

STANI TSJ

STANI Metal Storage Cabinet Instruction Manual

Model: TSJ

1. SAFETY INFORMATION

Please read all safety information before assembly and use. Keep this manual for future reference.

- Keep keys safe and do not leave them unattended.
- Follow assembly instructions carefully to avoid potential hazards.
- Ensure the cabinet is placed on a level surface to prevent tipping.
- Consider securing the cabinet to a wall, especially on carpeted floors, to enhance stability.
- Do not exceed the maximum weight capacity of 150 pounds per shelf.

2. PRODUCT OVERVIEW

The STANI Metal Storage Cabinet (Model TSJ) is a durable, locking steel cabinet designed for various storage needs in home offices, garages, schools, and basements. It features four doors, two adjustable shelves, and a robust construction.

3. SETUP AND ASSEMBLY

This STANI Metal Storage Cabinet comes unassembled. Assembly typically requires two people for optimal ease and stability. Please ensure all parts are present before beginning assembly.

3.1 Unpacking and Part Identification

- Carefully unpack all components. The packaging includes steel-reinforced end caps to protect corners during transit.
- Verify all parts against the included parts list. Extra fasteners, shelf clips, hinge springs, and glass points (if applicable) are typically provided.
- Each part is typically labeled in a small bag for easy identification.

3.2 Assembly Instructions

Follow the detailed, picture-based instructions provided in your package. A power drill or screwdriver and a wrench

may be helpful for securing fasteners.

3.3 Post-Assembly Adjustments

- **Adjustable Feet:** The cabinet is equipped with adjustable feet. Use these to level the cabinet on uneven surfaces, which can help ensure doors close properly and prevent wobbling.
- **Door Alignment:** If doors appear uneven or difficult to close, check the cabinet's levelness using the adjustable feet. Minor adjustments to the hinges may also be possible.

Double Handle Design

Lock with 2 Keys

4. OPERATING INSTRUCTIONS

4.1 Locking Mechanism

The cabinet features a locking mechanism for its four doors, operated by two keys. Insert the key into the lock and turn to secure or unlock the doors. Ensure the doors are fully closed before locking.

4.2 Adjustable Shelves

The cabinet includes two adjustable shelves. To adjust a shelf, remove any items, lift the shelf, and reposition the shelf clips to the desired height. Ensure all four clips are securely in place before placing items on the shelf. Each shelf has a maximum weight capacity of 150 pounds.

5. MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Lock Care:** Periodically check the locking mechanism for smooth operation. If the lock feels stiff, a small amount of graphite lubricant can be applied to the keyhole.
- **Hinge Inspection:** Inspect door hinges periodically for any signs of wear or looseness. Tighten screws if necessary.

6. TROUBLESHOOTING

- **Doors do not close evenly or are difficult to close:** Ensure the cabinet is on a level surface. Use the adjustable feet to level the unit. Check that all assembly screws are tightened.
- **Locking mechanism is stiff or sticky:** Apply a small amount of graphite lubricant to the keyhole. Ensure the key is fully inserted and turned smoothly. Avoid forcing the key.
- **Cabinet feels unstable:** Verify the cabinet is on a flat, level surface. Utilize the adjustable feet to stabilize. For added security, especially on soft surfaces like carpet, consider anchoring the cabinet to a wall using appropriate hardware (not included).
- **Dents or damage upon arrival:** While packaging includes reinforced end caps, inspect the product upon delivery. Contact customer support immediately if significant damage is found.

7. SPECIFICATIONS

Feature	Detail
Brand	STANI

Feature	Detail
Model Number	TSJ
Color	Gray White
Material	Alloy Steel
Product Dimensions (D x W x H)	16"D x 32"W x 71"H
