The image highlights the powerful charging performance, stating approximately 60 minutes of continuous use on a single full charge, with an additional 5-minute quick charge function.

4.2 Assembling the Cleaning System

If your model includes the automatic alcohol cleaning system, follow these steps:

1. Open the cleaning system housing.
2. Insert a fresh cleaning cartridge into the system until it clicks into place.
3. Close the housing.

5. OPERATING INSTRUCTIONS

5.1 Shaving

The Braun Series 8 shaver is designed for both dry and wet shaving. For best results, ensure your skin is clean and dry for dry shaving, or use shaving foam/gel for wet shaving.

Shaving Technique:

- Turn on the shaver.
- Hold the shaver at a right angle (90°) to your skin.
- Stretch your skin with your free hand to ensure hairs stand upright.
- Shave against the direction of hair growth using short, firm strokes.
- The shaver's flexible head and sonic vibrations (10,000 micro-vibrations per minute) adapt to your facial contours for a close and gentle shave, even on dense beard areas.

description states that AI technology reads beard density and automatically adjusts power, ensuring a comfortable shave without losing power even on dense beard areas.

5.2 Using the Precision Trimmer

The integrated precision trimmer is ideal for shaping sideburns, mustaches, or trimming longer hairs before shaving.

- Slide the precision trimmer upwards to activate it.
- Use the trimmer to define lines or trim specific areas.
- The head lock switch can be used to secure the shaver head for precise trimming of stubborn hairs.

Image Description: The Braun Series 8 shaver is shown docked in its alcohol cleaning system on a bathroom counter. The text emphasizes that this model with the alcohol cleaning system provides a like-new shave every day, handling charging, sterilizing cleaning, lubrication, and drying with a single button for necessary maintenance.

Using the Cleaning System:

1. After shaving, rinse the shaver head under running water to remove loose hairs.
2. Place the shaver upside down into the cleaning system.
3. Press the start button on the cleaning system. It will automatically clean, lubricate, dry, and charge the shaver.
4. Replace the cleaning cartridge approximately every 3 months, or when the indicator light signals.

6.2 Manual Cleaning

If you do not have the cleaning system or prefer manual cleaning:

- **Under running water:** Turn on the shaver and rinse the shaver head under hot running water until all residue is removed. You can use liquid soap.
- **Dry cleaning:** Remove the shaver head and tap out any trapped hairs. Use the provided cleaning brush to clean the inner parts of the shaver head and the shaver body. Do not use the brush on the shaver foil, as this can damage it.
- Allow the shaver head to air dry completely before reattaching or storing.

7. CHARGING

Your Braun Series 8 shaver is powered by a rechargeable battery. The display on the shaver indicates the battery status.

- When the battery is low, the charging indicator will flash.
- Connect the shaver to the power cord or place it in the cleaning station for charging.
- A full charge takes approximately 1 hour and provides up to 60 minutes of cordless shaving.
- A 5-minute quick charge is sufficient for one shave.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is empty.	Charge the shaver for at least 5 minutes.

Problem	Possible Cause	Solution
Shaver performance is poor.	Shaver head is dirty or worn.	Clean the shaver head thoroughly or replace the shaver head (recommended every 18 months).
Cleaning system does not work.	Cleaning cartridge is empty or incorrectly inserted.	Replace the cleaning cartridge or ensure it is correctly inserted.
Skin irritation after shaving.	Incorrect shaving technique or sensitive skin.	Ensure you are shaving against hair growth and not pressing too hard. Consider using shaving foam/gel.
