ROBOTIME RBT-DG155

ROBOTIME Kiki's Magic Emporium DIY Miniature House Kit Instruction Manual

Model: RBT-DG155

Brand: ROBOTIME

1. INTRODUCTION

This manual provides detailed instructions for assembling your ROBOTIME Kiki's Magic Emporium DIY Miniature House Kit. This 1/20 scale miniature dollhouse is part of the Mystic Archives Series, featuring intricate details such as broomsticks, magic books, crystal balls, pharaoh's eyes, and magic potions. It is designed as an engaging arts and craft project for individuals aged 14 and up.

3. SETUP AND ASSEMBLY

Assembly of the Kiki's Magic Emporium kit requires patience and attention to detail. Follow the step-by-step instructions provided in the manual, paying close attention to the clear diagrams and material lists for each component. It is recommended to work on a clean, well-lit surface.

3.1 Preparation:

- Unpack all bags and identify components using the provided labels and material lists.
- Ensure you have a pair of AAA batteries for the LED light (not included in the kit).

- Gather any additional tools that may assist in assembly, such as small wire snips, a razor blade, and miniature clothespins for holding glued pieces.

3.2 Assembly Steps:

1. Begin by assembling the base structure as indicated in the manual.
2. Carefully cut out and fold paper components according to the dotted and solid lines.
3. Assemble furniture and decorative items piece by piece, using the provided adhesive. Allow sufficient drying time for glued parts.
4. Integrate the LED lighting system as instructed. Ensure proper connection of wires to the battery box.
5. Place all assembled miniature items within the house structure to complete your Kiki's Magic Emporium.

Figure 3.3: Close-up of miniature drawers and their contents.

4. OPERATING THE LED LIGHT

The Kiki's Magic Emporium kit includes an LED lighting system to illuminate your miniature house. To operate the light:

1. Insert 2 AAA batteries into the designated battery box, typically located at the back or side of the assembled house. Ensure correct polarity.
2. Locate the small switch on the battery box.
3. Flip the switch to the 'ON' position to activate the LED light. Flip to 'OFF' to turn it off.

Video 4.1: Demonstration of the LED light feature in the Kiki's Magic Emporium kit.

5. MAINTENANCE

To ensure the longevity and appearance of your miniature house:

- **Cleaning:** Gently dust the assembled house with a soft, dry brush or cloth. Avoid using water or cleaning solutions, as they may damage the paper and wood components.
- **Storage:** Store the miniature house in a dry environment, away from direct sunlight and extreme temperatures, to prevent warping or fading of materials.
- **Battery Replacement:** If the LED light dims or stops working, replace the AAA batteries in the battery box.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED light does not turn on.	Batteries are dead or incorrectly inserted. Wiring is loose or disconnected.	Check and replace batteries, ensuring correct polarity. Verify all wire connections are secure.

Problem	Possible Cause	Solution
Pieces do not fit together.	Incorrect piece selection or orientation. Excess glue obstructing fit.	Refer to the instruction manual's diagrams to confirm correct pieces and orientation. Gently remove any excess dried glue.
Finished item appears fragile.	Insufficient adhesive or drying time.	Apply additional adhesive to weak joints and allow ample time for it to dry completely.

7. SPECIFICATIONS
