SETUP

1. Charging the Device

Before first use, fully charge the Kids SmartPhone P1. Connect the provided Type-C charging cable to the charging port on the device and the other end to a 5V/1A power source. The battery indicator on the screen will show charging status. A full charge provides approximately 1-2 uses for music and games.

2. Inserting a SIM Card (Optional)

To enable calling functionality, insert a compatible 2G SIM card into the SIM card slot. Some 4G SIM cards may also be compatible if they support 2G networks (e.g., Vodafone, O2). Ensure the SIM card's calling function is activated. The phone supports two-way calls.
