Heybly HCT101SR

Heybly Cat Tree HCT101SR Instruction Manual

Model: HCT101SR

1. INTRODUCTION

Thank you for choosing the Heybly Cat Tree HCT101SR. This all-in-one cat furniture is designed to provide a comfortable and engaging environment for your cat while integrating seamlessly into your home decor. It features a multi-level structure with a hidden litter box enclosure, a dedicated feeding station, various perches, and scratching areas.

This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your cat tree.

2. SAFETY INSTRUCTIONS

- Always place the cat tree on a flat, stable surface to prevent tipping.
- Keep the cat tree indoors and away from direct sunlight, excessive moisture, and heat sources.
- Regularly inspect all components for wear, damage, or loose parts. Tighten screws as needed.
- Ensure all parts are securely assembled before allowing your cat to use the tree.
- Keep small children away from the cat tree during assembly and supervise them when cats are using it.
- This product is designed for cats. Do not allow other pets or humans to climb on it.

3. PACKAGE CONTENTS

Please check the packaging carefully to ensure all components are present and undamaged. While specific component lists are typically provided in a separate assembly guide, generally, your package should include:

- Wooden panels for the base enclosure and condo.
- Scratching posts wrapped in sisal rope.
- Plush perches and a hammock.
- Hardware (screws, connectors, adjustable feet).
- Assembly tools (usually an Allen wrench).
- Instruction manual (this document).

4. SETUP AND ASSEMBLY

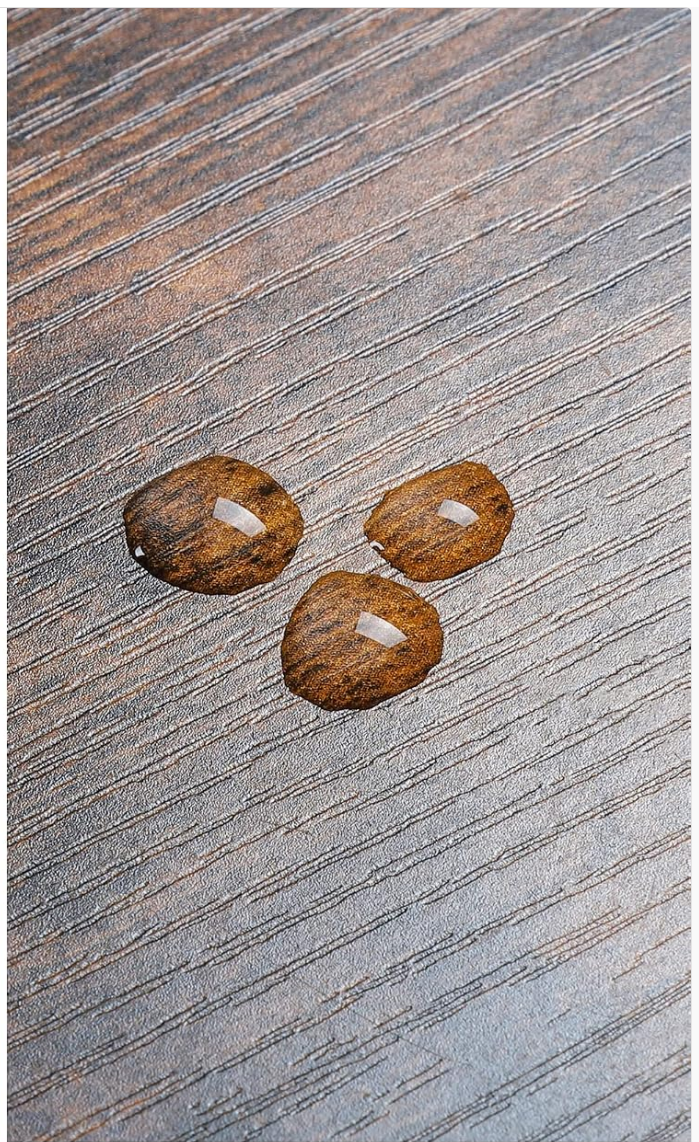

Assembly of the Heybly Cat Tree HCT101SR is designed to be straightforward. It is recommended to follow the step-by-step assembly diagram provided in your package. Ensure you have adequate space and possibly a second person for assistance.

