## NUU A9L

# NUU A9L Smartphone User Manual

Model: A9L | Brand: NUU

---

## INTRODUCTION

This manual provides essential information for setting up, operating, and maintaining your NUU A9L Unlocked 4G LTE Smartphone. The NUU A9L features a 6.3-inch display, 32GB of internal storage, 3GB of RAM, and a 3000 mAh battery, running on Android 11. It is compatible with AT&T and T-Mobile networks and their MVNOs.

## WHAT'S IN THE Box

Upon unboxing your NUU A9L, you should find the following items:

- NUU A9L Smartphone
- Protective TPU Case
- Charging Adapter (1000mA output)
- Micro USB Charging Cable
- Removable Battery

# Bright & Vivid Display

**Note:** The included charging adapter provides a 1 Amp output, which is standard charging speed. This device uses a Micro USB port for charging and data transfer.

## SETUP

- Install Battery:** Carefully remove the back cover of the phone. Insert the provided 3000 mAh battery into its compartment, ensuring the contacts align correctly.
- Insert SIM Card:** Locate the SIM card slot(s) under the back cover. Insert your compatible Nano-SIM card(s) into the designated slot(s). Ensure the SIM card is correctly oriented.
- Insert MicroSD Card (Optional):** If you wish to expand storage, insert a microSD card (up to 512GB, not included) into the dedicated microSD slot.
- Replace Back Cover:** Securely reattach the back cover to the phone.
- Power On:** Press and hold the power button until the NUU logo appears. Follow the on-screen instructions to complete the initial setup, including connecting to Wi-Fi and signing into your Google account.
- Charge Device:** Connect the Micro USB cable to the phone's charging port and the charging adapter. Plug the adapter into a power outlet. Allow the phone to charge fully before first use.

## Making Calls

The NUU A9L supports voice calls over compatible 4G LTE networks. Ensure your SIM card is active and properly inserted. The phone app allows you to dial numbers, access contacts, and view call history.

## CAMERA FEATURES

Capture moments with the NUU A9L's camera system:

- **Rear Camera:** 5MP + VGA with dual flash.
- **Front Camera:** 2MP for selfies.

## Wireless Technologies

- **Wi-Fi:** 802.11 a/b/g/n (2.4GHz/5GHz)
- **Bluetooth:** 4.2
- **VoLTE & VoWiFi:** Supported for enhanced call quality over LTE and Wi-Fi.
- **GPS:** With aGPS Support.

## BATTERY MANAGEMENT

The NUU A9L is powered by a 3000 mAh long-lasting battery, designed to support daily activities. The phone's talk time is approximately 15 hours.

Charging Port	Micro USB
Audio Jack	3.5 mm
Dimensions	159 x 76.7 x 9.8 mm
Item Weight	10.8 ounces

## TROUBLESHOOTING

- **Slow Performance:** The NUU A9L is an entry-level smartphone. For optimal performance, close unused applications and avoid running multiple demanding apps simultaneously. Performance benchmarks indicate it may struggle with modern, resource-intensive applications.
- **Camera Issues:** If the camera app is unresponsive or displays an error, try restarting the phone. This can resolve temporary software glitches.
- **Network Connectivity Problems:** If mobile or Wi-Fi service does not return after airplane mode or being turned off, fully powering down and restarting the device can often resolve the issue.
- **Charging Issues:** Ensure the Micro USB cable is securely connected to both the phone and the charging adapter. Use the provided charging accessories for best results.

## WARRANTY AND SUPPORT

The NUU A9L comes with a US Warranty. For specific warranty details, service, or technical support, please refer to the documentation included with your product or visit the official NUU Mobile website.  
Manufacturer: NUU Mobile
