Key Features:

- **Versatile Storage:** This cabinet is suitable for use in the bathroom, living room, kitchen, or entryway, providing a convenient way to keep your space organized.
- **Ample Storage Capacity:** Features four deep, easy-sliding drawers and an enclosed cabinet with a 3-level adjustable shelf, allowing for flexible storage of various items.
- **Compact and Modern Design:** Measuring 22" x 12" x 32" (L x W x H), its compact size fits well in smaller spaces, while its louver door design and smooth lines complement various home decors.
- **Sturdy Construction:** Made from high-quality MDF board, ensuring durability and a strong weight capacity. The top can hold up to 66 lbs, each drawer 11 lbs, the adjustable shelf 17.5 lbs, and the bottom shelf 22 lbs.
- **Easy Assembly & Maintenance:** Comes with easy-to-understand instructions and numbered accessories for quick

assembly. The smooth, waterproof surface is simple to clean with a damp cloth.

SETUP AND ASSEMBLY

Before starting assembly, ensure all parts are present and undamaged. Refer to the included parts list and diagrams. Assembly is designed to be straightforward with numbered accessories and clear illustrations.

Assembly Steps:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify each part using the provided labels and diagrams.
3. Follow the step-by-step instructions, paying close attention to the orientation of each piece.
4. Secure all connections firmly, but do not overtighten screws to avoid damaging the wood.
5. Install the drawers and the adjustable shelf according to the instructions. Ensure drawers slide smoothly.
6. Attach the cabinet door, verifying proper alignment and smooth opening/closing.
7. Once assembled, place the cabinet on a flat, stable surface.

OPERATING INSTRUCTIONS

The COSTWAY Storage Cabinet is designed for intuitive use, offering flexible storage options for various household items.

Using the Drawers:

- The four deep drawers are ideal for storing smaller items such as toiletries, office supplies, or personal accessories.
- Gently pull the integrated handles to open and push to close. Ensure items are placed evenly to prevent tipping.

Utilizing the Adjustable Shelf:

- The enclosed cabinet features a shelf that can be adjusted to three different heights. This allows you to customize the storage space to fit taller or shorter items.
- To adjust the shelf, carefully remove any items, lift the shelf, and reposition it into the desired peg holes. Ensure it is securely seated before placing items back.

MAINTENANCE

Proper care and maintenance will help preserve the appearance and functionality of your COSTWAY Storage Cabinet for years to come.

Cleaning:

- The cabinet features a smooth and waterproof surface, making it easy to clean.
- Wipe down the surfaces regularly with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.
- Promptly wipe up any spills to prevent water damage or staining.

General Care:

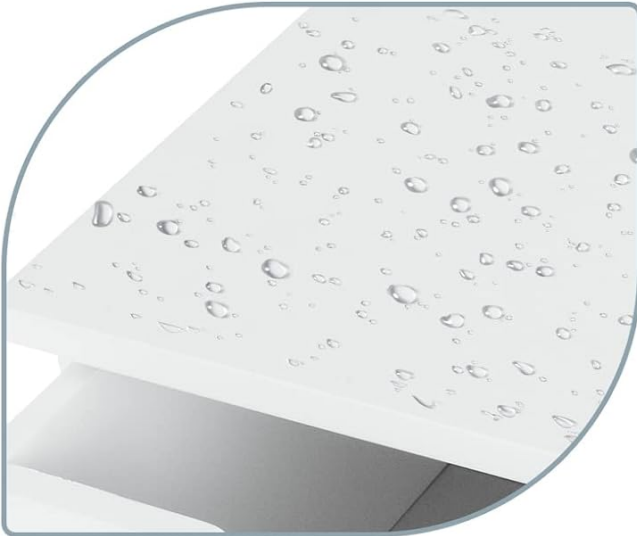

- Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- Avoid placing excessively hot or cold items directly on the cabinet surface without protective coasters.
- Do not drag the cabinet when moving it; always lift it to prevent damage to the legs or structure.

TROUBLESHOOTING AND SAFETY

Adhering to safety guidelines and understanding common issues can help ensure a safe and satisfactory experience with your cabinet.

Safety Warnings:

- Do not exceed the specified weight limits: 11 lbs per drawer, 17.5 lbs for the adjustable shelf, 22 lbs for the bottom shelf, and 66 lbs for the top surface. Overloading can cause structural damage or tipping.
- Ensure the cabinet is properly assembled according to all instructions before use. Loose connections can lead to instability.
- Keep fingers clear of drawers and cabinet doors when closing to avoid pinch points.
- If the cabinet is placed in an area where tipping is a concern (e.g., near children or pets), consider securing it to the wall using appropriate anti-tip hardware (not included unless specified).

Common Issues:

- **Wobbly Cabinet:** Check that all screws are tightened. Ensure the cabinet is on a level surface. Adjust floor glides if present.
- **Drawers Not Sliding Smoothly:** Verify that the drawer slides are correctly installed and free of obstructions. Ensure drawers are not overloaded.
- **Door Not Closing Properly:** Check hinge alignment and tightness. Ensure the magnetic catch is properly installed and aligned.
