IMPORTANT SAFETY INFORMATION

For your safety and to prevent damage to the product, please adhere to the following guidelines:

- Always unplug the device from the power outlet immediately after use and before cleaning.
- Do not use the massager in a wet or damp environment.
- Keep the device away from heat sources and direct sunlight.
- Consult a physician before using if you have any medical conditions, including but not limited to diabetes, heart disease, or pregnancy.
- Do not use if you have open wounds, skin irritations, or swelling on your feet.
- This appliance is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of

experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Control Panel & Remote Functions

Button/Function	Description
Power ON/OFF	Turns the massager on or off.
Heat ON/OFF	Activates or deactivates the heating function.

Button/Function	Description
Knead Intensity (L/M/H)	Adjusts the intensity of the shiatsu kneading massage (Low, Medium, High).
Air Intensity (L/M/H)	Adjusts the strength of the air compression massage (Low, Medium, High).
Time (15/30min)	Sets the massage duration to 15 or 30 minutes.

SETUP

1. **Unpack:** Carefully remove the foot massager and all accessories from the packaging.
2. **Placement:** Place the massager on a flat, stable surface. Ensure there is enough space around the unit for proper ventilation.
3. **Power Connection:** Connect the power adapter to the massager's power input port, then plug the adapter into a suitable electrical outlet.
4. **Remote Control Battery:** Ensure the remote control has a working Lithium Metal battery installed. If not, open the battery compartment and insert the battery, observing polarity.

OPERATION

Follow these steps to operate your RENPHO Foot Massager:

1. **Power On:** Press the **Power** button on the control panel or remote control to turn on the device. The default settings will activate.
2. **Position Feet:** Sit comfortably and place your feet into the foot inserts of the massager. Ensure your feet are fully inserted for optimal massage coverage.
3. **Adjust Kneading Intensity:** Press the **Knead Intensity** button to cycle through Low (L), Medium (M), and High (H) settings for the shiatsu massage.
4. **Adjust Air Compression:** Press the **Air Intensity** button to select your preferred air compression strength: Low (L), Medium (M), or High (H).
5. **Activate Heat:** Press the **Heat** button to turn the heating function on or off. The heat provides soothing warmth to your feet.
6. **Set Timer:** Press the **Time** button to choose between a 15-minute or 30-minute massage session. The device will automatically shut off after the selected time.
7. **Power Off:** To end the massage session manually, press the **Power** button again. The device will power off.

Image: A woman comfortably using the RENPHO Foot Massager, demonstrating typical usage and indicating size compatibility up to US men's size 11.

The massager is designed to accommodate various foot sizes, up to US Men's size 11 (EUR 45, UK 10).

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and hygiene of your foot massager.

- **Cleaning the Unit:** Unplug the massager before cleaning. Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Cleaning Liners:** The internal fabric liners are removable and washable. Unzip and remove the liners, then hand wash them with mild detergent. Allow them to air dry completely before reinserting.
- **Storage:** Store the massager in a cool, dry place, away from direct sunlight and out of reach of children.
- **Avoid Damage:** Do not place heavy objects on the massager. Avoid sharp objects that could puncture the fabric or casing.

Multi-place Use Home Office

TROUBLESHOOTING

If you encounter issues with your foot massager, refer to the following common problems and solutions:

Troubleshooting Guide

Problem	Possible Cause	Solution
Device does not turn on.	Not plugged in; power outlet malfunction; power adapter issue.	Ensure the power adapter is securely plugged into both the massager and a working electrical outlet. Try a different outlet.
Remote control not working.	Dead battery; remote out of range; obstruction.	Replace the remote control battery. Ensure you are within range and there are no obstructions between the remote and the massager.
Massage intensity feels too weak/strong.	Incorrect intensity setting.	Adjust the Knead Intensity or Air Intensity settings to your preference.
Heat function not working.	Heat function not activated.	Press the Heat button to activate the heating function. Allow a few minutes for the heat to become noticeable.
Unusual noises during operation.	Internal component issue; foreign object.	Turn off and unplug the device. Inspect for any visible foreign objects. If the noise persists, discontinue use and contact customer support.
