Hommie 1.69" Smartwatch

Hommie 1.69" Smartwatch User Manual

Model: 1.69" Smartwatch

1. INTRODUCTION

Thank you for choosing the Hommie 1.69" Smartwatch. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. Please read it carefully to ensure optimal performance and longevity of your smartwatch.

2. WHAT'S IN THE BOX

Upon unboxing, please verify that all the following items are included:

- Hommie 1.69" Smartwatch
- Magnetic Charging Cable
- User Manual
- Additional Watch Straps (if applicable)

Image: The Hommie Smartwatch packaging, displaying the watch, magnetic charging cable, user manual, and two additional watch straps.

3. SETUP

3.1 Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port.

- **Charging Time:** Approximately 2.5 hours for a full charge.
- **Usage Time:** 7-15 days on a single charge.
- **Standby Time:** Up to 30-45 days.

3.2 App Download and Pairing

To unlock all features, download the companion app to your smartphone.

1. Scan the QR code in the manual or on the watch screen, or search for the app name (usually specified in the manual or on the watch) in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the app and create an account if prompted.
3. Ensure Bluetooth is enabled on your smartphone.
4. Open the app, navigate to the device pairing section, and select your Hommie Smartwatch from the list of available devices.
5. Follow the on-screen prompts to complete the pairing process.

Compatibility:

- Compatible with iOS 9.0 and Android 5.0 or later.
- Not compatible with PC, iPad, tablet, or Windows Phone.

3.3 Wearing the Smartwatch

Wear the smartwatch snugly on your wrist, about one finger's width from your wrist bone. Ensure the sensor on the back of the watch is in contact with your skin for accurate heart rate and sleep monitoring.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The Hommie Smartwatch features a 1.69-inch TFT HD touchscreen (240 x 280 resolution) made of 2.5D tempered glass.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different screens.
- **Tap:** Select an item or confirm an action.
- **Side Button:** Typically used to return to the home screen or power on/off the device (long press).

Image: A visual comparison showing the 1.69-inch screen of the Hommie Smartwatch next to a smaller 1.39-inch screen, highlighting the larger display area.

4.2 Watch Faces

The smartwatch offers 25 different watch faces, and you can also customize your own through the companion app. To change the watch face, long-press on the current watch face on the screen and swipe left or right to browse options. Tap to select.

Image: A man wearing the Hommie Smartwatch, which displays a custom watch face with his photo. Several other watch face designs are shown floating above, indicating customization options. A smartphone screen shows the companion app interface for watch face customization.

