

KU XIU X36

KU XIU Magnetic Stand for iPad (Model X36) Instruction Manual

Brand: KU XIU | Model: X36

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your KU XIU Magnetic Stand for iPad, Model X36. Please read this manual carefully before use to ensure proper functionality and to maximize your product experience. This stand is designed to securely hold compatible iPad models, offering versatile adjustability for various viewing angles and positions.

2. PACKAGE CONTENTS

Upon opening the package, please verify that all components are present:

- 1 x KU XIU Magnetic Stand Holder (Tablet not included)

If any parts are missing or damaged, please contact customer support.

3. COMPATIBILITY

The KU XIU Magnetic Stand (Model X36) is specifically designed for the following iPad models:

- iPad Air 11 inch M2 (2024)
- iPad Pro 11 inch 1st Generation (A1980, A1934, A2013, A1979)
- iPad Pro 11 inch 2nd Generation (A2228, A2068, A2230, A2231)
- iPad Pro 11 inch 3rd Generation (A2377, A2459, A2301, A2460)

- iPad Pro 11 inch 4th Generation (A2759, A2762, A2435, A2761)
- iPad Air 10.9 inch 4th Generation (A2316, A2324, A2325, A2072)
- iPad Air 10.9 inch 5th Generation (A2588, A2589, A2591)

Special Note: This magnetic stand is NOT compatible with iPad Pro 11" M4 (2024), iPad Pro 12.9" models, iPad mini versions, or other Android tablets.

4. SETUP INSTRUCTIONS

The KU XIU Magnetic Stand features a C-clamp design for secure attachment to various surfaces. No tools are required for installation.

1. **Choose a Location:** Select a sturdy surface such as a desk, bedside table, kitchen cabinet, or bookcase. Ensure the surface edge is between 0.5 cm and 5 cm (1.97 inches) thick.
2. **Attach the Clamp:** Unscrew the knob on the C-clamp to open it sufficiently. Position the clamp onto the edge of your chosen surface.
3. **Secure the Clamp:** Tighten the knob firmly until the stand is securely fastened to the surface. The clamp includes rubber pads to protect your furniture from scratches.

4. **Verify Stability:** Gently test the stand's stability before attaching your iPad. Ensure there is no wobbling or movement.

Figure 4.1: Illustration of the C-clamp installation process and its compatibility with various desk thicknesses up to 5 cm.

5. OPERATING INSTRUCTIONS

The KU XIU Magnetic Stand offers flexible positioning and secure magnetic attachment for your iPad.

5.1 Magnetic Attachment

The stand features powerful built-in magnets for quick and secure iPad attachment.

1. **Align iPad:** Carefully align the back of your compatible iPad with the magnetic plate on the stand.
2. **Secure Attachment:** The magnets will automatically align and firmly hold your iPad in place. Ensure the iPad is centered and feels secure before releasing it.
3. **Removal:** To remove your iPad, gently pull it away from the magnetic plate.

Strong Magnetic Attraction

Not fear of falling

Figure 5.1: Depiction of the strong magnetic connection holding the iPad to the stand.

5.2 Angle and Height Adjustment

The stand is equipped with multiple adjustment points for optimal viewing comfort:

- **Arm Joints:** The stand features four adjustable joints (one 45° joint, two 180° joints, and one 270° joint) allowing you to bend and position the arm.
- **Gimbal:** A 360° gimbal provides rotation at the base of the magnetic plate.
- **Universal Rotating Head:** The magnetic plate itself has a universal rotating head for fine-tuning the iPad's orientation.
- **Maximum Height:** The stand can extend up to 23.62 inches from the clamping surface.

Adjust the arm and rotate the holder to achieve your desired viewing position, whether standing, sitting, or lying down. The high-hardness aluminum alloy construction ensures the arm maintains its position stably.

Adjustable & Folding

Freely adjust to a comfortable height and angle

6. MAINTENANCE

To ensure the longevity and optimal performance of your KU XIU Magnetic Stand, follow these simple

maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, dry cloth to remove dust. For stubborn marks, use a slightly damp cloth and then dry thoroughly. Avoid abrasive cleaners or solvents.
- **Joints:** The arm joints are designed to be firm for stability. Avoid applying excessive force when adjusting. Do not attempt to disassemble the joints.
- **Clamp:** Periodically check the tightness of the C-clamp to ensure it remains securely fastened to your surface.

7. TROUBLESHOOTING

If you encounter any issues with your KU XIU Magnetic Stand, please refer to the following common solutions:

- **Stand is not stable:**
 - Ensure the C-clamp is tightened securely to the desk or surface.
 - Verify that the surface thickness is within the compatible range (up to 5 cm).
 - Check that the stand's arm joints are not loose. The joints are designed to be firm to prevent sagging.
- **iPad does not attach securely:**
 - Confirm your iPad model is listed in the compatibility section (Section 3).
 - Ensure there are no cases or accessories on your iPad that might interfere with the magnetic connection.
 - Make sure the iPad is properly aligned with the magnetic plate.
- **Arm is difficult to adjust:**
 - The arm joints are intentionally stiff to maintain position under the weight of an iPad. This is normal operation.
 - Apply steady, firm pressure when adjusting the arm.

If the issue persists, please contact KU XIU customer support for further assistance.

8. PRODUCT SPECIFICATIONS

Brand	KU XIU
Series	KUXIU X36
Model Number	X36
Item Weight	2.2 pounds
Package Dimensions	19.6 x 8 x 2.5 inches
Color	Gray
Form Factor	Gimbal

Max Clamping Thickness	5 cm (1.97 inches)
Max Height Extension	23.62 inches

9. SAFETY INFORMATION

Please observe the following safety precautions:

- Ensure the stand is securely clamped to a stable surface before attaching your iPad.
- Do not exceed the maximum clamping thickness of 5 cm.
- Avoid placing the stand in locations where it could be easily knocked over.
- Keep the stand away from extreme temperatures and direct sunlight.
- Do not attempt to modify or disassemble the stand, as this may void any potential warranty and could lead to injury or product damage.
- Keep out of reach of children to prevent accidental injury.
