## 3. PRODUCT OVERVIEW

*Figure 3.1: FEANS A6 Earbuds and Charging Case with Digital Display*

The FEANS A6 earbuds feature a compact design with a digital display charging case. The case shows the battery percentage of the case itself and individual battery levels for the left and right earbuds. The earbuds are ergonomically designed for a comfortable and secure fit.

## ERGONOMIC IN-EAR DESIGN

The A6 is with total 3 levels sizes round soft silicone eartips for perfect fit and long-lasting comfort.

*Figure 3.2: Ergonomic In-Ear Design*

The earbuds come with three sizes of soft silicone eartips (S, M, L) to ensure a perfect fit and long-lasting comfort for various ear shapes. This ergonomic design helps in securing the earbuds during activities and optimizing sound delivery.

# PREMIUM HI-FI SOUND QUALITY

φ10mm dynamic speaker drivers perform wide sound range, deep bass and clear treble, keep the sound close to reality.

*Figure 3.3: Premium Hi-Fi Sound Quality Components*

Equipped with 13mm dual drivers and a three-layer composite titanium-plated diaphragm, these earbuds deliver real audio layering, deep bass, and clear treble for a high-fidelity stereo sound experience.

## 4. SETUP

### 4.1 Initial Charging

# LED DIGITAL BATTERY DISPLAY

Know clearly the battery status for timely charging preparation.

Battery of  
Charging Case

Power Status  
of Earbuds

Figure 4.1: LED Digital Battery Display

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C charging cable to the charging port on the case and a power source. The LED digital display on the case will show the current battery percentage. A full charge takes approximately 1.5 hours for the case.

Figure 4.2: Type-C Charging Port

The Type-C charging port ensures fast and safe charging. The digital display allows you to monitor the charging status of both the case and the individual earbuds.

#### 4.2 Pairing with Your Device (One-Step Pairing)

Figure 4.3: One-Step Pairing Process

The FEANS A6 earbuds feature one-step pairing for convenience.

1. Ensure your device's Bluetooth is turned on.
2. Open the charging case and take out both earbuds. They will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "A6" from the list.
4. Once connected, the earbuds are ready for use. They will automatically reconnect to your last paired device when taken out of the case.

The advanced Bluetooth 5.3 chip ensures a faster and more stable connection with most Android, iOS, and Windows devices.

#### *Video 4.1: Quick One-step Connection Demonstration*

This video demonstrates the quick and easy one-step connection process for the FEANS A6 earbuds, showing how they automatically pair with a smartphone once removed from the charging case.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Touch Controls

*Figure 5.1: One-Button Touch Control Guide*

The FEANS A6 earbuds feature intuitive touch controls for easy management of music and calls:

#### **Single Tap (X1):**

- Play/Pause Music
- Answer/Hang up Call

#### **Double Tap (X2):**

- Voice Assistant (Press earbud for 2 seconds)
- Reject Call (Press earbud for 2 seconds)
- Previous Track (Left Earbud)
- Next Track (Right Earbud)

#### **Long Press (Over 3 seconds):**

- Volume+ (Right Earbud)
- Volume- (Left Earbud)

Your browser does not support the video tag.

#### *Video 5.1: Music Playback and Call Management*

This video demonstrates how to use the single tap feature to play/pause music and answer/hang up calls, showcasing the ease of use for daily activities.

### 5.2 Mono & Twin Modes

The earbuds support both mono and twin modes. In mono mode, you can use either the left or right earbud independently, which is useful for saving battery or being aware of your surroundings. In twin mode, both earbuds work together to provide an immersive stereo music experience.

### 5.3 Environmental Noise Cancellation (ENC)

The FEANS A6 headphones feature Environmental Noise Cancellation (ENC) technology. This advanced call noise reduction technology helps to cancel up to 90% of background noise in noisy environments such as streets, buses, shops, hospitals, or airports, ensuring clear calls.

Your browser does not support the video tag.

*Video 5.2: Clear Call and Stable Connection*

This video highlights the clear call quality and stable connection provided by the earbuds, even in busy environments, thanks to the ENC technology.

## **6. MAINTENANCE**

---

### **6.1 Cleaning**

Regular cleaning helps maintain sound quality and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. Do not use abrasive cleaners or submerge the devices in water.

### **6.2 Storage**

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures and direct sunlight.

### **6.3 Water & Sweat Proof**

# ONE-STEP PAIRING AND BLUETOOTH V5.3

After first connection, the earbuds will auto connect to your phone when taken out of the charging case.

Figure 6.1: IPX5 Waterproof Rating

The earbuds are IPX5 water and sweat proof, meaning they are protected from splashing water from any direction. This makes them suitable for intense workouts and light rain. However, they are not designed for swimming or submersion in water.

Your browser does not support the video tag.

*Video 6.1: Sweat-resistant and Waterproof Features*

This video demonstrates the sweat-resistant and waterproof capabilities of the earbuds, showing their durability during physical activities like running.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Earbuds not pairing/connecting.	Bluetooth off, earbuds out of charge, too far from device, interference.	Ensure Bluetooth is on. Charge earbuds. Move closer to device. Restart device and earbuds. Forget "A6" in Bluetooth settings and re-pair.
Only one earbud working.	One earbud out of charge, not properly paired in twin mode.	Place both earbuds back in the case, close the lid, then open and take them out together. Ensure both are charged.
Low volume or poor sound quality.	Earbuds dirty, wrong ear tip size, low battery, device volume low.	Clean earbuds and ear tips. Try different size ear tips. Charge earbuds. Increase device volume.
Charging case not charging.	Faulty cable/adapter, charging port dirty.	Try a different Type-C cable and power adapter. Clean the charging port gently.
