SWDK JJ603

SWDK Bed Vacuum Cleaner Instruction Manual

Model: JJ603 | Brand: SWDK

INTRODUCTION

The SWDK Bed Vacuum Cleaner (Model JJ603) is designed for deep cleaning of fabric surfaces, ensuring a cleaner and more comfortable living environment. This handheld device combines high-frequency flapping, powerful suction, and UV light penetration to effectively remove dust, dander, and fine particles from mattresses, sheets, pillows, carpets, and fabric sofas.

Its high-efficiency filtration system, including a HEPA filter, captures 99.97% of fine particles, preventing secondary pollution. The washable dust box simplifies maintenance, ensuring consistent performance.

PRODUCT FEATURES

Overall View: The compact and lightweight design of the SWDK Bed Vacuum Cleaner.

Mattress Vacuum Cleaner

Enjoy a healthy life

10Kpa
suction

8000±800
times/min

13ft
power cord

99.99%
filter

Key Performance Indicators: Illustrates 10KPa suction, 8000 beats/min, 13ft power cord, and 99.99% filtration efficiency.

Double Vibrate Head

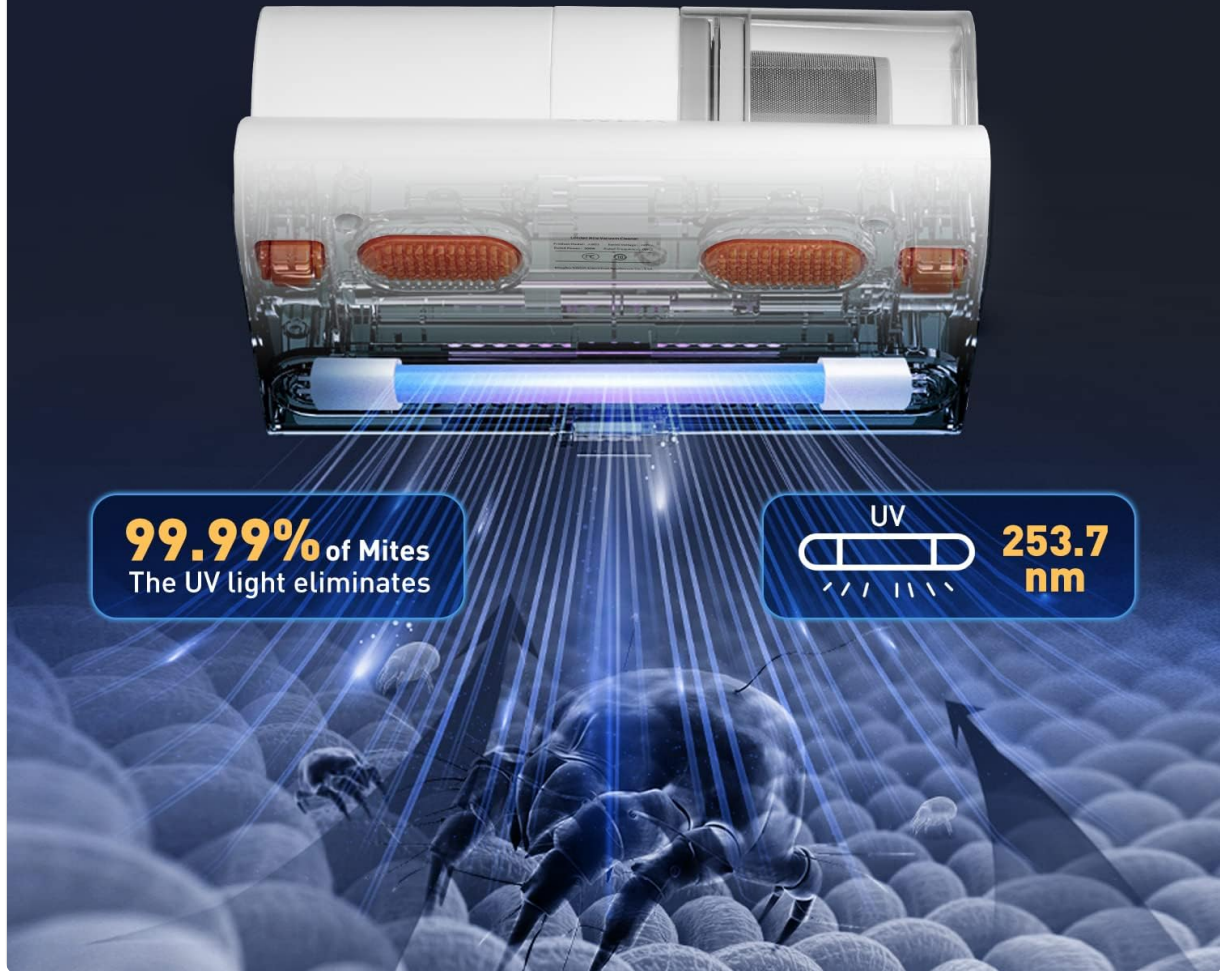

High-frequency beat to loosen deep dust and dirty

Double Vibrate Head: High-frequency beat mechanism designed to loosen deep dust and dirt from surfaces.

Deep Purification Functions

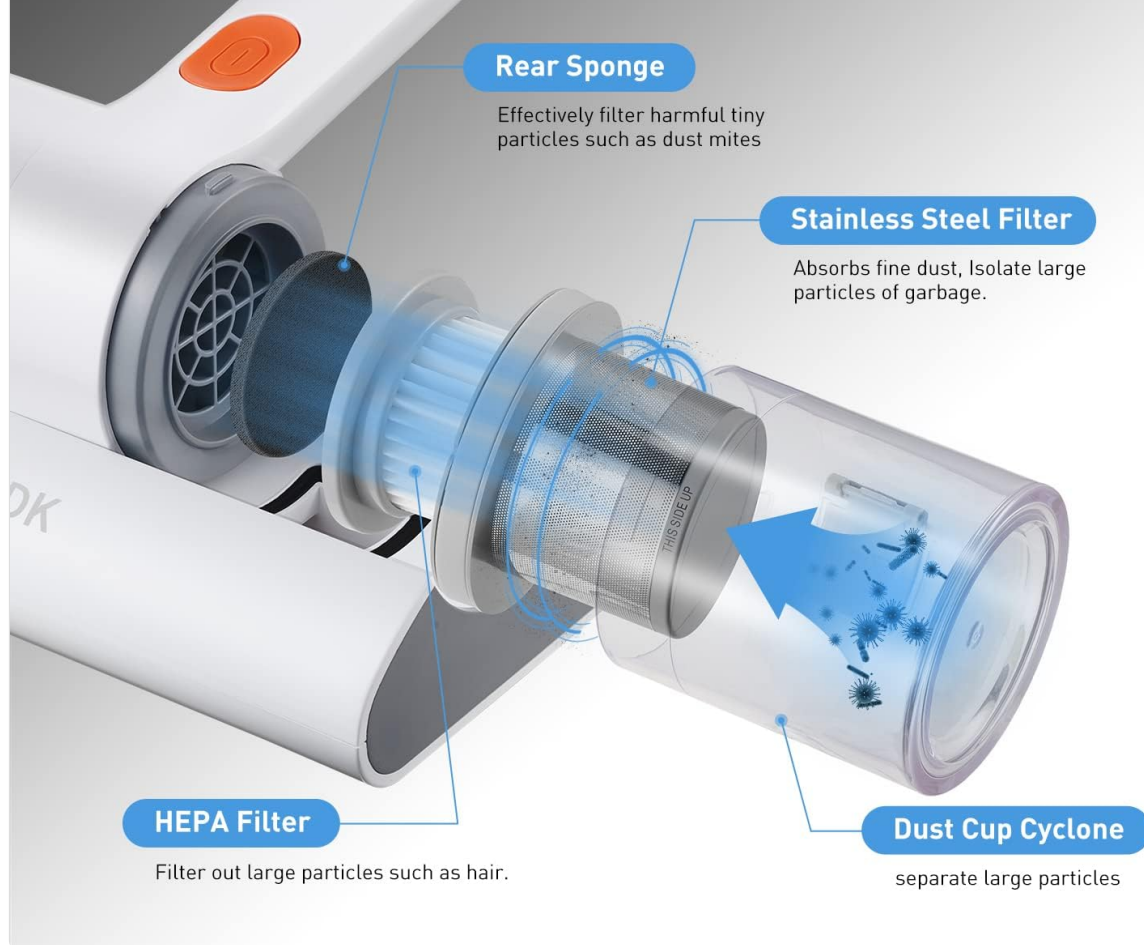

uv sterilization rate is high

Deep Purification: Features a 253.7nm UV light for effective mite elimination, achieving a 99.99% sterilization rate.

