SALKING essential oil diffuser

SALKING 2-in-1 Ultrasonic Essential Oil Diffuser & Himalayan Salt Lamp

User Instruction Manual

1. INTRODUCTION

Welcome to the user manual for your SALKING 2-in-1 Ultrasonic Essential Oil Diffuser & Himalayan Salt Lamp. This innovative device combines the therapeutic benefits of aromatherapy with the natural properties of Himalayan salt, designed to create a soothing and pleasant environment in your home or office. Please read this manual thoroughly before initial use and retain it for future reference to ensure proper operation and maintenance.

2. SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following safety precautions:

- Keep the device out of reach of children and pets.
- Do not ingest the Himalayan salt crystals.
- Avoid touching the heating element or lamp directly.
- Always unplug the aroma diffuser when not in use, or when adding water or essential oils.
- Do not operate the device for more than 8 hours at a time.

- Use only essential oils specifically designed for diffusers; do not add other liquids.
- Add water and essential oils according to the recommended instructions.
- Ensure the device is used in a room with adequate ventilation.
- Do not place the diffuser near flammable materials or electronic devices.
- Avoid using the device in a moving vehicle, bathroom, or any wet, humid, or high-condensation environment.
- Keep away from direct heat sources or open flames.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- SALKING 2-in-1 Diffuser Unit
- Himalayan Pink Salt Crystals
- Measuring Cup
- DC Power Adapter
- User Manual (this document)

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your SALKING diffuser:

Image: An exploded diagram showing the various parts of the SALKING diffuser, including the mist outlet, cover, water tank, air outlet, water baffle, outer cover, mist buttons, LED light bulb, 100% Pink Himalayan Salt Rocks, Salt Stone Container, Measuring Cup, and DC Adapter.

1. **Mist Outlet:** Where the aromatherapy mist is released.
2. **Cover:** Top lid of the diffuser.
3. **Water Tank:** Reservoir for water and essential oils (150ml capacity).
4. **Air Outlet:** Part of the mist generation system.
5. **Water Baffle:** Helps direct mist flow.
6. **Outer Cover:** The decorative wooden grain exterior.
7. **Mist Buttons:** Controls for power, timer, and light settings.
8. **LED Light Bulb:** Illuminates the salt crystals and creates the flame effect.
9. **100% Pink Himalayan Salt Rocks:** Natural salt crystals for the lamp function.
10. **Salt Stone Container:** Holds the Himalayan salt rocks.
11. **Measuring Cup:** For accurate water filling.
12. **DC Adapter:** Power supply for the unit.

5. SETUP

Follow these steps for initial setup:

1. **Unpack:** Carefully remove the aroma diffuser and all its components from the packaging.
2. **Clean:** Before first use, clean all removable parts, especially the water tank and cover, with warm, soapy water. Rinse thoroughly and dry.
3. **Place Salt Rocks:** Gently place the provided Himalayan pink salt crystals into the salt stone container at the base of the diffuser.

Image: A hand carefully placing pink Himalayan salt crystals into the designated container at the bottom of the diffuser.

4. **Fill Water Tank:** Remove the top cover. Using the measuring cup, fill the water tank with clean tap water up to the maximum fill line (150ml). Do not overfill.
5. **Add Essential Oils:** Add 3-5 drops of your preferred essential oil directly into the water tank. Adjust the quantity based on desired aroma intensity.

Image: A hand holding a small bottle, adding drops of essential oil into the water tank of the diffuser.

6. **Replace Cover:** Securely place the top cover back onto the diffuser unit.
7. **Connect Power:** Plug the DC adapter into the power port on the diffuser, then plug the adapter into a standard electrical outlet.

6. OPERATION

The SALKING diffuser features touch-sensitive controls for easy operation:

PURE & NATURAL HIMALAYAN SALT CRYSTALS

Emitting negative ions and balance the
environment around you

Image: A close-up view of the diffuser's front control panel, showing the power button, timer settings (ON, 1H, 2H, 4H), and light control button.

- **Power On/Off & Mist Control:**

Power Button (): Press once to turn on the mist and flame effect. Press again to cycle through timer settings (1H, 2H, 4H, OFF). Hold to turn off the device.

- **Timer Settings:**

The diffuser offers 4 timer modes: ON (continuous mist), 1 hour, 2 hours, and 4 hours. Select your desired duration by pressing the power button. The device will automatically shut off when the selected time expires or when water runs out.

- **Light Control:**

Light Button (*): Press to adjust the brightness of the Himalayan salt lamp. There are three adjustable brightness levels: Strong, Breath (pulsating glow), and Weak. Press a fourth time to turn off the salt lamp light. The flame effect mist light operates independently.

Image: A finger pressing one of the touch-sensitive control buttons on the front panel of the diffuser.

7. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your diffuser.

General Cleaning:

1. **Unplug:** Always unplug the diffuser from the power outlet before cleaning.
2. **Empty Water:** Remove the cover and empty any remaining water from the tank.
3. **Wipe Tank:** Use a soft cloth or sponge with mild detergent to wipe the inside of the water tank. For stubborn residue, a cotton swab dipped in white vinegar can be used to gently clean the ultrasonic plate (the small metal disc at the bottom of the tank).
4. **Rinse & Dry:** Rinse the tank thoroughly with clean water, ensuring no detergent residue remains. Wipe all parts dry before reassembling.
5. **Exterior:** Wipe the exterior of the diffuser with a soft, dry cloth.

Himalayan Salt Crystals:

- The salt crystals do not require frequent cleaning. If they appear dusty, gently wipe them with a dry cloth.
- Do not wash the salt crystals with water, as they are hygroscopic and will dissolve.
- Ensure the salt stone container is dry before placing the crystals back.

8. TROUBLESHOOTING

If you encounter issues with your diffuser, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No mist or weak mist	• Insufficient water in tank • Water level too high • Ultrasonic plate dirty • Cover not properly seated	• Add water to the MAX line • Reduce water to below MAX line • Clean the ultrasonic plate • Ensure cover is securely in place
No power/light	• Power adapter not connected • No power from outlet • Device is off	• Check adapter connection • Test outlet with another device • Press the power button to turn on

Problem	Possible Cause	Solution
Unusual noise	• Water level too low • Device not on a flat surface	• Add water • Place on a stable, flat surface
No aroma	• Not enough essential oil • Poor quality essential oil	• Add more essential oil • Use high-quality essential oils
