Product Overview

The MERITLINE L-Shaped Twin House Bed is a versatile and functional furniture piece designed for children's bedrooms. It features an L-shaped configuration with two twin beds, a decorative fence, and a roof structure, creating a playhouse-like environment. This design optimizes space and integrates sleep and play areas effectively. The bed is constructed from durable pinewood, plywood, and MDF, ensuring stability and longevity. It does not require a box spring.

Setup and Assembly

Assembly of the MERITLINE L-Shaped Twin House Bed typically requires two people and an estimated time of 1 hour. All necessary tools are included. Please follow the detailed instructions provided in the separate assembly manual that accompanies your product. Ensure all parts are present before beginning assembly.

Before You Begin:

- Unpack all components and verify against the parts list in your assembly manual.
- Clear a spacious area for assembly to prevent damage to the product or your flooring.
- Keep children and pets away from the assembly area.
- Do not use power tools unless specifically instructed, as overtightening can strip screws or crack wood.

General Assembly Steps (Refer to separate manual for specifics):

1. Assemble the main bed frames for both twin sections.
2. Attach the fence components to the designated bed.
3. Connect the two bed sections to form the L-shape.
4. Install the roof support beams and roof panels.
5. Insert the wooden slats into both bed frames.
6. Ensure all connections are securely tightened.

Operating Instructions

This L-shaped bed is designed for sleeping and imaginative play. One bed features a full fence, making it suitable for younger children, while the other can serve as a standard twin bed, a sofa bed, or a guest bed. The decorative back panel can be used to hang lightweight decorations.

Usage Guidelines:

- Place mattresses of the recommended thickness (8 inches) on the slats.
- Ensure children understand that the bed is for sleeping and gentle play, not for climbing on the roof structure or excessive swinging on the fence.
- The decorative panel is for light items only; avoid hanging heavy objects that could cause instability.

Maintenance

Proper maintenance will ensure the longevity and safety of your MERITLINE L-Shaped Twin House Bed.

Cleaning:

- Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.

- For spills, clean immediately to prevent staining or damage to the wood finish.
- The product care instructions specify "Dry Clean Only" which typically refers to fabric components, but for the wooden frame, a damp cloth is appropriate.

Inspections:

- Periodically check all bolts, screws, and connections to ensure they remain tight. Retighten as necessary.
- Inspect wooden components for any signs of damage, cracks, or splinters. Address any issues promptly to prevent injury.
- Ensure slats are properly seated and not damaged.

Troubleshooting

This section addresses common issues you might encounter with your L-Shaped Twin House Bed.

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose bolts or connections.	Check and tighten all assembly bolts and screws. Ensure the bed is on a level surface.
Parts do not align during assembly.	Incorrect orientation of parts; overtightened screws preventing alignment.	Review the assembly manual to ensure parts are oriented correctly. Loosen screws slightly, align parts, then retighten.
Squeaking noises.	Loose connections; friction between wood components.	Tighten all bolts. Apply a small amount of wax or silicone spray to contact points between wooden parts if necessary.
Missing or damaged parts upon arrival.	Shipping damage or packaging error.	Contact MERITLINE customer service immediately with your purchase details and a description of the issue.
