EPICKA TA-105

EPICKA Universal Travel Adapter TA-105 Instruction Manual

Model: TA-105

PRODUCT OVERVIEW

The EPICKA Universal Travel Adapter TA-105 is an all-in-one power solution designed for global travelers. It features multiple plug types, USB-A and USB-C charging ports, and an AC socket, allowing you to power and charge up to 6 devices simultaneously in over 200 countries and regions. This adapter is equipped with advanced safety features to ensure reliable operation.

SETUP AND OPERATION

To use your EPICKA Universal Travel Adapter, follow these simple steps to select the correct plug type for your destination.

Image: Demonstrates the easy-to-use mechanism for extending and retracting the adapter's plugs. To extend a plug, slide the corresponding lever forward. To retract, press the release button on the side and slide the lever back.

Selecting the Correct Plug

- **For USA/AUS/Japan:** Slide the 'USA/AUS' lever forward to extend the flat pins. These pins can be rotated for Australian/New Zealand outlets.
- **For UK/Ireland/Scotland:** Slide the 'UK' lever forward to extend the three rectangular pins.
- **For Europe/Italy/Spain/China/France/Germany:** Slide the 'EU' lever forward to extend the two round pins.

Once the correct plug is extended, insert the adapter into the wall outlet. You can then plug your devices into the universal AC socket or the USB ports.

Video: A seller demonstrates the various plug types (US, UK, EU) and how to extend and retract them using the side levers and release button. It also highlights the USB-A and USB-C ports.

FEATURES

- **Worldwide Compatibility:** Our all-in-one adapter includes 4 different plugs that cover over 200 countries and regions, such as USA, Canada, Japan, UK, Ireland, Scotland, France, Germany, Italy, Spain, China, Australia, Argentina, New Zealand, etc. (excluding South Africa, India).
- **6-in-1 Charging:** Charge up to 6 devices simultaneously with 4 USB-A ports (2.4A each), 1 USB-C port (3A), and 1 universal AC socket. Ideal for charging smartphones, laptops, tablets, power banks, cameras, and headsets.
- **Compact Design:** Measuring 2.8 x 1.97 x 2.05 inches and weighing 5.1 ounces, this adapter is designed for portability.

CHARGE 6 DEVICE AT THE SAME TIME

4 USB Ports 1 Type C and 1 AC Socket
to charge 6 devices simultaneously

SAFETY INFORMATION

- **NOT A VOLTAGE CONVERTER:** This universal power adapter does not convert voltage. Ensure that any AC-powered device you intend to use abroad supports dual voltage (e.g., with "100-240V, 50/60Hz" printed on it). Do not use with high-power appliances like hair dryers, curling irons, straighteners, or devices over 2000W. Max Power: 1100W at 110V, 2400W at 240V.
- **Safety Certified:** Equipped with a built-in 10A fuse, safety shutters, and a plug lock system. Certified by RoHS, CE, and FCC.
- **Fuse Replacement:** The adapter includes 2 extra spare fuses. If a fuse blows, refer to the user manual for replacement instructions. Ensure to use EPICKA 10A fuses.

NOT A VOLTAGE CONVERTER

The adapter does NOT convert voltage, you MUST make sure that the AC-powered device you intend to use abroad supports dual voltage (with "100-240,50/60Hz" printed on it).

Need Check: Hair tools, electric shavers and toothbrushes, etc.

Not Allowed: Any device with "120V, 60Hz" or "household use only" printed; any hair dryer or steamer over 2000W.

Image: Clearly states that the adapter is not a voltage converter. It shows icons for hair tools, electric shavers, and toothbrushes as devices to check for dual voltage compatibility, and explicitly warns against using high-power items like hair dryers or steamers over 2000W.

SPECIFICATIONS

Model Number	TA-105
Product Dimensions	2.8 x 1.97 x 2.05 inches
Item Weight	5.1 ounces (144 Grams)
Input Voltage	100-240V AC, 50-60Hz
USB-A Output	5V/2.4A (each port)
USB-C Output	5V/3A
Total DC Output	5V/5.6A, 28W Max
AC Output	100-240V, 10A Max
Max Power	1100W at 110V, 2400W at 240V

WHAT'S IN THE BOX

- 1x EPICKA Universal Travel Adapter (TA-105)
- 1x User Manual
- 1x Carry Bag
- 2x Extra Fuses

Image: The EPICKA Universal Travel Adapter TA-105, its protective carry bag, and a small bag containing two extra fuses, as typically included in the product packaging.

TROUBLESHOOTING

- **No Power Output:** Check if the adapter is securely plugged into the wall outlet. Verify that the correct plug type is fully extended and locked. If still no power, the internal fuse may have blown. Replace the fuse with one of the provided spare 10A fuses.
- **Device Not Charging:** Ensure your device's charging cable is properly connected to the adapter's USB port or AC socket. Confirm your device is compatible with the adapter's voltage (100-240V) and power output.
- **Overheating:** Disconnect all devices immediately. Ensure you are not using high-power appliances that exceed the adapter's maximum wattage (1100W at 110V, 2400W at 240V). Allow the adapter to cool down before reuse.

WARRANTY AND SUPPORT

EPICKA offers a 30-day money-back guarantee. The product also comes with a 2-Year Limited Warranty. If you encounter any issues with your adapter, please contact EPICKA customer service for assistance. They aim to reply within 24 hours and provide a satisfactory solution, including free repairs or a new replacement if necessary.
