2. Safety Information

Observe the following safety guidelines to prevent injury or damage to the product:

- **Weight Limit:** Do not place items on the desk that exceed a total weight of 43.091 kilograms (approximately 95 lbs). Exceeding this limit may cause damage to the desk or lead to instability.
- **Assembly:** Ensure all components are securely fastened according to the assembly instructions. Loose parts can cause instability.
- **Movement:** Clear the area around the desk before adjusting its height to prevent collisions with objects or persons.
- **Power:** Ensure the power cord is not pinched or damaged. Disconnect power before cleaning or maintenance.
- **Children and Pets:** Keep children and pets away from the desk during height adjustments.

3. Package Contents

Your FEZIBO Electric Standing Desk is delivered in two separate packages. Please ensure you have received both packages before beginning assembly. The packages typically arrive 1 to 2 days apart.

The following components are included:

- Standing Desk Frame (Electric Lifting Mechanism)
- Desktop Surface (55x26 Inch, Rustic Brown)
- Three Wood Drawers
- Monitor Shelf
- Assembly Instructions with Diagram
- Basic Assembly Tools
- Detachable and Lockable Casters (Optional installation)

4. Assembly Instructions

Assembly of the FEZIBO Electric Standing Desk requires careful attention to detail. Refer to the included Assembly Instructions with Diagram for step-by-step guidance. It is recommended that two people perform the assembly.

General Assembly Notes:

- Unpack all components and verify against the package contents list.
- Lay out all parts on a soft, clean surface to prevent scratches.
- Follow the diagrams precisely. Some steps may require careful interpretation.
- Ensure all screws and fasteners are tightened securely, but do not overtighten.
- The desk includes options for either stationary feet or detachable, lockable casters. Install the preferred option during assembly.

- **Up & Down Buttons:** Use these arrows for momentary height control. Press and hold to move the desk up or down.
- **Memory Presets (1, 2, 3):** The desk has 3 height memorizing features. To set a preset: Adjust the desk to your desired height, then press and hold one of the number buttons (1, 2, or 3) until the display flashes or beeps, indicating the height is saved. To recall a preset, simply press the corresponding number button.
- **Child-Friendly Memory/Screen Lock Button (S):** This button can be used to lock the control panel to prevent accidental adjustments. Consult the detailed assembly instructions for specific locking and unlocking procedures.
- **Automatic Anti-Collision Technology:** The desk is equipped with a sensor that detects obstacles during height adjustment. If an obstacle is detected, the desk will automatically stop and reverse slightly to prevent damage.

Image 5.5: The three spacious wooden drawers provide ample storage for office supplies.

6. Maintenance

To maintain the appearance and functionality of your FEZIBO Electric Standing Desk, follow these simple care instructions:

- **Cleaning:** Wipe the desk surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the laminated finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight.
- **Motor Care:** Keep the motor and lifting columns free from dust and debris. Do not attempt to lubricate the motor or internal mechanisms.
- **Weight Distribution:** Distribute weight evenly across the desktop to prevent strain on the lifting mechanism.

7. Troubleshooting

If you encounter issues with your FEZIBO Electric Standing Desk, refer to the following common problems and solutions:

7.1 Error Codes

- **E01** / **E3 Error:** These errors typically indicate an issue with the lifting mechanism, often related to resistance or an overload.
    a. Remove all items from the desk surface.
    b. Unplug the desk from the power outlet for at least 30 seconds.
    c. Plug the desk back in.
    d. Perform a reset by pressing and holding the 'Down' button until the desk reaches its lowest position and then slightly rises. Consult your specific assembly manual for detailed reset procedures.
    e. If the error persists, contact customer support.

7.2 Desk Not Adjusting Height

- Check if the power cord is securely connected to both the desk and the wall outlet.
- Ensure no obstacles are impeding the desk's movement.
- Verify that the control panel is not locked (if applicable, refer to the 'S' button function).
- Perform a reset as described for E01/E3 errors.

7.3 Drawers Not Closing Properly

- Inspect the drawer slides for any obstructions or misalignment.
- Ensure the drawer components were assembled correctly and are not loose.
- Check if any items inside the drawer are preventing it from closing fully.