Assembly Tips:

- **Review all parts:** Before starting, lay out all components and hardware to verify everything is present.
- **Do not overtighten screws:** Tighten screws firmly, but avoid excessive force to prevent damage to the wooden panels.
- **Adjustable feet:** Once assembled, use the adjustable feet at the base to level the cat tree and ensure maximum stability on uneven floors.
- **Litter box opening:** Pay attention to the orientation of the litter box enclosure panels if you prefer the entrance on a specific side.

Image 4.1: Dimensions of the Heybly Cat Tree HCT101SR. The overall height is 49.60 inches. The top perch has a diameter of 11.81 inches. The basket has a diameter of 13.78 inches. The middle condo is 11.81 inches wide and 12.05 inches high. The bottom litter box enclosure is 19.37 inches wide, 17.72 inches deep, and 16.93 inches high.

Strong Magnetic Locks

Make sure the door closes more firmly

Durable Tabletop

Water-resistant and wear resistant

Image 4.2: Details of the Heybly Cat Tree HCT101SR. The left image shows strong magnetic locks on the inside of the enclosure door, ensuring it closes securely. The right image displays water droplets on the durable tabletop, highlighting its water-resistant and wear-resistant properties.

5. OPERATING INSTRUCTIONS

The Heybly Cat Tree HCT101SR offers multiple functionalities for your cat's comfort and entertainment.

Litter Box Enclosure:

- The spacious bottom cabinet is designed to discreetly house a standard litter box, providing a private space for your cat.
- The door features magnetic locks to keep it securely closed, and vents to allow for air circulation and soft light.

Feeding Station:

- An individual feeding bowl can be placed on the elevated platform, providing a dedicated and undisturbed eating area for your cat, away from other household pets.

Resting and Play Areas:

- The multi-level design includes a plush top perch, a comfortable hammock, and a cozy condo, offering various spots for your cat to rest, observe, and play.
- Sisal-wrapped scratching posts encourage healthy scratching habits, protecting your furniture.

Image 5.1: All-in-one design of the Heybly Cat Tree HCT101SR. This image illustrates the different zones: a plush top perch for resting, an elevated platform for eating, and a private enclosure at the base.

Dogs Can't Reach Independent Eating Space

Image 5.2: Elevated feeding station. A cat is shown eating from a bowl on the upper platform, demonstrating how the design provides an independent eating space that is inaccessible to dogs.

6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will extend the life of your Heybly Cat Tree HCT101SR and ensure a hygienic environment for your cat.

- **Surface Cleaning:** The smooth board surfaces are waterproof and wear-resistant. Wipe them down with a damp cloth and mild detergent as needed. Dry thoroughly.
- **Removable Cushions:** The top perch and pads are removable and washable. Follow care instructions on the labels for best results, typically hand washing.
- **Litter Box Enclosure:** Clean the interior of the litter box cabinet regularly to prevent odors. Remove the litter box for thorough cleaning.
- **Scratching Posts:** While sisal rope is durable, inspect scratching posts for significant wear and tear.

- **General Inspection:** Periodically check all connections and tighten any loose screws to maintain structural integrity.

Image 6.1: Removable cushion. This image shows a hand lifting the plush cushion from the top perch, demonstrating that it is removable for easy cleaning.

Image 6.2: Easy to clean surface. A hand is shown wiping small debris from the wooden surface, illustrating the ease of cleaning the cat tree's durable tabletop.

7. TROUBLESHOOTING

If you encounter any issues with your Heybly Cat Tree HCT101SR, refer to the following common problems and solutions:

- **Instability:** If the cat tree wobbles, ensure it is placed on a level surface. Adjust the leveling feet at the base until the tree is stable. Check all screws and tighten any that are loose.
- **Doors Not Closing Securely:** Verify that the magnetic locks are properly aligned and free of obstructions. Ensure the door hinges are securely fastened.
- **Cat Not Using Litter Box Enclosure:** Cats may need time to adjust to a new litter box location. Ensure the litter box inside is clean and familiar to your cat. Consider using catnip or treats to encourage exploration.
- **Cat Not Using Scratching Posts:** Some cats prefer different scratching textures or orientations. Try encouraging use with catnip spray on the sisal posts.
- **Assembly Difficulties (Holes Not Aligning):** Double-check the assembly instructions and diagrams to ensure parts are oriented correctly. If minor misalignment occurs, gentle pressure or a power drill (used carefully at low torque) may be needed, but avoid forcing components.
- **Litter Box Messes Inside Enclosure:** If your cat has aim issues, consider placing plastic urine guards or pee pads along the interior walls of the enclosure to simplify cleaning.

8. SPECIFICATIONS
