included accessories.

SETUP

Charging the Headphones

Before first use, fully charge your ELIBOM BC01 headphones. The device features a 240mAh battery, which can be fully charged within 2 hours.

1. Locate the Micro USB charging port on the headphones.
2. Connect the provided Micro USB charging cable to the headphones and a compatible USB power source (e.g., computer USB port, wall adapter).
3. The LED indicator will show charging status and turn off when fully charged.

Powering On/Off

To power on the headphones, long press the power button until the LED indicator lights up. To power off, long press the power button again until the LED indicator turns off.

Bluetooth Pairing

The ELIBOM BC01 uses Bluetooth 5.0 for a quick and reliable connection.

1. Ensure the headphones are powered off.
2. Long press the power button until the LED indicator flashes, indicating pairing mode.
3. On your Android or iOS device, go to Bluetooth settings and search for "ELIBOM BC01".
4. Select "ELIBOM BC01" to connect. The LED indicator will change to a steady light once paired.

OPERATING INSTRUCTIONS

Music Playback and Call Control

The multifunction button allows for easy control of your audio and calls:

- **Play/Pause:** Single click the multifunction button.
- **Answer/End Call:** Single click the multifunction button during an incoming call or active call.
- **Reject Call:** Long press the multifunction button during an incoming call.
- **Next Song:** Double click the multifunction button.
- **Previous Song:** Triple click the multifunction button.
- **Volume Up/Down:** Use the dedicated volume buttons (+/-) located near the power button.

Connect Easy

You can connect to any devices with Bluetooth (mobile devices, Tablet, PC), easily and hassle-free.

Situational Awareness

The open-ear design of the BC01 headphones allows you to hear your audio while remaining aware of your surroundings. This is particularly beneficial for outdoor activities like running or cycling, ensuring you can hear traffic, pedestrians, or other important sounds.

MAINTENANCE

Cleaning and Care

To ensure the longevity and optimal performance of your ELIBOM BC01 headphones, follow these maintenance guidelines:

- Wipe the headphones regularly with a soft, dry cloth to remove dust and sweat.
- The headphones have an IP65 waterproof rating, meaning they are resistant to sweat and light splashes. However, they are **not suitable for swimming or submersion in water**.
- Avoid using abrasive cleaners or solvents, as these can damage the surface.
- Store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures.
- When not in use, it is recommended to store them in the provided sport arm bag to protect them from scratches and impacts.

Only Weigh 25g, Made For Sport

IP65 waterproof rating can achieve complete sweat resistance.
No fear of intense exercise and extreme weather.

TROUBLESHOOTING

If you encounter any issues with your ELIBOM BC01 headphones, please refer to the following common solutions:

- **No Power:** Ensure the headphones are fully charged. Connect them to the charging cable and check the LED indicator.
- **Cannot Pair:** Make sure the headphones are in pairing mode (flashing LED). Turn off and on your device's Bluetooth, then try re-pairing. Ensure no other devices are currently connected to the headphones.
- **No Sound/Low Volume:** Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly positioned on your cheekbones.
- **Connection Drops:** Ensure your device is within the Bluetooth range (typically 10 meters/33 feet) and there are no significant obstructions.

If the problem persists, please contact the ELIBOM service team for further assistance.
