### 1. SAFETY INFORMATION

Please read all instructions carefully before using this product. Failure to follow these instructions may result in personal injury or damage to the product or vehicle.

- **Electrical Safety:** Ensure proper wiring connections to prevent short circuits and electrical hazards. Consult a professional for installation if unsure.
- **Driving Safety:** Do not operate the device in a way that distracts you from driving. Always keep your eyes on the road.
- **Volume Control:** Keep the volume at a level where you can still hear outside traffic and emergency signals.
- **Temperature:** Avoid exposing the unit to extreme temperatures or direct sunlight for extended periods.

### 2. WHAT'S IN THE BOX

Verify that all components are present before beginning installation.

- Car Stereo Unit
- Power Cable
- Speaker Cable
- Remote Control
- Mounting Keys
- User Manual
- Backup Camera
- External Microphone

## 3. PRODUCT OVERVIEW

The METEESER 5-inch Single Din Car Stereo features a responsive touchscreen and intuitive controls for an enhanced in-car experience.

Image: METEESER 5-inch Single Din Car Stereo before and after installation, highlighting the 5-inch IPS screen and 800x480 resolution.

## Front Panel Controls:

- **Power/Mode Button:** Press to turn on/off, short press to change mode.
- **Volume Knob:** Rotate to adjust volume. Press to select.
- **USB Port (1):** For CarPlay/Android Auto connection and media playback.
- **USB Port (2):** For charging and media playback.
- **Microphone (MIC):** Built-in microphone for hands-free calls.
- **TF Card Slot:** For media playback.
- **AUX-in Port:** For external audio input.
- **Menu Button:** Access settings and menu options.
- **Fast-forward/Backward Knobs:** For track skipping or radio tuning.

## 4. INSTALLATION

---

This unit is designed for standard single DIN installation. Professional installation is recommended.

### 4.1. Wiring Diagram

Image: Detailed wiring diagram for the METEESER car stereo, including power, horn, audio outputs, video input, microphone, and radio antenna connections.

### 4.2. Mounting Steps

1. **Detach Short Sleeve:** Carefully detach the short sleeve from the radio body using an iron tool.
2. **Insert Sleeve:** Insert the short sleeve into the car's radio installation aperture.
3. **Secure Frame:** Use mounting tools to press the iron clip onto the short sleeve, fastening the iron piece to the car.
4. **Place Radio:** Place the radio onto the mounting window and secure the steel frame to the radio.
5. **Verify Ground Plate:** Check that the external ground plate of the car radio is correctly matched and secured.

# Easy installation

Loosen the gap in the iron frame with an iron tool

Remove the iron frame of the radio

Place the iron frame on the mounting window of the car radio

Secure the steel frame to the radio window with the mounting tool

Place the radio on the mounting window and secure the steel frame to the radio

Check that the external ground plate of the car radio is correctly matched and secured

Image: Easy installation guide showing four steps to mount the car stereo.

## 4.3. Backup Camera Connection

Connect the backup camera as shown in the diagram. The camera will automatically display when the vehicle is in reverse gear.

Image: Camera connection diagram showing how to link the rear-view camera to the car stereo and reversing lamp.

## 5. BASIC OPERATION

### 5.1. Power On/Off

Press the **MODE** button to turn the unit on. Press and hold to turn off.

### 5.2. Volume Adjustment

Rotate the **VOL+** / **VOL-** knob to increase or decrease the volume.

### 5.3. Source Selection

Short press the **MODE** button to cycle through available audio sources (Radio, USB, TF, AUX-in, Bluetooth, CarPlay/Android Auto).

## 6. KEY FEATURES AND FUNCTIONS

### 6.1. Apple CarPlay / Android Auto

Connect your smartphone via USB to access CarPlay or Android Auto. This allows for navigation, music playback, hands-free calls, and voice control (Siri/Google Assistant) directly from the stereo's touchscreen.

Image: Wired CarPlay and Android Auto connection with a smartphone, displaying navigation and app icons on the stereo screen.

**Voice Control:** Use Siri or Google Assistant for navigation, making calls, sending messages, and playing music by simply speaking commands.

Image: GPS Navigation and Voice Control interface on the car stereo, showing map display and voice command prompts.

## 6.2. Mirror Link

Mirror Link allows you to display your smartphone's screen directly onto the car stereo. Connect your phone via USB and follow the on-screen prompts to activate.

Your browser does not support the video tag.

Video: Demonstration of Apple CarPlay, Android Auto, and Mirror Link features on the METEESER 5-inch Touch Screen Car Stereo.

## 6.3. Bluetooth 5.1

Pair your mobile device via Bluetooth for hands-free calling and wireless audio streaming. The unit includes both a built-in microphone and an external microphone for clear communication.

- **Pairing:** Go to the Bluetooth menu on the stereo and your phone. Select the stereo's name from your phone's Bluetooth device list to pair.
- **Hands-Free Calling:** Answer, make, and end calls directly from the stereo screen.
- **Audio Streaming:** Play music from your phone wirelessly through the car speakers.

## 6.4. FM Radio

Access the FM radio function to listen to your favorite stations. Use the fast-forward/backward knobs or touchscreen controls to tune.

## 6.5. USB Ports & TF Card Slot

The unit features two USB ports and a TF card slot for media playback (audio/video) and charging devices. One USB port supports 5V 2A fast charging.

Image: USB ports for charging and data transfer, supporting 5V 2A current.

Image: Overview of key features including Bluetooth 5.1, FM Radio, 10 Band EQ, and USB Ports.

## 6.6. HD Backup Camera

The included HD backup camera provides a wide 170° viewing angle and night vision. The display automatically switches to the camera view when the vehicle is in reverse.

## 6.7. Steering Wheel Control (SWC)

Connect to your vehicle's existing steering wheel controls for convenient operation of the stereo without taking your hands off the wheel.

## 6.8. 10-Band Equalizer (EQ)

Customize your audio experience with the built-in 10-band equalizer. Adjust frequency levels to match your preferences or choose from preset sound modes (e.g., Jazz, Classic, Rock, Pop, Flat, User).

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Incorrect wiring; Blown fuse.	Check power and ground connections; Replace fuse if necessary.
No sound	Incorrect speaker wiring; Volume too low; Mute activated.	Verify speaker connections; Increase volume; Deactivate mute function.

Problem	Possible Cause	Solution
CarPlay/Android Auto not connecting	Faulty USB cable; Phone not compatible; App not updated.	Use a high-quality USB cable; Ensure phone compatibility; Update phone OS and apps.
Backup camera not displaying	Incorrect camera wiring; Camera power issue.	Check camera video input and reverse trigger wire connection; Ensure camera receives power.
Bluetooth not pairing	Bluetooth not enabled on phone/stereo; Device too far.	Ensure Bluetooth is active on both devices; Keep devices within range.
