SISESOL LK-9005D

SISESOL Metal Storage Cabinet Instruction Manual

Model: LK-9005D | Brand: SISESOL

1. PRODUCT OVERVIEW

The SISESOL Metal Storage Cabinet is a versatile and durable storage solution designed for various environments such as home offices, garages, kitchens, and utility rooms. Constructed from high-quality steel, this cabinet features a robust design with adjustable shelves and a secure locking system to protect your valuables and important items.

This image shows the SISESOL Metal Storage Cabinet with its two doors closed, highlighting its sleek black finish and compact design suitable for various spaces.

2. IMPORTANT SAFETY INFORMATION

WARNING! To prevent tip over, this furniture must be used with the wall attachment device provided.

Always ensure the cabinet is placed on a stable, level surface. Do not overload shelves beyond their specified weight capacity. Keep small parts away from children during assembly.

3. SETUP AND ASSEMBLY

The SISESOL Metal Storage Cabinet is designed for easy assembly. While it can be assembled by one person, it is highly recommended to have two people for a smoother and quicker process. Assembly typically takes approximately 40 minutes.

3.1 Unpacking and Parts Identification

Carefully unpack all components and verify against the included parts list. Ensure all parts are present and undamaged before beginning assembly.

3.2 Assembly Steps

1. Follow the step-by-step instructions provided in the assembly manual included in the packaging.
2. Assemble the main frame of the cabinet first, ensuring all connections are secure.
3. Install the adjustable shelves at your desired height. The cabinet comes with 3 shelves, offering multiple configuration options.
4. Attach the doors, handles, and the locking mechanism.
5. Secure the cabinet to the wall using the provided wall attachment device to prevent tipping.

EXCELLENT DESIGN

High-quality appearance and craft design
Convenient for office and home life

4. OPERATING INSTRUCTIONS

4.1 Adjustable Shelves

The SISESOL Metal Storage Cabinet features 2 adjustable shelves, allowing you to customize the internal storage space according to your needs. Each shelf can bear up to 180 lbs (81.65 kg), with a total maximum load capacity of 440 lbs for

the cabinet.

LARGE CAPACITY, INCREASE SPACE

35.4" all-in-one model, made of cold-rolled steel forging, more storage and safer

This image demonstrates the cabinet's large capacity, showing it filled with various tools and equipment, highlighting its suitability for garage or workshop use.

STRONG AND STURDY

High quality metal, brand quality

One-Time Purchase No Need To Renew For Ten Years

Each shelf can hold up to 180lbs(81.65kg)

Figure 4.2: Cabinet demonstrating strong and sturdy construction by holding weights.

This image emphasizes the cabinet's strong and sturdy construction, illustrating its ability to hold heavy items like weights, with an inset showing the 180 lbs per shelf capacity.

4.2 Locking System

The cabinet is equipped with an upgraded 3-point lock system and thickened steel rods for enhanced security. It includes 2 spare keys. To lock or unlock, insert the key into the lock on the right door and turn. The double doors feature anti-collision reinforcements to ensure quiet operation when opening or closing.

Pay Attention To The Actual Use Experience

This image provides a close-up of the cabinet's user-friendly features, including noise pads for quiet operation, pull-out door handles, and the secure locking mechanism with keys.

4.3 Door Operation

The two wing doors have a 180° opening angle, providing full access to the cabinet's interior. Magnetic closures help keep the doors securely closed when not locked.

Figure 4.4: Cabinet used with a printer on top, showing practical application.

This image shows the cabinet in a practical setting, with a printer placed on its top surface, demonstrating its utility as a counter-height storage solution.

5. MAINTENANCE

To ensure the longevity and appearance of your SISESOL Metal Storage Cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the cabinet surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals that could damage the powder-coated finish.
- **Protection:** The cabinet features a special coating designed to protect it from scratches and rust. Avoid sharp objects that could scratch the surface.
- **Stability:** Periodically check the wall attachment device and all connections to ensure the cabinet remains stable and secure.

6. TROUBLESHOOTING

If you encounter any issues with your SISESOL Metal Storage Cabinet, please refer to the following common solutions:

- **Doors not closing smoothly:** Check for any obstructions on the shelves or within the door hinges. Ensure the cabinet is level using the 4pc levelers.
- **Lock mechanism issues:** Ensure the key is fully inserted and turned correctly. If the lock feels stiff, a small amount of graphite lubricant can be applied.
- **Cabinet instability:** Verify that the cabinet is securely attached to the wall using the provided anti-tip device. Ensure all assembly screws are tightened.

For any problems not listed here, or if the issue persists, please contact SISESOL customer service for assistance.

7. SPECIFICATIONS

Feature	Detail
Brand	SISESOL
Model Number	LK-9005D
Color	Black
Product Dimensions (D x W x H)	15.8"D x 31.5"W x 36"H
