Padmate S30

Padmate S30 Bone Conduction Bluetooth Wireless Headphones User Manual

Brand: Padmate | **Model:** S30

1. INTRODUCTION AND OVERVIEW

The Padmate S30 Bone Conduction Bluetooth Wireless Headphones are designed for comfortable, open-ear listening, making them ideal for workouts, office use, and general daily activities. These headphones utilize bone conduction technology to deliver sound, allowing you to remain aware of your surroundings.

Key Features:

- **Open-Ear Comfort:** Innovative design with a lightweight wraparound frame for comfortable, earplug-free listening.
- **Waterproof & Dustproof (IPX6):** Certified to resist sweat, dust, and moisture, suitable for various sports and outdoor activities.
- **Extended Battery Life:** Provides 7-8 hours of continuous music or call time, with up to 15 days of standby time. Features a convenient Type-C charging port.
- **360-degree Bendable Design:** Flexible silicone construction on the zygomatic bone ensures prolonged wear without pressure, suitable for various head sizes.

2. SETUP GUIDE

2.1 Charging the Headphones

Before first use, fully charge the headphones. A full charge typically takes approximately 1.5 to 2 hours.

1. Locate the Type-C charging port on the headphones.
2. Connect the provided Type-C charging cable to the headphones.
3. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
4. The LED indicator will show the charging status (e.g., red for charging, blue/green for fully charged). Refer to the specific LED behavior in your product's quick start guide.

2.2 Pairing with a Device

The headphones can be paired with any Bluetooth-enabled device, such as smartphones, tablets, or computers.

1. Ensure the headphones are turned off.
2. Press and hold the multi-function button (usually the power button) for approximately 5-7 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device, go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices. "Padmate S30" or "S30" should appear in the list.
5. Select "Padmate S30" to connect. Once connected, the LED indicator will typically show a solid blue light or flash blue slowly.
6. If prompted for a password, enter "0000".

3. OPERATING INSTRUCTIONS

3.1 Power On/Off

- **Power On:** Press and hold the multi-function button for 3 seconds until the LED indicator flashes blue.
- **Power Off:** Press and hold the multi-function button for 5 seconds until the LED indicator flashes red and then turns off.