Multiple Filtering

Exhaust clean air to effectively avoid secondary pollution

Multiple Filtering: Components include a Rear Sponge, Stainless Steel Filter, HEPA Filter, and Dust Cup Cyclone for comprehensive air purification.

Air outlet

Comfortable grips

One button switch

13ft power cord

Design Details: Close-up views of the air outlet, comfortable grips, single button switch, and the 13-foot power cord.

SETUP

1. **Unpack:** Carefully remove all components from the packaging. Ensure all parts listed in the product manual are present.
2. **Inspect:** Check the device for any visible damage from shipping. Do not use if damaged.
3. **Power Connection:** The SWDK Bed Vacuum Cleaner is a corded device. Plug the 13-foot power cord into a standard electrical outlet.
4. **Dust Box Installation:** Ensure the transparent dust box is securely snapped into place. Verify that the internal filters (stainless steel and HEPA) are correctly seated within the dust box.

OPERATING INSTRUCTIONS

1. **Power On:** Press the orange one-button switch located on the handle to turn on the vacuum cleaner. The device will start operating with its high-frequency flapping and powerful suction.
2. **Surface Contact:** Place the base of the vacuum cleaner flat against the fabric surface you wish to clean. Ensure the double vibrate head makes full contact to effectively loosen embedded dirt.
3. **Cleaning Motion:** Slowly glide the vacuum cleaner across the surface in overlapping passes. The pulsating

pads vibrate at 8000 times per minute to dislodge dust and dirt, which is then sucked away by the 10KPa strong vacuuming mode.

4. **UV Light Function:** The 253.7nm UV light activates upon contact with the surface, providing deep purification and mite elimination.
5. **Targeted Cleaning:** For optimal results on mattresses, sheets, pillows, carpets, and fabric sofas, ensure thorough coverage. The noise-canceling design allows for quiet operation.
6. **Power Off:** Press the orange one-button switch again to turn off the device when cleaning is complete.

MAINTENANCE

1. **Emptying the Dust Box:** After each use, or when the dust box appears full, detach it from the main unit. The transparent design allows for easy visual inspection.
2. **Cleaning Filters:** The internal filters (stainless steel and HEPA) are removable and washable. Rinse them under running water until clean.
3. **Drying Filters:** *Crucially, ensure all filter components are completely dry before reassembling and using the vacuum cleaner.* This prevents mold growth and maintains optimal suction power.
4. **Reassembly:** Once dry, reinsert the filters into the dust box and snap the dust box back onto the main unit securely.
5. **Exterior Cleaning:** Wipe the exterior of the vacuum cleaner with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.

Washable Filter

Filter is easily accessible for emptying and clean

SPECIFICATIONS

Brand	SWDK
Model Number	JJ603
Color	White
Form Factor	Handheld
Is Cordless?	No (This model is corded)
Power Cord Length	13 Feet
Suction Power	10KPa (minimum)
Flapping Frequency	8000 times/minute
UV Light Wavelength	253.7nm
Filter Type	HEPA Filter
Capacity (Dust Box)	0.5 Liters
Wattage	600 watts
Noise Level	65 dB
Item Weight	2.25 pounds
Product Dimensions (L x W x H)	13.2" x 11.6" x 7.9"

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Not plugged in; Power outlet malfunction.	Ensure the power cord is securely plugged into a working electrical outlet. Try a different outlet.
Weak suction.	Full dust box; Clogged filters; Obstruction in suction path.	Empty the dust box. Clean and dry all filters thoroughly. Check for and remove any obstructions in the suction nozzle or hose.
UV light not working.	Device not in contact with surface; UV lamp malfunction.	Ensure the vacuum cleaner is pressed firmly against the surface. If the issue persists, contact customer support.
Unusual noise during operation.	Obstruction in motor or fan; Loose parts.	Turn off and unplug the device. Inspect for any foreign objects. If noise continues, contact customer support.
