PACKAGE CONTENTS

Please check the package for the following items:

- Tronsmart Bang Mini Portable Bluetooth Speaker
- USB-C Charging Cable
- AUX Cable
- User Manual (this document)

SETUP

1. Charging the Speaker

Before first use, fully charge the speaker. The built-in 8000mAh (7.4V 4000mAh) battery provides up to 15 hours of playtime on a single charge. Charging typically takes about 4 hours.

1. Connect the provided USB-C charging cable to the Type-C Charging port on the speaker.
2. Connect the other end of the USB-C cable to a compatible USB power adapter (not included).
3. The charging indicator lights will show the charging status.

3. Bluetooth Pairing

The Tronsmart Bang Mini uses Bluetooth 5.3 for a stable connection. Follow these steps to pair your device:

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing blue light).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for "Tronsmart Bang Mini".
3. Select "Tronsmart Bang Mini" from the list of available devices to connect. You will hear an audible prompt upon successful connection.

For quick pairing, the speaker also supports NFC. Simply tap your NFC-enabled device to the NFC area on the speaker to establish a connection.

6. True Wireless Stereo (TWS) Pairing

You can pair two Tronsmart Bang Mini speakers together to achieve 100W powerful stereo sound for an immersive audio experience.

1. Ensure both speakers are powered on and disconnected from any devices.
2. Press the 'Stereo Pairing' button once on either speaker to enter stereo pairing mode. The speakers will automatically connect to each other.
3. Once successfully paired, you will hear a prompt.
4. Search and click 'Tronsmart Bang Mini' on your device's Bluetooth settings to pair.
5. To exit stereo pairing mode, press the 'Stereo Pairing' button once on either speaker.

MAINTENANCE

1. Cleaning

To maintain the appearance and functionality of your speaker, clean it regularly:

- Use a soft, dry cloth to wipe the exterior surfaces.
- Do not use abrasive cleaners, alcohol, benzene, or other chemicals, as these may damage the surface or the protective coating.

2. Water Resistance (IPX6)

The Tronsmart Bang Mini is IPX6 waterproof, meaning it is protected against high-pressure water jets from any direction. This makes it suitable for outdoor use and near water, but it should not be submerged.

- Ensure all port covers are securely closed before exposing the speaker to water.
- After exposure to water, wipe the speaker dry with a soft cloth.
- Do not charge the speaker if the charging port is wet.

Image: The Tronsmart Bang Mini speaker placed on a beach, highlighting its IPX6 waterproof rating, suitable for outdoor environments.

3. Storage

- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the battery to about 50% every few months to prolong battery life.

TROUBLESHOOTING

If you encounter issues with your Tronsmart Bang Mini, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully.
Cannot pair with Bluetooth device.	Speaker is not in pairing mode or already connected to another device.	Ensure the speaker is in pairing mode. Disconnect from other devices if necessary. Try resetting the speaker.
No sound or low volume.	Volume too low on speaker or connected device; incorrect input source.	Increase volume on both speaker and device. Check AUX cable connection if applicable.
Distorted sound.	Volume too high; weak Bluetooth signal.	Decrease volume. Move device closer to the speaker.
Cannot enter TWS pairing mode.	Speakers are already connected to a device.	Ensure both speakers are disconnected from any Bluetooth devices before attempting TWS pairing.

Resetting the Speaker

If the speaker is unresponsive or experiencing persistent issues, you can perform a factory reset:

- Press and hold the 'Play/Pause' button for 8 seconds to reset the speaker.

Your browser does not support the video tag.
