Nike DC7701-606

Jordan One Take II Unisex Shoes Instruction Manual

Model: DC7701-606

Brand: Nike

1. PRODUCT OVERVIEW

The Jordan One Take II Unisex Shoes are designed for athletic performance, featuring a durable mesh upper and a synthetic rubber sole for optimal traction and comfort. This manual provides essential information for the proper use and maintenance of your shoes.

Figure 1.1: Side view of the Jordan One Take II Unisex Shoe in Black/Black/Grey. This image highlights the mesh upper and the overall silhouette of the shoe.

2. SETUP AND FIRST USE

Your Jordan One Take II shoes come ready for immediate use. Follow these steps for the best initial experience:

1. **Unboxing:** Carefully remove the shoes from their packaging. Inspect them for any visible defects or damage.
2. **Lacing:** Ensure the laces are properly threaded through all eyelets and tied securely to provide a snug, comfortable fit. The shoes feature a lace-up closure type.
3. **Initial Fit:** Try on both shoes to confirm the correct size and fit. Walk around to assess comfort and support.

Figure 2.1: Another perspective of the Jordan One Take II shoe, showcasing the lace-up system and mesh material. Proper lacing ensures optimal support during activity.

3. OPERATING AND USAGE

These shoes are designed for athletic activities, particularly basketball, and general casual wear. To maximize their lifespan and performance:

- **Intended Use:** Use the shoes for their intended purpose. While durable, excessive wear in unsuitable environments may reduce their lifespan.
- **Fit Adjustment:** Adjust laces as needed to maintain a secure and comfortable fit during activity.
- **Surface Considerations:** The synthetic rubber sole provides good traction on various indoor and outdoor court surfaces. Be mindful that the shoes are not water resistant.

Figure 3.1: Top-down view of the Jordan One Take II, highlighting the sole pattern designed for grip and the overall construction. The sole is made of synthetic rubber.

4. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your Jordan One Take II shoes:

- **Cleaning:**
 - For mesh and synthetic rubber surfaces, use a soft brush or cloth with mild soap and cold water.
 - Avoid harsh chemicals or abrasive cleaners.
 - Do not machine wash or tumble dry.
- **Drying:** Allow shoes to air dry naturally at room temperature. Avoid direct sunlight or heat sources, which can damage materials.
- **Storage:** Store shoes in a cool, dry place away from direct sunlight when not in use.
- **Water Exposure:** These shoes are not water resistant. Avoid prolonged exposure to water to prevent damage to materials and maintain shoe integrity.

Figure 4.1: Rear view of the Jordan One Take II shoe, showing the heel construction and detailing. Regular cleaning of this area helps maintain the shoe's appearance.

5. TROUBLESHOOTING

This section addresses common concerns you might encounter:

- **Squeaking Noise:** If the shoes squeak, it might be due to moisture trapped between the sole and the surface, or a new sole breaking in. This usually resolves with wear.
- **Uncomfortable Fit:** Ensure laces are tied correctly and not too tight or too loose. Consider wearing appropriate socks. If discomfort persists, verify you have the correct size. Refer to standard shoe sizing guides if needed.
- **Odor:** To prevent odor, allow shoes to air out after each use. You may use shoe deodorizers or baking soda sachets.

6. SPECIFICATIONS

Feature	Detail
Model Number	DC7701-606
Brand	Nike

Department	Unisex-Adult
Outer Material	Mesh
Sole Material	Synthetic Rubber
Closure Type	Lace-Up
Water Resistance Level	Not Water Resistant
Approx. Package Dimensions	11 x 7 x 4 inches
Approx. Item Weight	3 Pounds
First Available Date	August 19, 2022
