Important Safety Instructions

To prevent injury or damage, always adhere to the following safety guidelines:

- **Tip-Over Prevention:** Furniture tip-overs can cause serious or fatal injuries. Always secure the chest to a wall using an anti-tip kit (if provided or recommended by the manufacturer). Never allow children to climb on drawers or shelves.
- **Weight Distribution:** Distribute weight evenly across drawers. Avoid placing excessively heavy items in the top drawers, which can increase the risk of tipping.
- **Stable Placement:** Place the chest on a level, stable surface. Uneven surfaces can cause instability.

and potential tipping.

- **Avoid Overloading:** Do not overload drawers beyond their intended capacity.
- **Supervision:** Always supervise children around furniture.

Key Product Features

The Glory Furniture Verona 5 Drawer Wood Chest is designed with the following characteristics:

- **Construction:** Crafted from real wood veneers over manufactured and solid wood for durability and aesthetic appeal.

- **Drawer Design:** Features an embossed "X" design on each drawer front, adding a distinctive visual element.
- **Drawer Mechanism:** Equipped with English dovetailed drawers and metal center guides with a positive stop for smooth and reliable operation.
- **Stability:** Corner blocks are utilized to support drawer bottoms, enhancing structural integrity.
- **Finish:** Presented in a sophisticated Charcoal Metallic Black finish.
- **Assembly:** This unit comes fully assembled for immediate use.

Initial Setup and Placement

Your Verona 5 Drawer Wood Chest arrives fully assembled, requiring no complex construction. Follow these steps for initial setup:

1. **Unpacking:** Carefully remove all packaging materials. Inspect the chest for any signs of damage during transit.
2. **Placement:** Choose a level and stable location for the chest. Ensure adequate space around the unit for drawer operation and cleaning.
3. **Leveling:** If the floor is uneven, use furniture glides or shims under the base to ensure the chest is level and does not wobble.
4. **Anti-Tip Kit Installation:** For safety, it is highly recommended to install an anti-tip restraint device. Follow the instructions provided with your anti-tip kit to secure the chest to a wall.

Drawer Operation

The drawers of your Verona chest are designed for smooth and reliable use:

- **Opening and Closing:** Gently pull or push the drawer handles to open and close. The metal center guides ensure smooth movement.
- **Positive Stop:** Drawers feature a positive stop mechanism to prevent them from being accidentally pulled out completely. To remove a drawer for cleaning or access, you may need to engage a release lever on the drawer slides (consult specific slide instructions if needed).

- **Weight Capacity:** Avoid overloading drawers. Distribute items evenly to maintain smooth operation and prevent strain on the drawer slides and structure.

Care and Maintenance Guidelines

Proper care will help preserve the beauty and longevity of your Glory Furniture Verona chest:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or polishes that may damage the finish. Dry immediately with a clean, soft cloth.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not allow liquids to sit on the surface.
- **Heat and Moisture:** Protect the surface from extreme heat and moisture. Use coasters under beverages and avoid placing hot items directly on the chest.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the finish.
- **Moving:** When moving the chest, always lift it rather than dragging it to prevent damage to the legs and structure.
- **Drawer Lubrication:** If drawers become stiff over time, a silicone-based lubricant can be applied sparingly to the metal drawer guides.

Troubleshooting Common Issues

Here are solutions to some common issues you might encounter:

- **Wobbling Chest:** Ensure the chest is placed on a level surface. Adjust furniture glides or use shims under the base until stable.
- **Sticking Drawers:** Check for obstructions within the drawer slides. Ensure drawers are not overloaded. A small amount of silicone lubricant on the metal guides can improve smoothness.
- **Loose Drawer Pulls:** Tighten any loose drawer pulls with a screwdriver. Do not overtighten.

- **Minor Scratches:** For minor surface scratches, a furniture touch-up pen or wax stick matching the finish color may be used. Test in an inconspicuous area first.
