Womanizer Special Edition

Womanizer Special Edition Clitoral Stimulator User Manual

Model: Special Edition

Brand: Womanizer

1. IMPORTANT SAFETY INFORMATION

Read all instructions before use. Keep this manual for future reference.

- This product is intended for personal use only.
- Do not use if the device appears damaged.
- Consult a healthcare professional before use if you have any medical conditions or are pregnant.
- Clean the device thoroughly before and after each use as described in the Maintenance section.
- Use only water-based lubricants with this device. Oil-based lubricants may damage the silicone material.
- Keep out of reach of children.

2. PACKAGE CONTENTS

The Womanizer Special Edition package includes:

- Womanizer Special Edition Clitoral Stimulator
- Additional, larger stimulation head
- Cotton storage pouch
- Magnetic pin charging cable
- Quick start guide

3. PRODUCT OVERVIEW

The Womanizer Special Edition is a clitoral stimulator featuring Pleasure Air Technology. This technology

delivers contactless air pressure waves for clitoral stimulation. The device is designed with a soft-touch ABS coating and ultra-hygienic, top-quality silicone for the buttons and stimulation head. It offers 10 intensity levels and is fully waterproof (IPX7).

Pleasure Air Technology

Pleasure Air surrounds the clitoris with pulsating waves and gentle suction leading to a new kind of extraordinary orgasm.

Image: Diagram showing Pleasure Air Technology, which uses pulsating air waves for stimulation.

Full Soft-Touch Surface

Womanizer Special Edition is fully coated in soft touch ABS for silky feeling on the skin.

10 Intensity Levels

10 perfectly balanced intensity offer the right setting for every mood.

4. SETUP

4.1 Charging the Device

Before first use, fully charge your Womanizer Special Edition. The device uses a magnetic pin charging cable.

1. Connect the magnetic end of the charging cable to the charging port on the device.
2. Connect the USB end of the cable to a suitable USB power source (e.g., computer, USB wall adapter).
3. The indicator light will show charging status. A full charge takes approximately 120 minutes and provides up to 180 minutes of run time.

Image: Visual guide for charging and basic operation, including run and charge times.

4.2 Attaching Stimulation Heads

The device comes with two different stimulation heads to suit individual preferences. To change the head:

1. Gently pull off the currently attached stimulation head.
2. Align the desired stimulation head with the device's opening and push it firmly into place until secure.

