Maintenance and Care

Proper care will help maintain the quality and appearance of your cotton table runner. Always refer to the care label attached to the product for specific instructions.

Washing Instructions:

- **Machine Wash:** Use a gentle cycle with cold or warm water.
- **Detergent:** Use a mild detergent. Avoid bleach, as it can damage cotton fibers and alter the color.
- **Separate Colors:** Wash white runners separately from colored items to prevent color transfer.
- **Drying:** Tumble dry on low heat or hang to air dry. Remove promptly to minimize wrinkles.
- **Ironing:** Iron on a medium-high setting while slightly damp for best results.

Storage:

Fold or roll the table runner neatly and store it in a dry, clean place away from direct sunlight to prevent fading and creasing.

Troubleshooting

Issue	Solution
Wrinkles	Iron the runner while slightly damp. For stubborn wrinkles, use a steam iron.
Stains	Treat stains promptly. Blot, do not rub. Follow specific stain removal guides for the type of stain, then wash according to care instructions.

Issue	Solution
Shrinkage	To minimize shrinkage, wash in cold water and air dry or tumble dry on low heat. Cotton is a natural fiber and slight shrinkage may occur.
