

COLSUR COLSUR 3-in-1 Wireless Charging Station with Alarm Clock

COLSUR 3-in-1 Wireless Charging Station with Alarm Clock User Manual

Model: B0B93DK5VM

Brand: COLSUR

1. PRODUCT OVERVIEW

The COLSUR 3-in-1 Wireless Charging Station is a versatile device designed to simplify your charging needs while offering additional functionalities like an alarm clock and a night light. It supports simultaneous wireless charging for compatible smartphones, smartwatches, and wireless earbuds. The integrated alarm clock features adjustable brightness, and the night light offers multiple color modes and dimmable settings for personalized ambiance.

2. SETUP GUIDE

2.1 Package Contents

- COLSUR 3-in-1 Wireless Charging Station
- QC3.0 (9V/2A) Adapter
- User Manual

2.2 Initial Power Connection

Connect the provided QC3.0 adapter to the charging station's power input port. Plug the adapter into a standard wall outlet. The alarm clock display will illuminate, indicating the device is powered on.

2.3 Installing Watch and Earbud Chargers

The charging station includes a portable cable storage box for your smartwatch and earbud charging cables. This box is designed to neatly house the respective charging cables (not included) and connect to the main base. Ensure the cables are properly routed and secured within the box for optimal charging and a tidy setup.

4. MAINTENANCE

4.1 Cleaning

To clean the charging station, disconnect it from the power source. Use a soft, dry cloth to wipe down the surfaces. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or internal components.

4.2 Storage

When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.

5. TROUBLESHOOTING

5.1 Device Not Charging Wirelessly

- Ensure your device is Qi-enabled and properly aligned on the charging pad.
- Check if the device's case thickness exceeds 5mm, as this may interfere with charging.
- Verify that the charging station is securely connected to the QC3.0 adapter and power outlet.
- Remove any metal objects or foreign materials between the device and the charging pad.

5.2 Alarm Clock Not Functioning

- Ensure the alarm is set correctly and activated.
- Check the volume settings for the alarm.
- Verify the time is set accurately.

5.3 Night Light Not Responding

- Ensure the device is powered on.
- Gently tap the touch control area to activate or change settings.

6. SPECIFICATIONS

Feature	Detail
Brand	COLSUR
Connectivity Technology	Wireless, Interface
