TUSK TLFP-14BR

Tusk Lithium Pro Battery TLFP-14BR User Manual

Model: TLFP-14BR | Brand: TUSK

1. INTRODUCTION

The Tusk Lithium Pro Battery TLFP-14BR is a high-performance lithium iron phosphate (LiFePO₄) battery designed for motorcycles, ATVs, and UTVs. This battery offers significant advantages over traditional lead/acid batteries, including reduced weight, extended service life, and environmental benefits due to the absence of corrosive liquids or toxic heavy metals.

This manual provides essential information for the safe installation, operation, and maintenance of your Tusk Lithium Pro Battery. Please read it thoroughly before use.

This Part Fits The Following Vehicles

Aprilia RSV4 1000 2009-2016	Ducati 1199 Panigale S Tricolore 2012-2013	Ducati 821 Monster Stealth 2019	Ducati Scrambler 1100 2018-2020	Honda CBR1000RR 2004-2007	Indian Scout Rogue (ABS) 2024

2. SAFETY INFORMATION

Observe the following safety precautions to prevent injury or damage to the battery and vehicle:

- **Do not short-circuit batteries or reverse polarity.** Incorrect connection can cause severe damage.
- **Do not disassemble, deform, or modify batteries.** This can lead to internal damage and hazardous conditions.
- **Do not overcharge or overdischarge batteries.** Use only chargers specifically designed for lithium iron phosphate (LiFePO₄) batteries.
- **DO NOT use a charger if it has an automatic "desulfation mode" that cannot be turned off.** Desulfation modes are designed for lead/acid batteries and can damage LiFePO₄ batteries.
- **Keep batteries out of the reach of children.**
- **Store batteries in a cool, dry, well-ventilated area.** Avoid extreme temperatures.
- **Charge batteries at least every 6 months or when the voltage is less than 12.8V** to maintain optimal performance and lifespan.

This Part Fit's The Following Vehicles

Kawasaki Ninja H2 SX SE (ABS) 2025	KTM 690 Supermoto R 2008-2009	MV Agusta F4 1000R 312 2008	Triumph Tiger 1050 (Std/ABS) 2007-2012

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1x Tusk Lithium Pro Battery TLFP-14BR
- M6 Battery Bolts (2x)
- Foam Spacers (various sizes)

Image 3.1: Included M6 battery bolts and washers for secure connection.

Image 3.2: Various foam spacers provided to ensure a snug fit in different battery compartments.

4. INSTALLATION

Follow these steps for proper battery installation:

1. **Verify Compatibility:** Ensure the TLFP-14BR battery is compatible with your vehicle. Refer to the fitment guide images below or your vehicle's manual.
2. **Prepare Battery Compartment:** Remove the old battery from your vehicle. Clean the battery compartment and terminals to ensure good electrical contact.
3. **Position Battery:** The Tusk Lithium Pro Battery can be installed in any direction. Place the battery into the compartment.
4. **Use Foam Spacers:** If the battery compartment is larger than the TLFP-14BR, use the provided foam spacers to create a tight, secure fit. This prevents movement and potential damage.
5. **Connect Terminals:** Connect the positive (+) terminal first, then the negative (-) terminal. Use the supplied M6 battery bolts. **Note:** M5 battery cable eyelets may need to be widened for proper fitment with the M6 bolts. Ensure connections are secure but do not overtighten.
6. **Secure Battery:** Use any existing battery straps or clamps in your vehicle to further secure the battery.

Image 4.2: Additional compatible vehicle models listed in the fitment guide.

Image 4.3: Further compatible vehicle models listed in the fitment guide.

5. OPERATION

The Tusk Lithium Pro Battery is designed for immediate use after proper installation. It features a test button with an LED indicator to display the state of charge.

- **Checking State of Charge:** Press the "TEST" button located on the battery. The LED indicator will illuminate, showing the current charge level.
- **Charging:** A lithium-specific charger is recommended for optimal battery health. Ensure your charger is compatible with LiFePO4 batteries and does not have an automatic "desulfation mode" that cannot be disabled.

