Zinus Figari Durable Bamboo and Metal Platform Bed Frame Instruction Manual

Model: EU-FBOBH1-39C

INTRODUCTION

This manual provides detailed instructions for the assembly, safe use, and maintenance of your Zinus Figari Durable Bamboo and Metal Platform Bed Frame. Designed for comfort and style, this bed frame features a robust steel frame and an elegant bamboo headboard, providing a stable foundation for your mattress and ample under-bed storage.

SAFETY WARNINGS

- Assemble with caution. Ensure all components are correctly aligned and securely fastened before use.
- Do not exceed the maximum weight capacity of 318 kg (for double size) to ensure safety and product longevity.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Periodically check all bolts and screws to ensure they remain tight. Loose fasteners can lead to instability and potential injury.
- Do not stand or jump on the bed frame.

PACKAGE CONTENTS

Your Zinus Figari bed frame package includes all necessary parts, tools, and instructions for assembly. Please verify all components are present before beginning assembly.

Image: Bed frame components, including metal parts and hardware, efficiently packed within the shipping box.

Included Components:

- Headboard (Bamboo slats)
- Side Rails (Metal)
- Center Support Beam(s)
- Metal Slats
- Legs
- Assembly Hardware (bolts, washers, nuts)
- Assembly Tool (ratchet wrench)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly of the Zinus Figari bed frame is designed to be straightforward. It is recommended that two people assemble the bed frame to ensure ease and safety. Please follow the step-by-step instructions provided in the included manual. A ratchet tool is provided for efficient tightening of bolts.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., carpet) to prevent scratches.
2. **Identify Parts:** Refer to the parts list in your included manual to identify each component.
3. **Assemble Headboard:** Attach the bamboo headboard slats to the headboard frame according to the diagrams.
4. **Connect Side Rails:** Securely attach the side rails to the headboard and footboard (if applicable) using the provided hardware. Do not fully tighten bolts until all major components are connected.
5. **Install Center Support:** Place and secure the center support beam(s) and any additional support legs.
6. **Attach Slats:** Lay the metal slats across the frame and secure them as instructed. Ensure even spacing.
7. **Final Tightening:** Once all components are in place, systematically tighten all bolts using the provided ratchet tool. Ensure all connections are firm and secure.
8. **Placement:** Carefully move the assembled bed frame to its desired location.

OPERATING INSTRUCTIONS (USAGE)

The Zinus Figari bed frame is designed to support various mattress types directly on its metal slat platform, eliminating the need for a box spring. Simply place your mattress directly onto the assembled slat system.

Under-Bed Storage:

This bed frame offers approximately 26.4 cm (10.4 inches) of clearance beneath the frame, providing valuable space for storage. Utilize storage bins or containers to keep items organized and out of sight.

Verstauen Sie Unordnung unter Ihrem Bett

Mit über 26 cm Platz unter dem Bett können Sie Ihre Dinge leicht organisieren und aus dem Weg räumen
out of the way

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. For the bamboo headboard, use a dry or slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all bolts and screws. Re-tighten any loose fasteners to maintain the bed frame's stability and prevent squeaking.
- **Avoid Excessive Moisture:** Protect the bamboo components from prolonged exposure to moisture to prevent warping or damage.

TROUBLESHOOTING

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws on the frame, especially at the joints and where slats connect. Ensure the mattress is properly seated.
- **Instability/Wobbling:** This is typically caused by uneven assembly or loose fasteners. Double-check that all parts are correctly aligned and all bolts are fully tightened. Ensure the bed is on a level surface.
- **Missing Parts:** If any parts are missing upon unboxing, please contact Zinus customer support immediately for assistance.
- **Incorrect Size Received:** In rare cases, an incorrect size may be shipped. Verify the dimensions of the received frame against your order. If there is a discrepancy, contact your retailer or Zinus customer support.

SPECIFICATIONS

Brand	Zinus
Model Number	EU-FBOBH1-39C
Dimensions (Length x Width)	200 cm x 140 cm
Frame Height	30.5 cm
Headboard Height (Total)	99 cm
Under-Bed Clearance	Approximately 26.4 cm
Weight	19.21 kg
