Armitron 75/5864BMRG

User Manual

ARMITRON WOMEN'S GENUINE DIAMOND DIAL EXPANSION BAND WATCH, 75/5864 ROSE GOLD

Model: 75/5864BMRG

1. Introduction

Thank you for choosing the Armitron Women's Genuine Diamond Dial Expansion Band Watch, model 75/5864BMRG. This manual provides essential information for the proper setup, operation, and maintenance of your new timepiece. Please read it carefully to ensure optimal performance and longevity of your watch.

2. Product Overview

The Armitron 75/5864BMRG is an elegant women's watch featuring a rose gold-tone finish and a genuine diamond accent.

- **Dial:** Blush pink mother-of-pearl dial with a genuine diamond at the 12 o'clock position. Features rose gold-tone hands and markers.
- **Crystal:** Slightly domed wall-to-wall mineral crystal lens for enhanced durability and clarity.
- **Band:** Rose gold-tone expansion band designed for comfortable wear and easy fitting.
- **Water Resistance:** Please note, this watch is **not water resistant**. Avoid exposure to water.

Front view of the watch, showcasing the rectangular case, blush pink mother-of-pearl dial, and the genuine diamond accent.

Side profile of the watch, highlighting its slim design and the setting crown.

Rear view of the watch, displaying the case back and the construction of the expansion band.

The watch presented in its official Armitron packaging box.

3. Setup

3.1 Wearing the Watch

Your Armitron watch features an expansion band designed for ease of use. Simply slide the watch onto your wrist. The band will expand to fit and then contract for a secure, comfortable fit. No clasps or buckles are required.

3.2 Initial Time Setting

Upon receiving your watch, the time may need to be set.

1. Locate the crown (the small knob on the side of the watch case).
2. Gently pull the crown outwards until you feel a click. This is the time-setting position.
3. Rotate the crown clockwise or counter-clockwise to adjust the hour and minute hands to the correct time.
4. Once the time is set, push the crown back in firmly against the watch case. This will start the watch movement.

4. Operating the Watch

This watch is a simple analog timepiece. Once the time is set, it operates continuously. There are no additional functions or modes to operate.

- **Timekeeping:** The watch will display the current time via its hour and minute hands.
- **Accuracy:** Quartz watches are known for their high accuracy. Minor adjustments may be needed periodically.

5. Maintenance

5.1 Cleaning

To maintain the appearance of your watch:

- Wipe the watch case and band regularly with a soft, dry cloth.
- Avoid using harsh chemicals, cleaning solutions, or abrasive materials, as these can damage the finish.

5.2 Water Resistance Warning

IMPORTANT: This watch is **NOT WATER RESISTANT**.

- Do not expose the watch to water, moisture, rain, or humidity.
- Remove the watch before washing hands, showering, bathing, swimming, or engaging in any water-related activities.
- Water exposure will cause damage not covered under warranty.

5.3 Battery Replacement

When the watch stops running, it likely requires a new battery. Battery replacement should be performed by a qualified watch technician to prevent damage to the movement or case.

6. Troubleshooting

Problem	Possible Cause	Solution
Watch is not running.	Battery is depleted.	Replace the battery. Consult a professional watch technician.

Problem	Possible Cause	Solution
Time is incorrect.	Crown is not fully pushed in, or time was not set correctly.	Ensure the crown is fully pushed in. Re-set the time as per Section 3.2.
Moisture or condensation inside the crystal.	Watch was exposed to water or high humidity.	Immediately take the watch to a qualified watch repair center. This watch is NOT water resistant.
