COSTWAY 65837-CYWH

COSTWAY Standing Jewelry Armoire (Model 65837-CYWH) Instruction Manual

Model: 65837-CYWH | Brand: COSTWAY

INTRODUCTION

Thank you for choosing the COSTWAY Standing Jewelry Armoire. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new jewelry armoire. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

- Always place the armoire on a flat, stable surface to prevent tipping.
- To prevent serious injury, this product must be securely attached to the wall using the provided anti-tipping device.
- Keep small parts and assembly hardware away from children to avoid choking hazards.
- Do not overload drawers or side doors, as this may affect stability and functionality.
- Use caution when opening and closing the flip-up mirror to avoid pinching fingers.

Anti-Toppling Device

Attach to the wall for added security

Image 2: Illustration of the anti-toppling device for wall attachment.

The anti-toppling device is crucial for stability and safety, especially in households with children or pets. Ensure it is properly installed as per the assembly instructions.

PACKAGE CONTENTS

Before assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support.

- Jewelry Armoire Main Body (pre-assembled)
- 4 Legs
- Flip-up Mirror Top
- Assembly Hardware (bolts for legs, screws for mirror top, anti-tipping device)
- Instruction Manual

SETUP AND ASSEMBLY

The COSTWAY Standing Jewelry Armoire requires minimal assembly. Follow these steps:

1. **Attach the Legs:** Carefully lay the armoire main body on its side on a soft, clean surface to prevent scratches. Attach the four legs to the bottom of the armoire using the provided bolts. Ensure they are securely tightened.
2. **Install the Flip-up Mirror Top:** Place the flip-up mirror top onto the designated area at the top of the armoire. Secure it with the provided screws.
3. **Install the Anti-Topping Device:** Position the armoire in its desired location. Attach the anti-toppling device to the back of the armoire and then securely fasten it to a wall stud using appropriate hardware (not always included, but recommended for safety). Refer to Image 2 for visual guidance.
4. **Final Check:** Ensure all connections are tight and the armoire is stable before loading any jewelry.

OPERATING INSTRUCTIONS

This jewelry armoire is designed for organized storage of various jewelry types.

1. Using the Drawers

The armoire features 7 drawers of varying depths to accommodate different items:

- **Top 4 Drawers:** These drawers (7.5" x 6.5" x 2") are ideal for smaller items. Two of these drawers include divided compartments for rings, earrings, and other small pieces.
- **Bottom 3 Drawers:** These deeper drawers (7.5" x 6.5" x 3.5") provide ample space for larger jewelry, watches, or makeup accessories.

Image 4: Overview of the different drawer sizes and top storage tray.

2. Using the Flip-up Mirror and Top Compartments

Lift the top lid to reveal a vanity mirror and additional divided compartments. These compartments are lined with soft material to protect your jewelry from scratches and tarnish. The lid also helps keep dust away from the mirror and top storage area.

3. Using the Side Doors

The armoire features two side swing doors, each equipped with 6 metal hooks (12 total) for hanging necklaces. Ropes are included on each door to help prevent necklaces from tangling when the doors are opened or closed. Magnetic catches ensure the doors remain securely closed.

2 Side Doors

Each with 2 shelves and 6 double hooks

Magnetic Catches

Anti-Tangling Design

MAINTENANCE

- **Cleaning:** Wipe the exterior surfaces with a soft, dry cloth. For stubborn marks, a slightly damp cloth followed by a dry cloth can be used. Avoid harsh chemicals or abrasive cleaners.
- **Interior Care:** The soft lining inside the drawers and top compartments can be gently vacuumed or dabbed with a lint roller to remove dust and debris.
- **Wood Care:** To maintain the wood finish, avoid direct sunlight and extreme temperature changes. Periodically, a wood polish suitable for engineered wood can be applied.
- **Hardware:** Check drawer pulls and door hinges periodically to ensure they are secure. Tighten any loose screws as needed.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers stick or do not slide smoothly.	Obstruction in the drawer runner; drawer overloaded; minor misalignment.	Remove the drawer and check for any objects blocking the runners. Reduce the weight or volume of items in the drawer. Ensure the armoire is on a level surface.
Side doors do not close properly.	Items obstructing closure; magnetic catch misalignment; loose hinges.	Rearrange items inside the door to ensure they do not protrude. Check if the magnetic catches are aligned. Adjust if necessary. Tighten hinge screws if they appear loose.
Armoire feels wobbly.	Uneven floor; loose leg attachments; anti-toppling device not installed or loose.	Move the armoire to a level surface or use shims under the legs. Check and tighten all leg attachment bolts. Ensure the anti-toppling device is securely installed to the wall.

SPECIFICATIONS

Brand	COSTWAY
Model Number	65837-CYWH
Color	Dark Walnut
Material	Engineered Wood
Product Dimensions (D x W x H)	15" x 9" x 39"
Item Weight	33.5 Pounds
