Auffel A-48238

Modern Crystal Flush Mount LED Ceiling Light Instruction Manual

Brand: Auffel | **Model:** A-48238

1. Product Overview

The Auffel Modern Crystal Flush Mount LED Ceiling Light is designed to provide bright and elegant illumination for various indoor spaces such as kitchens, bathrooms, bedrooms, hallways, and dining rooms. Crafted with high-end metal and exquisite K9 crystal, this fixture offers a luxurious and sturdy appearance. It features an efficient 4000K LED light source, creating a bright yet soft natural light ambiance.

This fixture boasts a classic and minimalistic style, ensuring it remains a timeless addition to your home decor. Its design emphasizes both aesthetic appeal and functional lighting, making it suitable for both general illumination and creating a sophisticated atmosphere.

2. What's in the Box

Upon opening the product packaging, please verify that all components listed below are present and undamaged:

- Crystal Flush Mount LED Ceiling Light Fixture
- Mounting Hardware (screws, wire nuts, etc.)
- Installation Manual

The fixture includes a sturdy chrome base with an integrated LED light source and a K9 crystal glass plate for optimal light dispersion and aesthetic appeal.

3. Safety Information

WARNING: To avoid the risk of electric shock, always turn off the main power at the circuit breaker or fuse box before beginning installation or performing any maintenance.

- Ensure the electrical supply is disconnected before installation.
- This product is designed for indoor use only.
- All electrical connections must be in accordance with local and National Electrical Code (NEC) standards. If you are unsure about wiring, consult a qualified electrician.
- Do not attempt to modify the fixture. Any modifications may void the warranty and create a safety hazard.
- Handle crystal components with care to prevent breakage.

4. Setup & Installation

The Auffel ceiling light is designed for easy installation. Follow these steps carefully:

1. **Preparation:** Turn off power at the circuit breaker. Ensure the mounting surface is clean and dry.
2. **Disassemble Fixture:** Unscrew the high-quality screws from the main light body to separate the base from the K9 crystal glass plate.
3. **Mounting Bracket Installation:** Attach the mounting bracket (part of the main light body) to the ceiling junction box using the provided mounting hardware. Ensure it is securely fastened.
4. **Wiring:** Connect the electrical wires from the ceiling to the fixture's wires. Typically, connect the black wire to black, white to white, and ground to ground. Secure connections with wire nuts.
5. **Attach Fixture:** Carefully align the main light body with the mounting bracket and secure it using the screws previously removed.
6. **Install Crystal Plate:** Place the K9 crystal glass plate onto the main light body, aligning the screw holes. Secure it with the remaining screws.

5. Operating Instructions

Once installed, the Auffel LED Ceiling Light operates like a standard light fixture. Simply use your wall switch to turn it on or off.

Dimming Functionality:

This fixture is compatible with home dimmers, allowing you to adjust the brightness to your preference. Please note that a home dimmer is not included with the product.

6. Maintenance

To ensure the longevity and optimal performance of your Auffel LED Ceiling Light, follow these simple maintenance guidelines:

- **Cleaning:** Before cleaning, ensure the power is turned off. Use a soft, dry cloth to wipe the metal and crystal surfaces. For stubborn marks, a slightly damp cloth can be used, followed by a dry cloth. Avoid abrasive cleaners or solvents, as they may damage the finish.
- **Bulb Replacement:** This fixture uses integrated LED chips and does not require traditional bulb replacement.
- **Inspection:** Periodically check the fixture for any loose connections or signs of wear. If any issues are found, consult a qualified electrician.

7. Troubleshooting

If you encounter any issues with your ceiling light, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply; Loose wiring; Faulty switch.	Check circuit breaker. Ensure all wiring connections are secure. Test the wall switch.
Light flickers.	Loose wiring; Incompatible dimmer switch.	Check wiring connections. Ensure dimmer switch is compatible with LED lighting.
Light is too dim/bright.	Dimmer setting; Room size/lighting needs.	Adjust dimmer switch. Consider if the light output is appropriate for the room's requirements.

If the problem persists after attempting these solutions, please contact customer support.

8. Specifications

Feature	Detail
Brand	Auffel
Model Name	Crystal Ceiling Light
Part Number	A-48238
Color	Chrome
Material	Metal+glass+K9 Crystal
Style	Modern
Light Fixture Form	Ceiling
