Kärcher 6.296-170.0

Kärcher RM 500 Glass Cleaner Concentrate User Manual

Model: 6.296-170.0

Product Overview

The Kärcher RM 500 Limited Edition White Lily Glass Cleaner Concentrate is a highly effective solution for achieving streak-free cleaning results on all waterproof smooth surfaces. This 750 ml concentrate is specifically formulated to tackle stubborn dirt, including grease, insect residues, skin oils, and emissions, making it suitable for windows, mirrors, and other glass surfaces.

Setup and Preparation

This concentrate requires dilution before use. Follow these steps to prepare the cleaning solution:

1. **Dilution Ratio:** The recommended mixing ratio is 1:30.
2. **Preparation for Spray Bottle:** Add 6 caps (approximately 30 ml) of the glass cleaner concentrate into a spray bottle.
3. **Fill with Water:** Fill the remainder of the spray bottle with water.

Note: Store the concentrate in a frost-free location to maintain its effectiveness.

Operating Instructions

The Kärcher RM 500 Glass Cleaner Concentrate can be used with Kärcher Cordless Window Vacuum Cleaners or for manual cleaning.

Using with Kärcher Cordless Window Vacuum Cleaner (WV Series)

After preparing the solution as described in the 'Setup' section, apply the cleaning solution to the glass surface using the spray bottle. Use your Kärcher Window Vacuum to clean and dry the surface, ensuring a streak-free finish.

Image: A person demonstrating the use of a Kärcher Window Vac to clean a window, highlighting the product's compatibility.

Manual Cleaning

The diluted detergent is also suitable for manual cleaning. Spray the prepared solution directly onto the glass surface. Use a clean cloth or sponge to wipe and clean the surface. For best results, follow with a squeegee or a dry, lint-free cloth to remove excess liquid and prevent streaks.

Maintenance and Storage

To ensure the longevity and effectiveness of the Kärcher RM 500 Glass Cleaner Concentrate, store it in a location where it will not be exposed to frost. Keep the bottle tightly closed when not in use.

+50% FOR FREE
GLASREINIGER-KONZENTRAT
Zur streifenfreien Reinigung aller wasserfesten glatten Oberflächen. Entfernt auch hartnäckige Verschmutzungen wie Fettfilme, Insekten, Hautfette und Emissionen.
ANWENDUNG:
6 Verschlusskappen Glasreiniger Konzentrat in die Sprühflasche geben (30 ml, ca. 1:10 verdünnen) und mit Wasser auffüllen. Produkt ist auch hervorragend zur manuellen Verarbeitung geeignet.

Troubleshooting

If you encounter streaks or unsatisfactory cleaning results, consider the following:

- **Dilution Accuracy:** Ensure the concentrate has been diluted precisely according to the 1:30 ratio. Too much concentrate can lead to residue.
- **Water Quality:** Hard water can sometimes contribute to streaks. Consider using distilled or demineralized water for dilution if issues persist.
- **Cleaning Tools:** Ensure your cleaning cloths, sponges, or Kärcher Window Vac blades are clean and free of debris or old detergent residue.
- **Application Technique:** For manual cleaning, ensure even application and thorough removal of the solution. For window vacs, ensure proper suction and technique.

Specifications

Feature	Detail
Product Name	Kärcher RM 500 Glass Cleaner Concentrate
Model Number	6.296-170.0
Item Volume	750 Milliliters (25.36 Fluid Ounces)
Mixing Ratio	1:30 (Concentrate to Water)
Surface Recommendation	Glass
Product Dimensions	2.64 x 2.64 x 10.24 inches
Item Weight	1.74 Pounds
First Available Date	November 17, 2022
Barcode / GTIN	4054278978758
