MAINTENANCE

To ensure the longevity of your Hot Wheels vehicles, keep them clean and free from dust and debris. Wipe with a soft, dry cloth as needed. Avoid exposing the toys to extreme temperatures or direct sunlight for prolonged periods, as this may affect the paint and material integrity. Store in a cool, dry place when not in use.

TROUBLESHOOTING

- Wheels not rolling smoothly:** Check for any hair, lint, or small debris caught in the axles. Carefully remove any obstructions.
- Paint chipping:** While these are die-cast for durability, excessive rough play or impact can cause minor paint chips. This is normal wear and tear for toy vehicles and does not affect functionality.
- Vehicle not fitting on track:** Ensure the track is a standard Hot Wheels track designed for 1:64 scale vehicles. Some custom or non-Hot Wheels tracks may not be compatible.
