SETUP

1. Charging the Device

Before first use, fully charge the MP3 player. Connect the provided USB charging cable to the device's USB-C port and the other end to a USB power adapter (not included) or a computer's USB port. The charging indicator will show the charging status.

2. Inserting the MicroSD Card

The device comes with a 64GB MicroSD card. If it's not already inserted, gently push the MicroSD card into the card slot until it clicks into place. To remove, push the card again until it springs out.

3. Transferring Music and Files

1. Connect the MP3 player to your computer using the USB cable.
2. The device will appear as a removable disk on your computer.
3. Drag and drop your music files (MP3, WMA, WAV, APE, FLAC, etc.), e-books (TXT), and image files (JPG, BMP, GIF) into the appropriate folders on the device's MicroSD card.
4. Alternatively, you can use the included USB card reader to directly transfer files to the MicroSD card. Insert the MicroSD card into the card reader, then plug the reader into your computer.
5. Safely eject the device from your computer before disconnecting the USB cable.
