Setup

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the supplied USB charging cable to the charging port on the case and a USB power source. The indicator lights on the case will show charging status.

Image: JVC HA-A3T earbuds and case, highlighting 22 hours total battery life, quick charge capability, and IPX4 water resistance.

Image: A visual representation of the JVC HA-A3T's battery life: 7 hours from the earbuds plus 15 hours from the charging case, totaling 22 hours.

2. Pairing with Your Device

1. Open the charging case and remove both earbuds. They will automatically power on and enter pairing mode.
2. On your smartphone or audio device, enable Bluetooth.
3. Search for "JVC HA-A3T" in the list of available devices and select it to connect.
4. Once connected, you will hear a confirmation tone, and the earbud indicator lights will turn off or flash slowly.

Auto Connect: After initial pairing, the earbuds will automatically power on and connect to your last paired device when removed from the charging case.
Single Earbud Use: Either the left or right earbud can be used independently for mono listening or calls.

Maintenance

Cleaning Your Earbuds

Regular cleaning helps maintain sound quality and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. Do not use harsh chemicals or abrasive materials.

Water Resistance (IPX4)

The JVC HA-A3T earbuds are IPX4 water resistant, meaning they are protected against splashing water from any direction. This makes them suitable for workouts and outdoor activities. However, they are not designed for submersion in water or exposure to strong jets of water.

- Do not rinse the earbuds under running water.
- Do not wear them while swimming or showering.

- If the earbuds get wet, wipe them dry thoroughly before placing them back in the charging case.

Image: JVC HA-A3T earbuds shown with water splashes, illustrating their IPX4 water resistance, suitable for sweat and light rain.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter issues with your JVC HA-A3T earbuds, please refer to the following common solutions:

- **No Sound:**
  - Ensure earbuds are charged.
  - Check Bluetooth connection on your device.
  - Increase volume on both your device and earbuds.

    - Try re-pairing the earbuds.

- **Earbuds Not Pairing:**
    - Ensure earbuds are in pairing mode (indicator lights flashing).
    - Turn off Bluetooth on other nearby devices that might be connected.
    - Place earbuds back in the case, close it, wait a few seconds, then remove them to reset.
    - Forget "JVC HA-A3T" from your device's Bluetooth list and try pairing again.
- **Charging Issues:**
    - Ensure the charging cable is securely connected.
    - Try a different USB port or power adapter.
    - Clean the charging contacts on both the earbuds and the case with a dry cotton swab.
- **Poor Sound Quality:**
    - Ensure earbuds are clean and free of debris.
    - Check for interference from other wireless devices.
    - Ensure the earbuds are properly seated in your ears.

If the problem persists, please contact JVC customer support for further assistance.

Specifications