4.3 Notifications

Receive call, SMS, and app notifications (e.g., Facebook, Twitter, WhatsApp, Instagram) directly on your wrist. The watch will vibrate to alert you. You can hang up incoming calls directly from the watch.
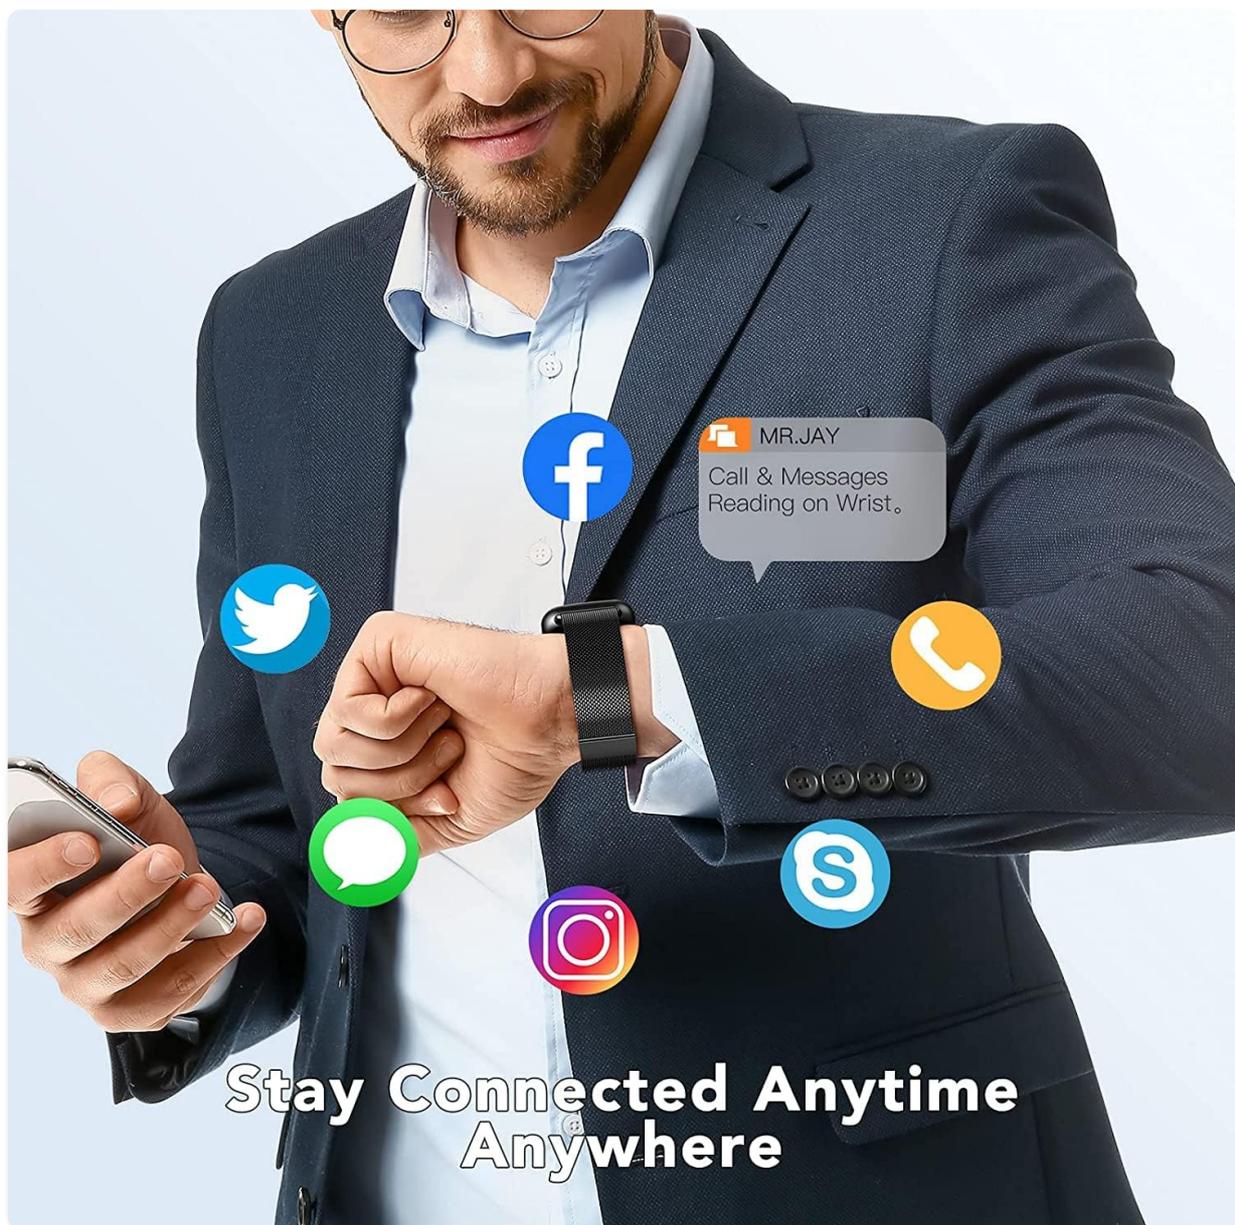

Image: A man checking his Hommie Smartwatch, which displays a notification for a call and message. Icons for Facebook, Twitter, WhatsApp, Instagram, and Skype are shown around the watch, illustrating the range of app notifications supported.

4.4 Health Monitoring

The smartwatch automatically monitors your health data:

- **Heart Rate:** Real-time 24-hour heart rate monitoring.
- **Sleep Monitor:** Tracks your sleep status (deep sleep, light sleep, wake-up time) from 6 PM to 12 PM.

