## 3. SETUP

### 3.1 Charging the Device

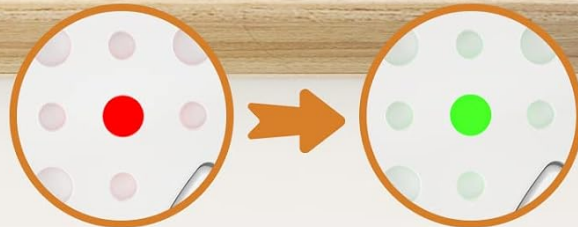

Before first use, fully charge the CD player. Connect the charging cable to the DC 5V port on the player and the USB power adapter. Plug the adapter into a power outlet. The indicator light will show charging status (e.g., red for charging, green for fully charged). A full charge typically takes about 4 hours.

## 3.3 Desktop Stand Setup

For desktop use, simply unfold the included desktop stand and place the CD player securely on it. Ensure the stand is stable on a flat surface.

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off

To power on the device, slide the 'POWER' switch to the 'ON' position. To power off, slide it to 'OFF'.

### 4.2 Mode Selection

Press the 'MODE' button on the front panel or remote control to cycle through available modes: CD, FM, Bluetooth (BT), USB, and AUX. The front LED display will indicate the current mode.

### 4.3 CD Playback

Open the dust cover and gently place a CD (CD, CDR, HDCD, MP3, WMA compatible) onto the spindle. Close the dust cover. The player will automatically detect the CD and begin playback. Use the 'Play/Pause', 'Previous', and 'Next' buttons to control playback. Press the 'MODE' button repeatedly to cycle through playback modes: Play in order, A-B repeat, Repeat all, Random play, and Repeat 1. Use the 'EQ' button to select from 5 sound effects: POP, JAZZ, ROCK, CLASSIC, FLAT.

## 4.5 Bluetooth Connection

Switch to Bluetooth (BT) mode. The player will enter pairing mode, indicated by a flashing 'BT' on the LED display. On your Bluetooth-enabled device (e.g., smartphone, tablet), search for 'FELEMAN' in the Bluetooth settings and connect. Once connected, the 'BT' indicator will stop flashing. You can now stream audio from your device to the CD player.

## 4.8 Remote Control Usage

The included remote control allows for convenient operation from a distance of up to 10 meters. Functions include power on/off, mode selection, volume control, track navigation, play/pause, repeat, and EQ settings. Ensure the remote control has working batteries and is pointed towards the player's sensor.

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your FELEMAN CD player, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the player. For stubborn marks, a slightly damp cloth can be used, followed by a dry one. Do not use abrasive cleaners or solvents.
- **Dust Cover:** Always keep the dust cover closed when not inserting or removing a CD. This protects the disc and the internal components from dust and debris, which can affect playback quality and device lifespan.
- **Disc Care:** Handle CDs by their edges. Store them in their cases when not in use to prevent scratches. Clean dirty discs with a soft, lint-free cloth wiping from the center outwards.
- **Storage:** When not in use for extended periods, store the player in a cool, dry place away from direct sunlight and extreme temperatures.

## 6. TROUBLESHOOTING

If you encounter issues with your CD player, please refer to the following common problems and solutions:

| Problem                     | Possible Cause                                                                          | Solution                                                                                                                      |
|-----------------------------|-----------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Player does not power on.   | Battery is depleted; Power switch is off; Charging cable not connected properly.        | Charge the battery fully. Ensure the power switch is in the 'ON' position. Check charging cable connection.                   |
| CD does not play or skips.  | Disc is dirty or scratched; Disc is inserted incorrectly; Disc format is not supported. | Clean the disc with a soft cloth. Reinsert the disc correctly. Ensure the disc format (CD, CDR, HDCD, MP3, WMA) is supported. |
| Bluetooth connection fails. | Player not in BT mode; Device not in pairing mode; Too far from player.                 | Ensure player is in BT mode. Put your device in pairing mode and search for 'FELEMAN'. Move device closer to the player.      |
| No sound from speakers.     | Volume is too low; Mute function is active; Incorrect mode selected.                    | Increase the volume. Check if the player is muted. Ensure the correct playback mode (CD, FM, BT, USB, AUX) is selected.       |
