4. SETUP INSTRUCTIONS

1. **Locate the USB Receiver:** The 2.4G USB A/Type C dual receiver is stored in a compartment on the bottom of the mouse. Gently remove it.

2. **Connect the Receiver:** Plug the USB receiver into an available USB-A or USB-C port on your computer, laptop, console, or compatible device. The system should automatically detect and install the necessary drivers.

3. **Power On Devices:** Ensure both the keyboard and mouse are charged (refer to Section 5.5 for charging instructions). Turn on the power switches for both devices. The keyboard and mouse will automatically connect to the receiver.

4. **Verify Connection:** Test the keyboard and mouse functionality. If they do not respond, ensure the receiver is securely plugged in and the devices are powered on.

5. OPERATING INSTRUCTIONS

5.1. Keyboard Features

- **RGB Backlighting:** The keyboard features Chroma RGB backlighting with 7 solid colors and approximately 12 different backlight modes. Use the dedicated backlight control keys (refer to your keyboard layout for specific keys, often Fn + Scroll Lock or similar) to cycle through modes and adjust brightness.
- **Multimedia Keys:** Utilize the FN key in combination with F1-F12 keys for various multimedia functions (e.g., volume control, media playback, web browser).
- **Mechanical Feel:** The keyboard is designed with a mechanical feel for responsive typing and gaming.
- **Metal Panel:** Features a high-strength metal panel for durability and a premium feel.

5.2. Mouse Features

- **Adjustable DPI:** The mouse offers 4 adjustable DPI levels (1200-2400-3600-4800) to suit different tasks and preferences. Use the DPI button (usually located near the scroll wheel) to cycle through the settings.
- **Breathing Backlight:** The mouse features a breathing backlight design that changes colors.
- **Silent Buttons:** Designed with silent click buttons to reduce noise during use.
- **Ergonomic Design:** Shaped for comfortable hand grip, reducing fatigue during extended use.

5.3. Smart Energy-saving

Both the keyboard and mouse are equipped with smart energy-saving functions. If there is no operation within 7 minutes, they will automatically enter sleep mode to conserve battery. Press any key on the keyboard or move the mouse to wake them up.

5.4. Wireless Range

The 2.4G wireless connection provides a stable connection up to 30 feet (10 meters), allowing for flexible placement and use.

6. CHARGING INSTRUCTIONS

The keyboard and mouse feature built-in rechargeable batteries:

- The keyboard has a 3200 mAh battery.
- The mouse has a 1000 mAh battery.

To charge, connect the provided USB-A to USB-C cable to the respective charging ports on the keyboard and mouse, and then to a power source (e.g., computer USB port, USB wall adapter). It takes approximately 4 hours for both devices to be fully charged.

7. MAINTENANCE

To ensure the longevity and optimal performance of your keyboard and mouse combo:

- Keep the devices clean by wiping them with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Do not expose the devices to extreme temperatures, direct sunlight, or moisture.
- Avoid dropping or subjecting the devices to strong impacts.
- Store the USB receiver safely within the mouse when not in use to prevent loss.

8. TROUBLESHOOTING

If you experience connection issues, input delay, or unresponsive keys, please try the following:

- Ensure the USB-C dongle is fully inserted and clean.
- Check that the batteries are fully charged.
- Update or reinstall drivers to ensure the device is properly recognized by your operating system.
- Keep the keyboard and dongle at an appropriate distance (within 30 feet) and away from potential sources of wireless interference (e.g., other 2.4GHz devices, large metal objects).
- Close unnecessary background programs on your computer that might be consuming system resources and affecting performance.
- Adjust keyboard/mouse settings in your operating system for optimal performance.

If the issue persists after trying these steps, please contact customer support for further assistance.
