathing exercises for relaxation.

Other Smart Features

The Fire-Boltt Ninja Call Pro also includes:

- **Alarm & Stopwatch:** Essential timekeeping tools.
- **Weather Updates:** Get current weather information (requires app sync).
- **Drink Water Reminder:** Prompts you to stay hydrated.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.
- **Music Control:** Control music playback on your smartphone.
- **Camera Control:** Remotely trigger your smartphone's camera.
- **Female Health Care:** Dedicated tracking for women's health.

MAINTENANCE

Cleaning and Care

To ensure the longevity and proper functioning of your smartwatch:

- Wipe the screen and strap regularly with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials for cleaning.
- Keep the charging contacts clean and dry.

Water Resistance (IP67)

The Fire-Boltt Ninja Call Pro is IP67 water-resistant, meaning it is protected against dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use and light water exposure like hand washing or rain. However, it is not recommended for swimming, diving, or high-pressure water activities.

TROUBLESHOOTING

If you encounter any issues with your Fire-Boltt Ninja Call Pro Smartwatch, please refer to the official Troubleshooting Guide for detailed solutions. A PDF version is available for download:

[Download Troubleshooting Guide \(PDF\)](#)

Common issues and quick checks:

- **Watch not turning on:** Ensure it is fully charged.
- **Bluetooth connection issues:** Ensure Bluetooth is enabled on both devices and the watch is within range. Try restarting both the watch and your phone.
- **Notifications not appearing:** Check app permissions in your phone settings and within the "Da Fit" app. Ensure the app is running in the background.

- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