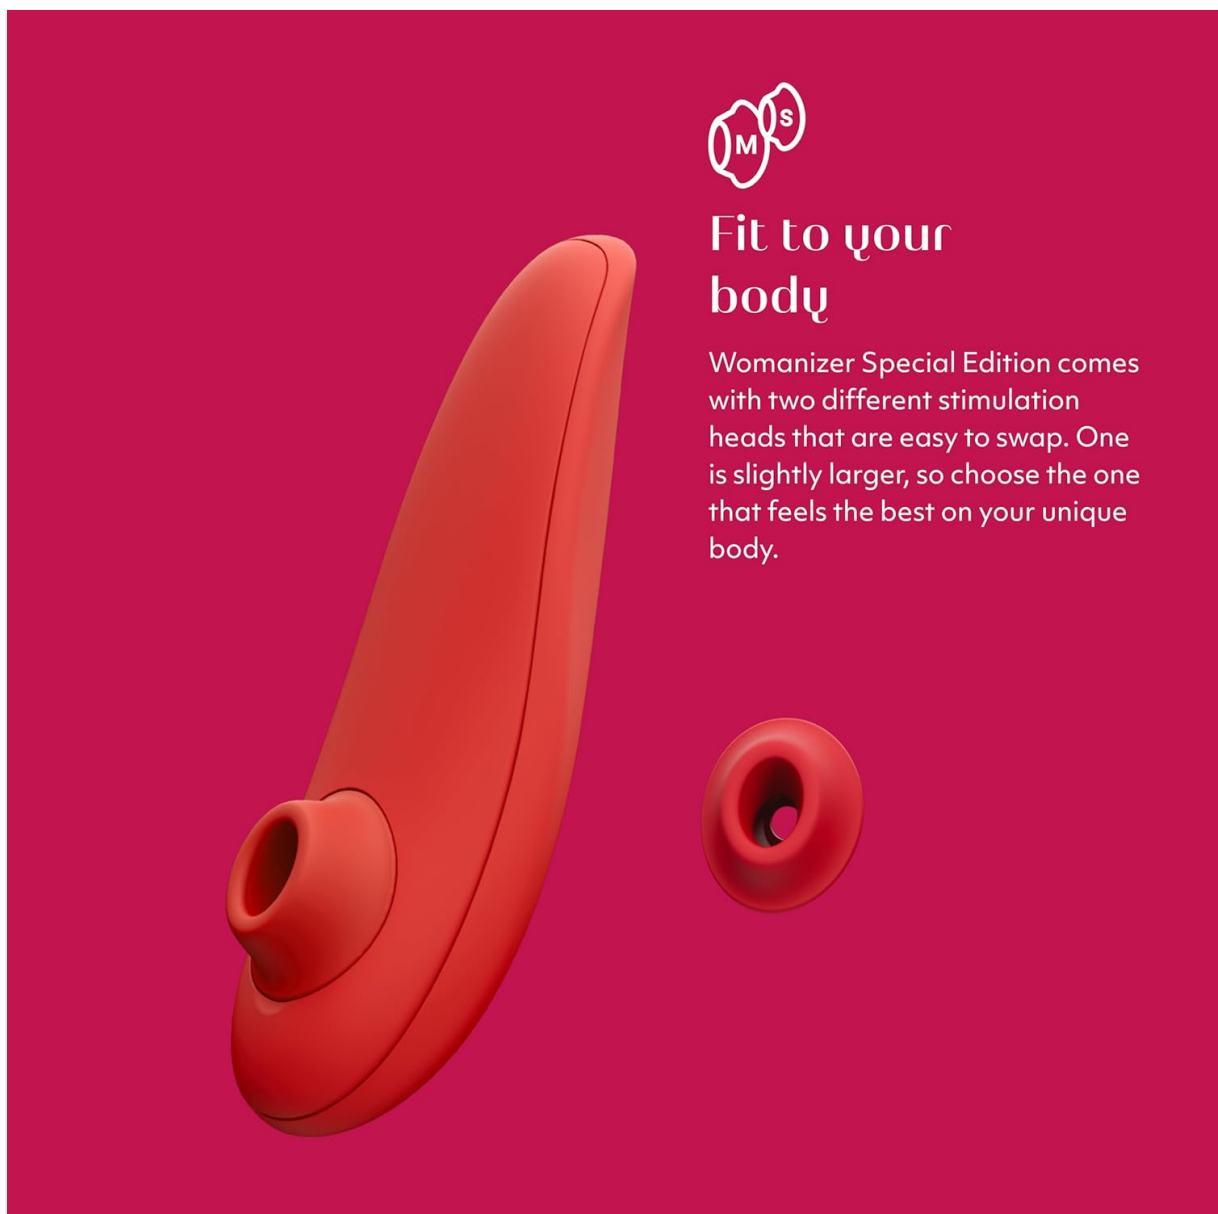

Image: The device shown with two different sized stimulation heads, illustrating the interchangeable design.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- To turn on: Press and hold the power button () for 2 seconds. The indicator light will illuminate.
- To turn off: Press and hold the power button () for 2 seconds. The indicator light will turn off.

5.2 Adjusting Intensity Levels

The Womanizer Special Edition features 10 intensity levels.

- To increase intensity: Press the plus (+) button.
- To decrease intensity: Press the minus (-) button.

5.3 Afterglow Feature

The Afterglow feature provides a gentle reduction in intensity after climax. To activate:

- Briefly press the power button () during use. The device will return to intensity level 1 for a relaxing conclusion.

5.4 Waterproof Use

The device is fully waterproof (IPX7) and can be used in the bath or shower. Ensure the charging port is dry before connecting the charging cable.

6. MAINTENANCE AND CARE

6.1 Cleaning

To ensure hygiene and prolong the life of your device:

- Clean the device thoroughly with warm water and a mild, toy-safe cleaner before and after each use.
- Rinse thoroughly to remove any soap residue.
- Ensure the device is completely dry before storing or charging.

6.2 Storage

Store the device in the provided cotton storage pouch in a clean, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

If you encounter any issues with your Womanizer Special Edition, please refer to the following common solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Battery is depleted.	Charge the device fully using the magnetic charging cable.
Device does not charge.	Charging cable not properly connected or damaged.	Ensure the magnetic cable is securely attached. Try a different USB power source. Inspect the cable for damage.
Reduced performance or weak stimulation.	Stimulation head is not clean or properly attached.	Clean the stimulation head and ensure it is securely attached. Ensure the device is fully charged.
Water leakage (despite being waterproof).	Manufacturing defect or improper sealing.	Discontinue use immediately. Contact customer support for assistance.

If the problem persists after attempting these solutions, please contact Womanizer customer support.
