1. INTRODUCTION

Thank you for choosing the Combuh 24-inch 14W Black LED Bathroom Vanity Light Fixture. This modern and energy-efficient lighting solution is designed to provide cool white illumination for your bathroom, dressing room, or other indoor spaces. This manual provides essential information for safe installation, operation, and maintenance of your new light fixture.

2. SAFETY INFORMATION

- **Electrical Safety:** Always turn off the power at the circuit breaker before beginning any electrical installation. If you are unsure about electrical wiring, consult a qualified electrician.
- **Installation:** Ensure the mounting surface can support the weight of the fixture. Follow all local electrical codes.
- **Water Resistance:** This fixture is IP44 splash-proof, suitable for bathroom environments. However, it is not designed for direct water immersion.
- **Non-Dimmable:** This light fixture is **not dimmable**. Do not connect it to a dimmer switch, as this may damage the unit.
- **Integrated LED:** The LED light source is integrated and non-removable. Do not attempt to replace individual LEDs.

6. OPERATING INSTRUCTIONS

The Combuh LED Bathroom Vanity Light Fixture operates via a standard wall switch. Simply toggle your wall switch to turn the light on or off. This fixture is designed to provide a consistent 6000K cool white light and is not compatible with dimmer switches.

7. MAINTENANCE

To ensure the longevity and optimal performance of your Combuh vanity light, follow these maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Wipe the fixture with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish or acrylic.
- **Inspection:** Periodically check for any loose connections or damage. If any issues are found, disconnect power and address them immediately.
- **Bulb Replacement:** The LED light source is integrated and cannot be replaced. The fixture is designed for a long lifespan.

8. TROUBLESHOOTING

If you encounter any issues with your Combuh vanity light, please refer to the following common troubleshooting steps:

- **Light Does Not Turn On:**
 - Check if the power switch is in the ON position.
 - Verify that the circuit breaker for the light fixture is not tripped.
 - Ensure all electrical connections are secure. If unsure, consult a qualified electrician.
- **Flickering Light:**
 - Confirm that the fixture is not connected to a dimmer switch. This fixture is non-dimmable.
 - Check for loose wiring connections.