View daily, weekly, and monthly health data in the companion app to better understand your health condition.
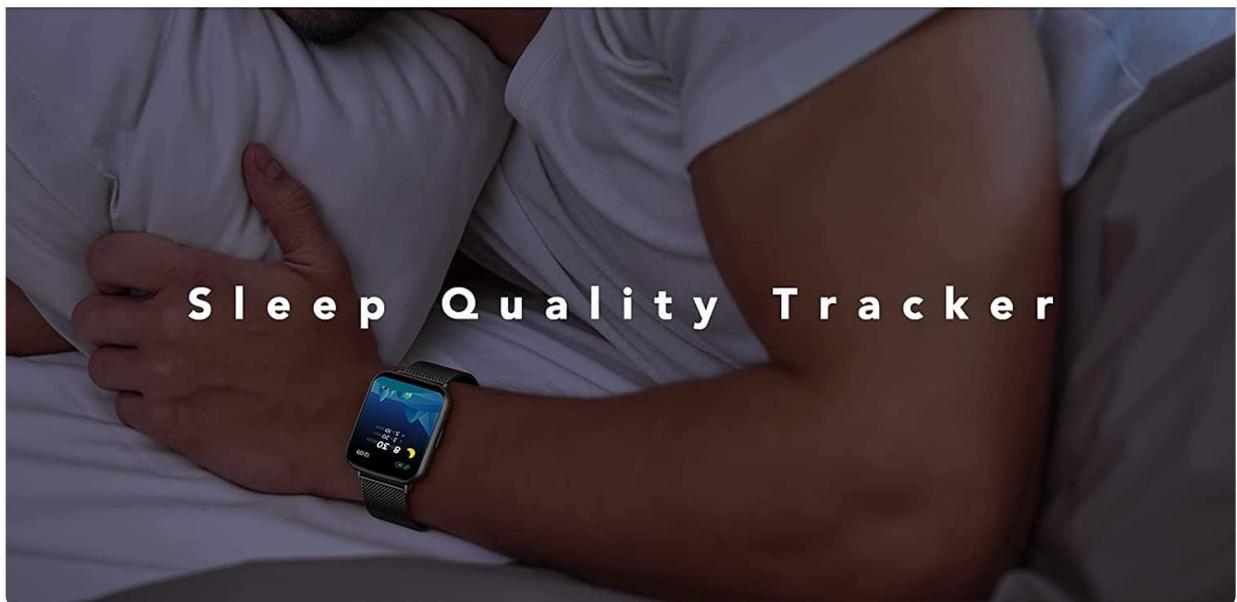

Image: Two panels showing the Hommie Smartwatch in use. The top panel shows a person playing tennis with the watch monitoring heart rate and blood oxygen. The bottom panel shows a person sleeping with the watch tracking sleep quality.

4.5 Sports Modes and GPS

The watch supports 24 sports modes, including racing, cycling, jump rope, swimming, badminton, table tennis, climbing, walking, basketball, baseball, and volleyball. It tracks steps, calories, and distance. When connected to the mobile app, you can use shared GPS to track your route during outdoor activities. Share your workout results with friends through the app.

4.6 Other Features

The smartwatch includes additional functions:

- Pedometer (steps, distance, calories)
- Stopwatch
- Music Control
- Alarm Clock
- Phone Search
- Weather Notification

5. MAINTENANCE

5.1 Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device hygiene. Use a soft, damp cloth to wipe the screen and body. For the strap, follow the manufacturer's recommendations for

the specific material.

5.2 Water Resistance

The Hommie Smartwatch is IP68 waterproof. This means it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. You can wear it when washing hands, in the rain, or while swimming. However, it is not suitable for hot showers, saunas, or diving, as steam and high water pressure can compromise the seals.

5.3 Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not let the battery fully discharge frequently.
- Charge the device using the provided magnetic charging cable.

6. TROUBLESHOOTING

If you encounter issues with your Hommie Smartwatch, refer to the following common problems and solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Press and hold the side button for several seconds.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone. Restart both the watch and phone. Make sure the app is installed and open. Check compatibility (iOS 9.0+/Android 5.0+).
Notifications not received	Check app notification settings on your phone and within the smartwatch app. Ensure the watch is connected via Bluetooth.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, with the sensor in contact with your skin. Clean the sensor regularly.
Screen unresponsive	Restart the watch by long-pressing the side button. If unresponsive, allow the battery to drain completely and then recharge.
