JBL Endurance Run 2

JBL Endurance Run 2 Wired Earphones User Manual

INTRODUCTION

Welcome to the user manual for your JBL Endurance Run 2 wired in-ear sports earphones. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your earphones to ensure optimal performance and longevity.

Key Features

- **Fliphook Technology:** Flexible two-way design allows wearing the headphones either in-ear or behind-the-ear for comfort and stability.
- **TwistLock and Flexsoft Technologies:** Ergonomically built to ensure a secure fit that never hurts and stays in place during intense workouts.
- **IPX5 Sweatproof:** Designed to withstand sweat and water, making them suitable for high-intensity outdoor or indoor workout sessions.
- **JBL Pure Bass Sound:** Delivers bold sound with rich bass through 8.2mm dynamic drivers.
- **Hands-Free Calls:** Features an in-line one-button remote with a microphone for easy call management.
- **Magnetic Earbuds:** Provides tangle-free cable management when the earphones are not in use.

WHAT'S IN THE BOX

Your JBL Endurance Run 2 package includes the following items:

- 1 x Endurance Run 2 Wired Earphones
- 3 x Sizes of Ear Tips (S, M, L)
- 1 x Enhancer
- 1 x Warranty / Warning Card
- 1 x Safety Sheet / Quick Start Guide (QSG)

SETUP

1. Choosing the Right Ear Tips and Enhancers

For optimal sound quality and a secure fit, select the ear tips and enhancers that best suit your ears. Experiment with the different sizes provided to find the most comfortable and stable fit.

2. Wearing the Earphones (FlipHook Design)

The JBL Endurance Run 2 features FlipHook technology, allowing you to wear the earphones in two ways:

- **In-Ear:** Insert the earbuds directly into your ear canal.
- **Behind-the-Ear:** Loop the cable over your ear for added security, especially during physical activity. This method utilizes the TwistLock and FlexSoft technologies to keep the earphones firmly in place without discomfort.

3. Connecting to Your Device

Plug the 3.5mm audio jack of your JBL Endurance Run 2 earphones into the headphone port of your smartphone, tablet, laptop, or any compatible audio device.

OPERATING YOUR EARPHONES

1. In-line Remote Control

The in-line remote allows for convenient control of your audio and calls:

- **Single Press:** Play/Pause audio, Answer/End calls.
- **Long Press:** Activate your device's voice assistant (Google Now or Siri).

2. Magnetic Earbuds for Cable Management

When not in use, the earbuds can be magnetically attached to each other. This feature helps prevent tangling and makes storage easier.

3. Sweatproof Design (IPX5)

The IPX5 rating ensures your earphones are protected against sweat and splashes of water. This makes them ideal for workouts and outdoor activities in various weather conditions.

Sweatproof

Designed to endure and outlast your high intensity outdoor or indoor workout sessions in any weather conditions, thanks to the IPX5 rating.

MAINTENANCE AND CARE

1. Cleaning

Regularly clean your earphones, especially after workouts. Use a soft, damp cloth to wipe down the earbuds and cable. Ensure the ear tips are free from earwax and debris for optimal sound and hygiene. Do not use harsh chemicals or abrasive materials.

2. Storage

When not in use, utilize the magnetic earbuds to keep the cable tidy and prevent tangling. Store your earphones in a clean, dry place away from extreme temperatures and direct sunlight.

3. General Care

Avoid pulling the cable forcefully when disconnecting from your device. Always grasp the 3.5mm jack. Do not expose the earphones to excessive moisture beyond their IPX5 rating, and avoid dropping them.

TROUBLESHOOTING

No Sound or Intermittent Audio

- Ensure the 3.5mm jack is fully inserted into your device's audio port.
- Check your device's volume settings.
- Test the earphones with another audio source to rule out device issues.
- Inspect the cable for any visible damage or kinks.

Poor Fit or Earphones Falling Out

- Experiment with different sizes of ear tips and enhancers to find the most secure and comfortable fit.
- Try wearing the earphones using the behind-the-ear (FlipHook) configuration for enhanced stability during activity.
- Ensure the ear tips are clean and free from any residue that might affect grip.

Microphone Not Working

- Ensure the 3.5mm jack is fully inserted into your device.
- Check your device's microphone settings and permissions for the application you are using.
- Ensure the microphone on the in-line remote is not obstructed.