3.2 Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press and hold the Volume + button for 2 seconds.
- **Previous Track:** Press and hold the Volume - button for 2 seconds.
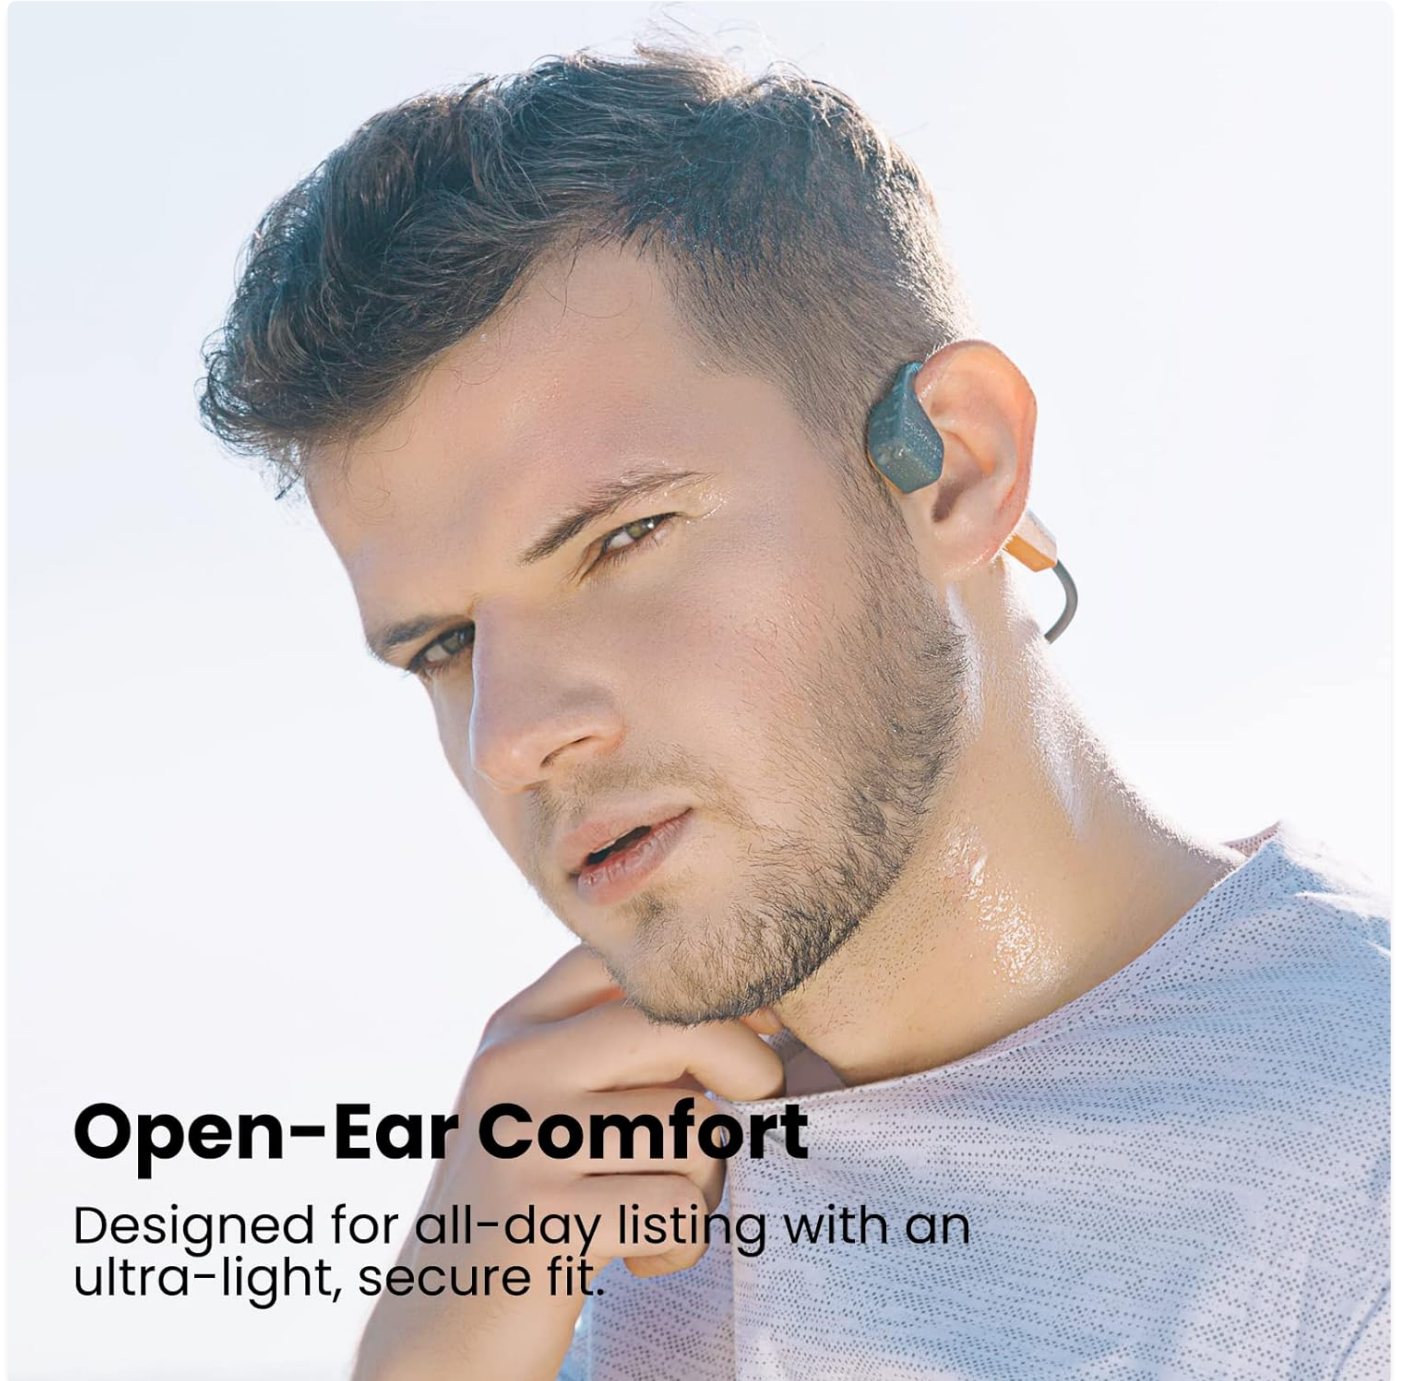

3.3 Call Management

- **Answer/End Call:** Press the multi-function button once during an incoming call.

- **Reject Call:** Press and hold the multi-function button for 2 seconds during an incoming call.
- **Redial Last Number:** Double-press the multi-function button.

3.4 Volume Control

- **Increase Volume:** Press the Volume + button.
- **Decrease Volume:** Press the Volume - button.

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Padmate S30 headphones.

4.1 Cleaning

- Wipe the headphones with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.

- Ensure the charging port is dry before charging.
- Despite being IPX6 waterproof, avoid submerging the headphones in water for extended periods.

4.2 Storage

- Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- When not in use for a long time, charge the headphones at least once every three months to maintain battery health.

Figure 4: The IPX6 waterproof rating ensures the headphones are protected against sweat and rain.

5. TROUBLESHOOTING

If you encounter issues with your Padmate S30 headphones, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; Bluetooth off on device; device too far.	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move device closer to headphones (within 10 meters).
No sound or low volume.	Volume too low on headphones or device; headphones not connected; audio source issue.	Increase volume on both headphones and device. Reconnect headphones. Check audio source.
Sound quality is poor.	Interference; device too far; low battery.	Move away from sources of interference. Move device closer. Charge headphones.
Headphones vibrate on cheeks.	Normal operation for bone conduction at high bass/volume.	This is a characteristic of bone conduction technology. Reduce volume if uncomfortable.

6. SPECIFICATIONS

|
