Crocofair 912XSJ

Crocofair Queen Bed Frame with Wood Headboard Instruction Manual

Model: 912XSJ

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Ensure proper assembly according to the provided instructions.
- Do not exceed the maximum weight capacity of **550 pounds**.
- Regularly check all bolts and screws to ensure they remain tight.
- Keep small parts away from children during assembly.
- Avoid standing or jumping on the bed frame.

PRODUCT OVERVIEW

The Crocofair Queen Bed Frame (Model 912XSJ) is a metal platform bed designed for use without a box spring. It features a sturdy steel construction with a rustic brown wood headboard, offering a classic aesthetic and reliable support.

- **Dimensions:** Approximately 82.68" L x 59.68" W x 34.65" H.
- **Under-bed Clearance:** 10.63 inches for storage.
- **Material:** Metal frame with wood headboard.
- **Weight Capacity:** Up to 550 pounds.
- **Features:** Noise-free design, enhanced support legs, no box spring required.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Headboard components
- Footboard components
- Side rails
- Support legs
- Metal slats
- Hardware pack (bolts, nuts, washers, Allen wrench)
- Installation Manual

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults and takes approximately 1 hour. Follow the numbered steps in the included installation manual. Ensure all connections are secure before use.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify each part by its corresponding label in the manual.
2. **Assemble Headboard and Footboard:** Attach the wood panels to the metal frames of the headboard and footboard using the specified hardware. Do not overtighten bolts initially.
3. **Connect Side Rails:** Attach the side rails to the assembled headboard and footboard. Ensure the hooks or connection points align correctly.
4. **Install Center Support Legs:** Securely attach the center support legs to the designated crossbars or frame sections. These are crucial for stability and weight distribution.
5. **Place Metal Slats:** Lay the metal slats across the bed frame, ensuring they are evenly spaced and securely fastened to the side rails. The noise-free design helps prevent creaking.
6. **Final Tightening:** Once all parts are assembled, go back and securely tighten all bolts and screws. Do not overtighten to avoid stripping.

OPERATING INSTRUCTIONS

This bed frame is designed for supporting a queen-sized mattress directly, eliminating the need for a box spring. Place your mattress directly onto the metal slats.

- Ensure the mattress is centered on the frame for even weight distribution.
- The 10.63-inch clearance beneath the bed can be used for storage with appropriate bins or containers.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal frame and wood headboard with a dry cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they are tight. Retighten if necessary to maintain stability and prevent noise.
- **Weight Distribution:** Avoid concentrating heavy loads on a single point of the bed frame.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is squeaking.	Loose bolts or connections.	Check and tighten all bolts and screws on the frame, especially where slats connect to side rails.
Bed frame feels unstable or wobbly.	Incomplete assembly or loose support legs.	Verify all parts are correctly assembled and all support legs are firmly on the ground. Retighten all hardware.
Mattress sags in certain areas.	Improper slat placement or damaged slats.	Ensure slats are evenly spaced and securely attached. Inspect slats for damage and replace if necessary.

SPECIFICATIONS

- **Model Number:** 912XSJ
- **Size:** Queen
- **Material:** Metal (frame), Wood (headboard)
- **Product Dimensions (L x W x H):** 82.68" x 59.68" x 34.65" (2.1L x 1.52W x 0.88H Meters)
- **Under-bed Clearance:** 10.63 inches
- **Weight Capacity:** 550 Pounds
- **Color:** Black frame with Rustic Brown headboard
- **Assembly Required:** Yes
- **Special Features:** No Box Spring Needed, Squeak Resistant, Enhanced Support Legs
- **Care Instructions:** Wipe with Dry Cloth
