2. WHAT'S IN THE BOX

Ensure all items are present before proceeding with setup:

- Noorio Smart HUB
- 3.28 Feet Charging Cable
- Charging Plug
- User Manual
- 4.92 Feet Wi-Fi Cable

3. PRODUCT OVERVIEW & FEATURES

The Noorio Hub offers several key features to enhance your security system:

- **Enhanced Security System:** Compatible with Noorio Devices, including Camera Models (B200, B210, B211, B310, B311) and Doorbells (D110). Note: Not compatible with B200SE, CL200, CS201, T-series. Integrate your cameras and doorbells into a well-coordinated security network for advanced protection. Supports connection of up to 4 cameras.
- **No Hidden Costs & Large Capacity:** Noorio Hub offers 32GB of inbuilt storage, allowing you to save all critical footage without any additional cloud storage fees, providing ample space for all your security needs at zero monthly cost.
- **Privacy First:** The hub allows you to safely store recorded data in the comfort of your home. No third-party access, ensuring added peace of mind.
- **Expanded WiFi Coverage:** Our hub increases your WiFi coverage, providing a stable connection for your Noorio security cameras and reducing battery drain.
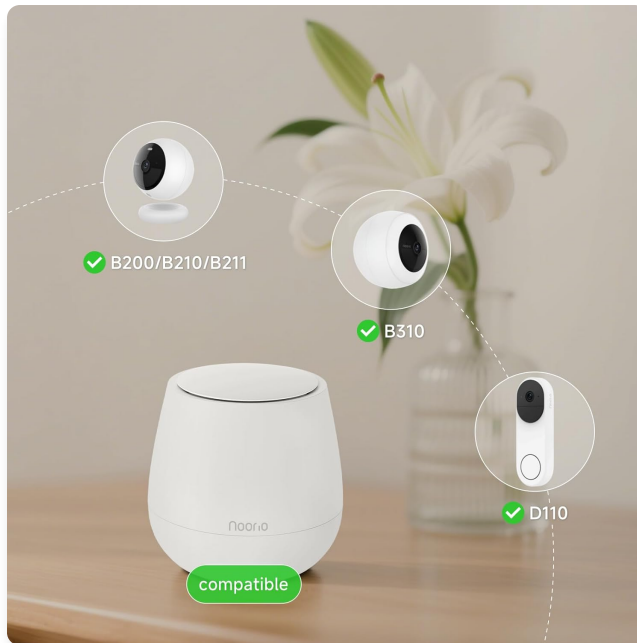

Compatibility

4. SETUP GUIDE

Follow these steps to set up your Noorio Hub and connect your devices:

1. **Power On:** Plug the Noorio Hub into a power outlet.

2. **Connect to Router:** Connect the Hub to your router using an Ethernet cable.

3. **Download App:** Download the Noorio app from your device's app store.

4. **Add Hub to Account:** Open the app and follow the on-screen instructions to add the Hub to your account.

5. **Add Cameras:** Once the Hub is connected, add your cameras to the app. During the camera setup process, select the Hub as the WiFi network. This will enable the Hub to seamlessly connect and

manage your cameras.

5. OPERATING INSTRUCTIONS

Local Storage Management

The Noorio Hub comes with 32GB of built-in local storage, eliminating the need for monthly cloud storage fees. All recorded footage is stored directly on the hub, ensuring your data remains private and secure within your home.

Image: A microchip with '32GB' indicating the hub's local storage capacity.

Expanded WiFi Coverage

The hub acts as a WiFi extender, providing a more stable and reliable connection for your Noorio security cameras. This helps reduce battery drain on your cameras by ensuring they have a strong signal.

Privacy Features

Your data is protected and stored locally, ensuring no third-party access to your recorded information. This design prioritizes your privacy and peace of mind.

6. MAINTENANCE

To ensure optimal performance of your Noorio Hub and connected devices, consider the following maintenance tips:

- **Power Supply:** Ensure the hub remains connected to a stable power source.
- **Network Connection:** Verify the Ethernet cable connection to your router is secure.
- **Device Charging:** For battery-powered Noorio devices, monitor battery levels via the app and recharge as needed. Consider using compatible solar panels (sold separately) to minimize manual recharging.
- **Software Updates:** Regularly check the Noorio app for firmware updates for the hub and connected devices to ensure you have the latest features and security enhancements.

7. TROUBLESHOOTING

If you encounter issues with your Noorio Hub, try the following common troubleshooting steps:

- **No Connection:** If the hub is offline, check the power supply and Ethernet cable connection. Restart the hub and your router.
- **Device Pairing Issues:** Ensure your devices are compatible with the hub (refer to compatibility section). Try resetting the device and re-pairing through the app.
- **Poor WiFi Signal:** Relocate the hub to a more central location or closer to devices experiencing weak signals.
- **Storage Full:** If storage is full, review and delete old footage from the app to free up space.

For persistent issues, please contact customer support.

8. SPECIFICATIONS

Product Dimensions	4.09 x 4.09 x 4.09 inches
Item Weight	1.25 pounds
Item Model Number	Smart Hub
Brand	Noorio
Color	White
Hardware Interface	USB
Special Feature	Powered
Compatible Devices	Digital Cameras

9. WARRANTY & SUPPORT

For technical assistance, warranty information, or any other inquiries, please contact Noorio Customer Service:

Phone: 800-642-5905 (9 AM - 6 PM ET, Business Day)

Email: support@nooriolife.com

You can also verify product authenticity by scanning the unique Transparency code on the packaging using the Transparency app for genuine Noorio products.
