Generic Ivar Shelf 17x12 Solid Pine Storage System (Model: 103.181.59)

Instruction Manual

INTRODUCTION

This manual provides essential information for the proper use and maintenance of your Generic Ivar Shelf 17x12 Solid Pine Storage System, Model 103.181.59. Please read these instructions carefully before installation and use to ensure safe and efficient operation.

PRODUCT OVERVIEW

The Ivar Shelf is a durable, rectangular solid pine shelf designed as a component for storage systems. It offers versatile storage solutions for various rooms.

Image 1: Detail of the solid pine shelf edge, showing the natural wood grain and the integrated metal bracket for secure mounting within a storage system.

SETUP AND INSTALLATION

This Ivar Shelf is designed as a component for an existing storage system. Assembly of the shelf itself is not required, as indicated by the manufacturer. The shelf is ready for integration into a compatible Ivar storage unit.

- Ensure the storage system frame is securely assembled and stable before installing shelves.
- Align the metal brackets on the shelf with the corresponding slots or supports on your Ivar storage system frame.
- Gently push the shelf into place until it is firmly seated and level.
- Verify that the shelf is stable and cannot be easily dislodged before placing items on it.

Note: Refer to the instruction manual of your specific Ivar storage system for detailed frame assembly and shelf placement guidelines.

OPERATING INSTRUCTIONS

The Ivar Shelf is intended for static storage of various items. Observe the maximum weight capacity to prevent damage and ensure safety.

- **Weight Capacity:** The maximum weight per shelf is 40 lb (approximately 18 kg). Do not exceed this limit.
- **Load Distribution:** Distribute weight evenly across the shelf surface to maintain stability. Avoid concentrating heavy items in one area.
- **Placement:** Suitable for use in bathrooms, bedrooms, kitchens, and living rooms. Consider the environment to prevent moisture damage to the pine wood.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your pine shelf.

- **Cleaning:** Wipe the shelf with a dry cloth to remove dust and light dirt. Avoid using abrasive cleaners or excessive moisture, which can damage the pine wood.
- **Spills:** Immediately wipe up any spills with a dry or slightly damp cloth to prevent staining or water damage.
- **Protection:** For prolonged durability, especially in high-moisture areas, consider applying a wood sealant or protective finish suitable for pine.

TROUBLESHOOTING

This section addresses common concerns regarding the Ivar Shelf.

- **Shelf is not level:** Ensure the shelf brackets are fully engaged in the storage system's frame. Check the frame itself for levelness.
- **Shelf feels unstable:** Verify that the shelf is correctly installed and that the storage system frame is stable and properly assembled. Do not exceed the maximum weight capacity.
- **Wood discoloration or damage:** This can occur due to excessive moisture, direct sunlight, or harsh cleaning agents. Follow maintenance instructions carefully.

SPECIFICATIONS

Feature	Detail
Model Number	103.181.59
Type	Shelving / Floating Shelf component
Material	Solid Pine
Shelf Depth (Item Length)	11 3/4 " (11.75 inches)
Shelf Width (Item Width)	16 1/2 " (16.5 inches)
Shelf Thickness (Item Height)	3/4 " (0.75 inches)
Maximum Weight per Shelf	40 lb (18 kg)
Item Weight	3.0 pounds (1.36 kg)
Assembly Required	No (for the shelf itself)
Care Instructions	Wipe with Dry Cloth
Room Type Compatibility	Bathroom, Bedroom, Kitchen, Living Room
Special Feature	Durable
