

VAVA VA-CL006

VAVA VA-CL006 Baby Night Light and Breastfeeding Lamp User Manual

Model: VA-CL006

1. INTRODUCTION

The VAVA VA-CL006 Baby Night Light is designed to provide a safe, soothing, and convenient lighting solution for nurseries, breastfeeding, and general indoor/outdoor use. Its intuitive touch controls, adjustable brightness, and durable, baby-safe construction make it an ideal companion for parents and children.

This image shows the VAVA VA-CL006 Baby Night Light. It has an oval, egg-like shape with a translucent, warm yellow top that emits light, and a solid white base. The VAVA logo is visible on the front of the white base, along with a small blue indicator light.

2. SAFETY INSTRUCTIONS

Please read all safety instructions carefully before using the product to ensure safe and proper operation.

- This product is made from 100% baby-safe ABS and PC materials.
- The LED light is designed to be flicker-free and gentle on eyes, preventing harm to your child's vision.
- Use only the original charging station and USB cable provided with the product.
- Do not disassemble, repair, or modify the product yourself. Contact qualified service personnel if needed.
- Keep the device away from extreme temperatures, direct sunlight, and humid environments.
- Although the product has IP65 protection, avoid submerging it in water.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x VAVA VA-CL006 Baby Night Light
- 1 x Charging Station
- 1 x USB Charging Cable
- 20 x Emoji Stickers
- 1 x User Manual

4. PRODUCT FEATURES

- **Baby-Safe Material:** Constructed from durable ABS and PC plastics, ensuring safety for children.
- **Eye-Caring LED:** Non-flickering, gentle blue-light-free LED illumination protects sensitive eyes.
- **Easy Touch Control:** Simple touch interface for power and brightness adjustment.
- **Adjustable Brightness:** Seamlessly adjust light intensity to suit various needs.
- **Comfortable Charging Station:** Provides a stable and convenient way to charge the light.
- **Long Battery Life:** Up to 200 hours on the dimmest setting, or 6 hours on the brightest setting.
- **Indoor & Outdoor Use:** Integrated silicone handle and IP65 protection make it suitable for camping or hiking.
- **1.5-Hour Sleep Timer:** Gently accompanies your baby to sleep.
- **SOS Mode:** Activates a bright, flashing light for emergency signaling.

5. SETUP

1. **Unpack:** Carefully remove the night light and all accessories from the packaging.
2. **Initial Charge:** For optimal performance, fully charge the night light before its first use. Place the light on the charging station or connect it directly via the micro USB cable. The indicator light will show charging status.

6. OPERATING INSTRUCTIONS

1. **Power On/Off & Night Light Mode:** Touch the top of the lamp for approximately 0.5 seconds to turn it on or off. This action also activates the night light mode, ideal for breastfeeding.
2. **Brightness Adjustment:** Once the light is on, touch and hold the top surface to seamlessly adjust the brightness level. Release when the desired brightness is reached.
3. **1.5-Hour Sleep Timer:** Double-tap the VAVA logo on the base of the light to activate the 1.5-hour sleep timer. The light will gradually dim and turn off after the set time.
4. **Disable Touch Control / Boost Brightness:** A button located on the side of the base allows you to disable the touch control feature. Pressing this button also increases the brightness by 30%, which can be useful for outdoor or brighter illumination needs.
5. **SOS Mode:** To activate SOS mode, refer to the specific instructions in the included quick start guide or product packaging. This mode provides a bright, flashing light for emergency situations.

7. MAINTENANCE

- **Cleaning:** Wipe the surface of the night light with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.
- **Storage:** When not in use for extended periods, store the night light in a cool, dry place, away from direct sunlight and moisture.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in constant use.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted. Touch control is disabled.	Charge the night light fully. Press the side button to re-enable touch control.
Light dims unexpectedly.	Battery is low. Sleep timer is active.	Recharge the night light. Double-tap the logo to deactivate the sleep timer.
Light does not respond to touch.	Touch control is disabled.	Press the side button to re-enable touch control.