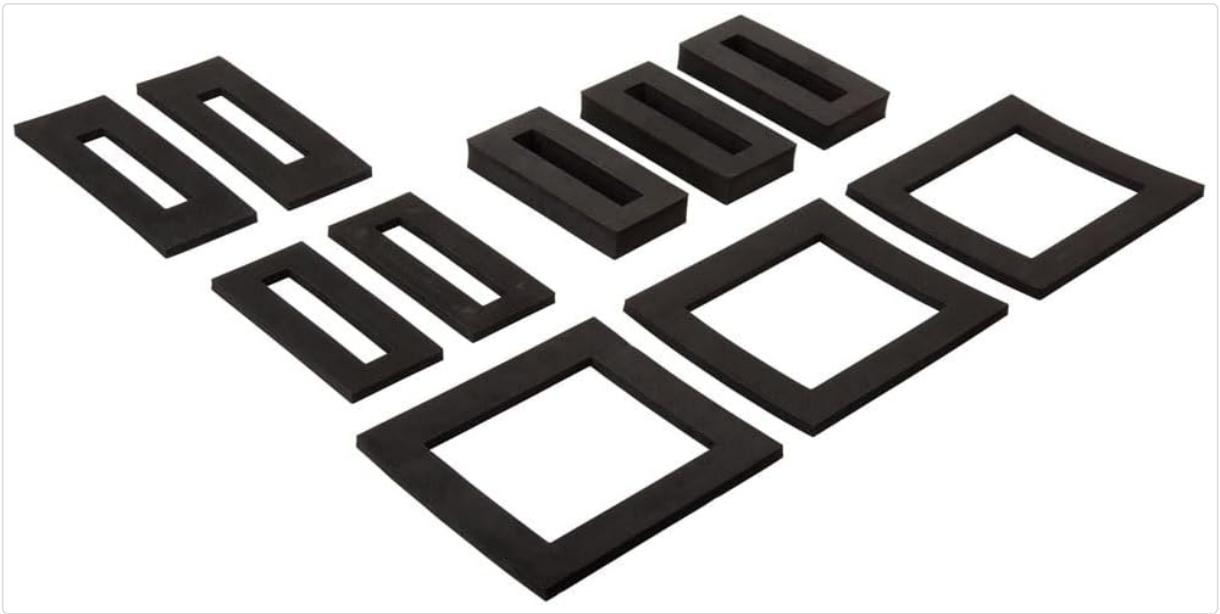

Image 5.1: Close-up view of the test button and LED state of charge indicator on the battery.

6. MAINTENANCE

Proper maintenance ensures the longevity and performance of your Tusk Lithium Pro Battery:

- **Regular Charging:** If the vehicle is stored for extended periods, charge the battery at least every 6 months or when the voltage drops below 12.8V.
- **Storage Conditions:** Store the battery in a cool, dry, and well-ventilated area. Avoid direct sunlight and extreme temperatures.
- **Terminal Inspection:** Periodically check battery terminals for corrosion and ensure connections remain tight. Clean terminals if necessary.

7. TROUBLESHOOTING

If you experience issues with your Tusk Lithium Pro Battery, consider the following:

- **No Power/Low Power:** Check the battery's state of charge using the test button. If low, charge the battery with a compatible LiFePO4 charger. Ensure all terminal connections are clean and secure.
- **Battery Not Charging:** Verify that your charger is specifically designed for LiFePO4 batteries and is functioning correctly. Ensure proper connection between the charger and battery.
- **Vehicle Not Starting:** Confirm the battery is fully charged and properly connected. If the issue persists, consult a qualified mechanic to check the vehicle's electrical system.

For persistent issues or concerns not addressed here, please contact Tusk customer support.

8. SPECIFICATIONS

Feature	Specification
Model Number	TLFP-14BR
Battery Type	Lithium Iron Phosphate (LiFePO4)
Cold Cranking Amps (CCA)	280 CCA
Watt-hours (Wh)	48 Wh
Number of Cells	4
Resistance	0.02 Ohms
Terminal Type	Button Terminal
Product Dimensions	6.5 x 4 x 7.5 inches
Item Weight	2.48 pounds

9. WARRANTY AND SUPPORT

Warranty: Tusk offers a Limited Two-Year Warranty (pro-rated) on Tusk Lithium batteries for defects in material and/or workmanship. Please retain your proof of purchase for warranty claims.

Customer Support: For technical assistance, warranty inquiries, or further information, please visit the official TUSK website or contact their customer service department. Refer to your purchase documentation for specific contact details.
